**CONVALESCENTS BUILD UP ON PEPTO-MANGAN.**

Increases the Supply of Rich, Red Blood—Restores Strength and Vigor.

Physicians Recommend It.

Sold in Liquid and Tablet Form—The Name "Gude's" the Guide To Genuine Pepto-Mangan.

A serious illness such as influenza or other infectious diseases always leaves the body with low vitality, lack of strength, and impoverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery, for it creates a generous supply of rich, red blood and restores the body to its normal, healthy condition.

That's why physicians recommend Pepto-Mangan, for they know that it imparts to the blood the material so sorely needed by weak, run-down systems.

Pale, snallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich, red blood is created, which in turn imparts the glow of health to the cheeks, increases the appetite, the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.—Adv.
