CHARTER OF THE RIVERSIDE LUMBER COMPANY, INCORPORATED.

Be it known, That on this fourteenth (14th) day of the month of January, in the year of our Lord, One Thousand Nine Hundred and Twenty, before me, Arthur L. SAVINGS SERMONETTE

Number Nineteen

THE RIGHT START

A young man who starts his business career and his savings account at the same time, starts right. He undoubtedly has hopes of being "his own boss" some day; and to do this he has two things to do—he must learn his business thoroughly and save up his capital at the same time. If he will commence his account early in life and deposit regularly thereafter, his money will be increasing of itself and at the same time take care of his time to look after it; and when he is ready to start for himself his own savings account will furnish the capital.
The difficulty is not so much in getting a start as in resolving to start and adhere manfully to the resolution. Too many young men have not the patience—the self-denial—the disposition to sow and wait for the harvest. They lack the courage to make the start—to come down to hard-pan—to live within their means. Let every young man remember that for every dollar he saves now he will have \$30.00 in his pocket when he reaches 75 years.
