

COTTON PLUS FRUIT PLUS TRUCK

Nineteen twenty will be the greatest year of the great South! With the American Cotton Association's plans fairly under way, there will be such a wave of business, of prosperity, as has never even been dreamed of for the Southern farmer, the merchant, the banker.

The day of cotton is at hand! No longer will the cotton farmer feed himself out of the supply man's tin cans and pork barrel, until at the end of the year he owes the crop.

Instead, according to the American Cotton Association's plans, he

will grow better cotton on less acreage, and on the rest of his farm he will raise his own fruit, his own vegetables, his own meat. Then, when his cotton is picked and baled he will store it in the system of warehouses advocated by the American Cotton Association and sell it at a fair price.

This bank stands for that kind of farming—because that kind of farmers will have money to put into the bank at the end of the year.

The Southern farmer who grows cotton and food and feed is the farmer who will have a bank account this year!

ST. PAUL DEFEATS COVINGTON HIGH SCHOOL.

It seems that the St. Paul boys are after the championship. Wednesday they defeated the Covington High quintette in a very interesting game. The first half was fast and clean, while the second half though

rougher, was very good too. The score at the end was 17 to 10 in St. Paul's favor.

INFLUENZA AND WEAK BLOOD.

Run Down and Listless Condition May Make You a Target For the "Flu."

Because Blood is Probably Thin.

At This Time of Danger, Take Pepto-Mangan—It Builds Rich Red Blood.

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza.

Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from the fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years.

Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package.—Adv.
