KODAK

SNAP-SHOTS at the time—that's fun. And then the pictures, themselves. Mary gathering courage to dive (she never did), Pete, as amateur chef at the shore dinner, the youngsters building forts in the sand—such pictures will always make it seem as if all happened "just yesterday."

We have just the Kodak you want and there are several little photographic helps that we would like to show you as well—the Kodak Self-Timer, for example, that presses the button for you and keeps the group complete.
