Your TURKEY will taste better in a handsomely furnished Dining Room.

Mrs. Guest-Lover: You will soon be "giving" many dinners. Scrutinize your dining room furniture and ask yourself if it suits you. If not, NOW is the time to come in and buy a new dining room set. Be sure and have plenty of chairs "to match"—because chairs "from all over the house" won't look nice at your dinner table; yet you can use dining room chairs in any other room. Looking at our furniture means BUYING it—because our PRICES are right. Our Furniture FURNISHES.

Yours respectfully,

COLUMBIA COACH IS VETERAN IN ROWING

James C. Rice Has Been in Game for 35 Years.

First Pupils Were Members of Sunnyside Boat Club of Toronto—Has Trained Many Champion Oarsmen, Including Durnan.

James C. Rice, coach of the Columbia crews, has been in the rowing game 35 years. He began his competitive career in 1885, while still in his 'teens. From 1885 until 1904 he competed in all the national regattas held in Canada, as well as many in the States, and was a consistent winner.

As early as 1892 Rice took up coaching along with his racing. His first pupils were the members of the Sunnyside Boat Club of Toronto, Canada. In 1898 he went to the Toronto Rowing Club and the following year was signed by the Argonaut club, one of the biggest rowing clubs in Canada. He remained with the latter organization four years, during which time he enjoyed unusual success.

In 1898 he received a call from the Brockville club of Canada. The Detroit Boat Club, one of the most prominent in the country, then secured Rice's services. This was the first American crew the veteran coached. He was with the Detroit outfit until 1904, when he got his first chance to coach an American college navy.

Harvard university was the institution that sent for Rice and in his two years there he succeeded so well that Columbia, seeking a capable man to put its rowing affairs in shape, coaxed the veteran Canadian from the Crimston. Rice has been with the New Yorkers ever since.

Among Rice's most notable victories while in competition was his winning

of the world's double championship in company with Jake Gaudaur, over Ed Durnan and James Rodgers, two of the greatest scullers of all time. In addition to his coaching activities, Rice has trained many of the champion oarsmen, including Durnan.

HOGS PAY BIG MONEY

Mr. Pete Wing, of Hawk Point, Mo., made a lot of money out of his hogs. He says: "I fed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 21-2 pounds daily, and were only seven months old, when sold."

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what ailment is prevalent among your stock or poultry, it is money in your pocket to get the proper Dr. LeGear Remedy from your dealer, on a satisfaction or money back offer.—Advertisement.

About 80 Akron Boy Scouts who traveled via motorcade to Roosevelt's home at Oyster Bay, in July, carried their own band of 40 pieces. They were routed over the Lincoln Highway in pneumatic tired trucks and after three days camp at Bear Mountain, in New York, the national boy scout camp, they returned thru Central New York, stopping at Niagara Falls. The commissary truck was equipped with six wheels, the

unusual design being developed by engineers of the Goodyear Tire & Rubber Company.

In all of the races at Havana, last April, world-famed drivers drove their racers to victory on Goodyear straight-side cord tires. Every driver who won in every race had Goodyear shod equipment on his car. Among the drivers were Ralph De Palma, Tommy Milton, Ira Vail, Louis Chevrolet, Jos. Boyer Jr.

LOUISIANA WILL EXHIBIT AT THE INTERNATIONAL STOCK SHOW.

Louisiana is to be represented at the International Live Stock and Hay and Grain Show to be held in Chicago, Ill., from November 27 to December 4, inclusive, by a comprehensive agricultural crop display. A. A. Ormsby, in charge of the exhibit work of the State University on the State Department of Agriculture, will collect additional exhibit material, to be shipped from Louisiana to Chicago. Mr. Ormsby has also selected all of the first and second premium agricultural displays from the various parish exhibits at the Louisiana State Fair, and will enter them for premiums at the big Chicago exposition. He will have charge and accompany the material from Shreveport to Chicago. Judging from the splendid exhibitions made by Louisiana parishes at the State Fair, Mr. Ormsby states that Louisiana products will certainly make a splendid showing at Chicago in competition with the large number of northern and eastern states there.
