### LETTER FROM A COVINGTON DOWN IN CUBA.

(Continued from page 1)

To have farms it is absolutely imperative that the irrigated lands always produce about one-third more than the unirrigated.

I always have thought, and still think that our people of St. Tammany have not as yet given much thought to agriculture. We must have more of our young men on the farms and less in the dry goods stores, and behind soda water counters. The simple fact that during the world war practically all the fighting countries looked to the farmers of the United States for their support, shows that there is nothing menial about the work. It is an honor for anybody to work the soil that God put there for that purpose, and the sooner some people get it out of their heads that it was meant only for the illiterate class and the negroes, so much sooner we will raise our heads to the zenith of farming and get a glimpse of the treasures it has in

### DUMB DOBIN DONT DODGE DENTIST.

Dr. A. A. Giest, St. Paul veterinarian, says that Old Dobbin does not feel the pain at tooth extraction as does a human being. In fact, that it is virtually painless—and which the picture shows as Old Prince loses a big molar.

# DO YOU REALIZE

That \$5.00 placed on interest at 4 per cent each week for only four years amounts to almost \$1100?

Is it not worth while to make the sacrifice? Four years will roll around before you know it.

If you make the start your chances are assured if you only stay with it.

store for us. Without this, we will never know the joys of it all.

To have farms it is absolutely imperative that we have managers. Where will we get these managers? Shall we have to leave the parish to get them? Heaven forbid. But a manager cannot be made in a day. He must take the work from the bottom up. So the only solution is for the young men to begin at once to learn the business so that when the day comes when one shall see dotted on the map of St. Tammany parish all kinds of farms and cattle corrals, we may look at the history of the same farms and find that the working force, from the manager down, are men from OUR country, working for OUR country, with OUR country, and for the good of OUR country.

Well, you must excuse my long sermon on agriculture because when I get started I never know when to stop.

Kindly convey to all my friends in Covington my best wishes, and accept for yourself the best regards of  
Your friend,  
WM. H. WARNER.

NOTICE TO FARMERS AND BUSINESS MEN.

A meeting of the farmers and business men will be held at the Community Hall, in Slidell, at 11 o'clock a. m., Saturday before Easter Sunday, March 26th, to consider plans for curing, storing and marketing sweet potatoes, also for standardizing syrup grown in this section. This is an important meeting and every farmer, both white and colored, is urged to be present.

Yesterday, Good Friday, fishing and picnic parties could be seen in every direction. The day was ideal and enjoyed by all.

### Twins Strangely Linked.

Albert Grierson and Walter Grierson, St. Louis twins, were members of the same company, and each wore a small diamond ring and a watch and chain in France. Albert lost the stone of his ring and a few days later Walter lost his watch and chain and soon afterward Walter's disappeared. Then Albert was wounded and Walter followed suit. And now they intend to marry twin sisters, Geraldine and Blendine Smalley of Sheldon, Ill.—Indianapolis News.

### All Depends.

"Can you support my daughter in the style she's been accustomed to?" asked the father of the young man who sought his daughter in marriage.

"Well," replied the young man thoughtfully, "is she strong for a \$500 baby grand piano or a \$5 talking machine?"

### A Good Wish.

Candidate—Election day is also my birthday.

Friend—Good! I hope you will have many happy returns.
