BEFORE WE WILL ALLOW A PIECE OF MERCHANDISE TO GO ON SALE WE MUST KNOW THAT IT POSSESSES "QUALITY." ON THIS FIRM FOUNDATION WE HAVE BUILT OUR BUSINESS AND REPUTATION.

NEXT WE LOOK AFTER "STYLE." THE STYLE MUST ALSO BE RIGHT BEFORE WE PLACE A GARMENT OR ANY ARTICLE ON SALE.

THE "PRICE" IS A THING WE OURSELVES MAKE AND WE MAKE IT AS LOW AS OUR CORRECT STYLES AND HIGH QUALITY WILL ALLOW.

QUALITY-STYLE-PRICE--THESE ARE THE THREE THINGS WE COUNT ON TO GET YOUR BUSINESS.

### IN MEMORY OF MRS. ADELINE COOPER.

Mrs. Adeline Cooper died March 25, 1921, aged 79 years, after a brief illness. She was born and reared at Abita Springs. Her father, Daniel Davis, was one of the first settlers of St. Tammany parish. He came to Covington from Hurwick, Pa. Later he settled at Abita Springs. He married Miss Adeline M. Davis in 1871. They reared two sons and four daughters, but death in its awful wrath and mysterious vengeance caused shadows to fall in this home as one son and two daughters were taken in the springtime of their youth. A few years ago the father and husband were taken. Mrs. Cooper will be missed by many, for before her declining years it was only natural to see her in her sweet gentle way, which was her characteristic, in the home of sickness and sorrow. She leaves one son and two daughters, Paul, Daisy and Virginia, two brothers and two sisters, many near relatives and friends.

The one that a mother's love has been lifted away from mortal sight and feeling, the "shadows" was greater than before and when you think you cannot bear it try to remember that they are "shadows" that will pass away and reveal the sunshine some day. Waiting dear one in the shadows 'till our cloud shall pass away, praying God to give you patience for each hour for each day—and to you will come some day God's own peace and it will fill all your lives while you are waiting, waiting in the shadows still.

A FRIEND.

### METHODIST CHURCH NOTES.

Our second quarterly conference was held Friday evening of last week at Mandeville. The attendance was good, reports excellent. Our Presiding Elder gave a fine sermon and everybody was pleased. The meetings were held at Slidell with the pastor and with Rev. Selfe was pronounced a great success. It was one of the best revivals of real New Testament christianity we have witnessed for several years. The great christian education movement of our church is making wonderful progress.

Our new church building is coming along nicely, and we would greatly appreciate it if all who have subscribed for this new building would settle with Mr. Robt. H. Dutsch, at the Covington Bank.

Next Sunday is our regular preaching day at Covington, and while we are at present conducting a revival at Bogalusa, some one will be at Covington for us Sunday.

We assisted in the funeral of Mr. Blunt's little boy Thursday of last week. He was a good boy and the family have our heartfelt sympathy.

LEE R. SPARKS, Pastor.

### REPORT OF PUBLIC HEALTH NURSE FOR APRIL.

(Continued from page 1)  
same day. It was very interesting to note the close co-relation of physical and mental standards. In almost every instance those who fell low in the school tests were those physically defective, and all those making high grades were children without the handicap of bad throats, eyes, teeth, or ill health.

Have been visited by five parents who have children in the country schools. It is most gratifying to see the interest these people are taking in our school work, and the co-operation they are willing to give.

Parish Superintendent Lyon procured from the State Board of Health three sets of splendid posters, gotten out by the United States Public Health Service, one for girls, one for boys, and one for colored people. At his request I gave a talk to the high school girls in each of the high schools, with an exhibit of these posters. One of the doctors will talk to the boys.

Have continued the talks to the lower grades of the two high schools, my class in home hygiene and the two nutrition classes.

The health posters are beginning to come in from the schools and show much interest and thought on the part of the children.

Two children with scabies and one with pediculosis, in the Covington school, have been followed up in the homes and cured affected.

Plans have been made to have two eye specialists from New Orleans hold clinics in Slidell, May 16th, and Covington, May 17th. This will be free treatment and advice, and will be a wonderful opportunity for children with defective eyes, of which there are nearly three hundred in the parish. The children are urged to attend the clinic nearest to them, and special notices have been sent to parents of children with defective eyes.

School Improvement Leagues of both Slidell and Covington have generously agreed to meet the expenses of the doctors during their visits.

There has been quite an epidemic of measles and whoopingcough, in Slidell and Covington, in spite of all that could be done at school by excluding suspicious cases. The teachers co-operated nicely in this, but many children were exposed elsewhere, and a few have been seriously ill. In several families the father and mother were sick as well, and financial aid necessary to tide them over until the father could be at work. Two of these were given baskets of food by the King's Daughters, who, I find, are ever ready to come forward with assistance for cases like these.

Two other social service cases have been helped through the chapter with donations of clothing. A supply of linen was loaned one case, a rolling chair another, and a nurse procured for one. A widow with three small children, was reported sick and in want. After investigation, reported case to her priest, who went to see her, and to the Daughters of Isabella, who supplied a basket of food. The doctor advised that she go to the hospital for an operation. This was arranged for.

On the 16th the Town Marshal reported the case of a negro woman very ill. She had no relatives here, and the colored people with whom she lived, did not want her to stay any longer. She was unable to walk

and in a deplorable condition. Got one of the doctors to make a call upon her, and made arrangements for her to be sent to the hospital. The chapter bore the expense of her transportation to the depot, of her ticket to New Orleans, and also a ticket both ways of the person to accompany her. Arrangements were made for the ambulance to meet her at the train, a letter written to her sister in New Orleans, and the facts of the case reported to the social worker at the hospital.

Have looked up and helped straighten out the affairs of two ex-service men in Slidell, and found and reported upon three tuberculosis cases there, at request of the State Board of Health.

Attended meeting of City Board of Health here when a "Clean Up" week was discussed. Also attended one afternoon session of the Sixth District Convention, Women's Federated Clubs, where school work was discussed, and I was asked to tell something of the work we are doing in the schools

here. It was most heartily endorsed by the ladies present. They plan to encourage the same work in their parishes, and also help getting more nurses in training and in public health work.

### ANNA ELAINE MARTIN.

Died April 30, 1921, at 5 a. m., Anna Elaine Martin, infant daughter of Mr. and Mrs. W. P. Martin, aged 2 months and 12 days.

Fragrant and fragile the blossoms of springtime,

Which gladden the earth after winter's sad reign;  
How fair was the world when you came with the flowers—  
Our lily-white darling, our Anna Elaine.

God who gave you has taken you back to his garden,  
To bloom, safe from shadow of sorrow and pain;

Tho' aching our hearts and our arms to unfold you,  
To his love we can trust you, our Anna Elaine.

Mrs. J. C. Cappel has returned from Baton Rouge after a visit of several days to her mother, Mrs. Brooks.

### IN MEMORY OF MRS. W. WELSH, DEED MAY 8, 1919.

The one we loved so dear,  
Her voice we no more hear;  
Dark and lonely is our home  
Since dear sister from us has gone.  
But the Lord hath called her  
To sleep in Heaven and be at rest.  
The flowers we place upon her grave  
Have quickly fallen apart,  
But you will live, dear sister,  
Forever in our hearts.  
Gone but not forgotten.  
MOTHER AND SISTER.

### RED CROSS FEEDING PRISONERS HELD IN MOSCOW.

Washington, May 5.—Americans held prisoner in Moscow by the Soviet Government are being fed through the efforts of the American Red Cross. The food is being sent in through the various courier services that have been inaugurated between Baltic ports and Moscow by Latvian and Esthonian agencies.

Col. Edward W. Ryan, of Scranton, Pa., American Red Cross Commissioner to the Baltic States, has notified National Headquarters here that food has been forwarded to the American captives in Moscow for several months and that it is believed the greater part of it reaches the men and women to whom it is consigned. In certain instances receipts for this food have been received by Col. Ryan apparently bearing the signature of Capt. Emmett Kilpatrick, former American Red Cross relief worker, who is said to be serving a twenty-year prison sentence imposed by the Soviet authorities. From other sources also it is learned that Red Cross parcels seem to be reaching the addressees. In addition to food, clothing and other necessities have been forwarded to Moscow by the Red Cross.

WOMAN'S PART IN MAN'S SUCCESS—Often the strongest impulse to save comes from the woman of the household.

Every man should consider himself fortunate who has a wife or mother who helps him save money.

The important part about saving is not the amount of money you set aside each week. The essential thing is the firm decision to save a definite regular sum, no matter how small it may be.

Even \$1.00, saved regularly each week, will make your savings grow amazingly.

THIS BANK WILL HELP YOU TO SAVE BY ADDING FOUR PER CENT INTEREST SUBJECT TO THE USUAL REGULATIONS.
