# Fordson TRACTOR

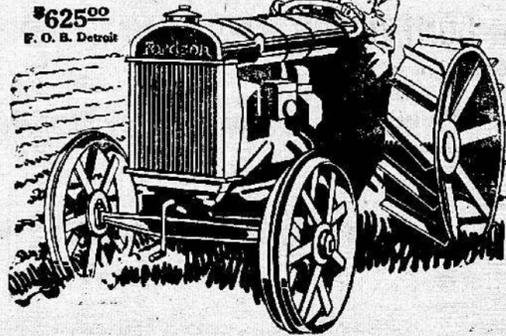

Do More  
in a Day  
Do It Better

One man with a FORDSON TRACTOR can do more work easier and with less expense than two men can do with horses. This means that you with a FORDSON TRACTOR can actually raise more crops, with less work and less expense. And this means that your profits will be greater with fewer hours of work.

Besides the FORDSON will take care of every power job on the farm. It is light, alert, flexible in control and operation, yet it has power and endurance to spare.

You should see the FORDSON at work to appreciate its wonderful capabilities. We will gladly give you the proofs if you will ask for them, either by a personal call, phone or post card.

I ought to know  
I grow tobacco

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.

"HE WHO LOOKS BEFORE HE LEAPS BUILDS OF CYPRESS AND BUILDS FOR KEEPS."

# BUY THE GRADE THAT FITS THE JOB

You'll get a pleasant surprise when you find that for a lot of the odd jobs of repairs or replacement around the farm the lower grades of CYPRESS ("the Wood Eternal") are not only "good enough," but exactly the right thing. Getting the appropriate grade for the given purpose is half the skill of buying. (Economical, too.) The other half, of course, is insisting on "Cypress, of course."

It has been truly said that "it's the repair bills that eat the holes in the bank account." It is equally true that "using Cypress mends the rip in a leaky purse."

Use Cypress and yours will never look like this.

If it's built of Cypress at first this would need no repairs now.

# "Build of Cypress & You Build But Once"

"The Wood Eternal" is your "one best bet." Cypress grows in "your own back yard" and can be had on demand in your own lumber yard.

Buy the grade that fits the job. Why pay for high grades where lower grades are more appropriate—and cheaper? But be sure to insist on

"TIDE WATER"  
CYPRESS  
"THE WOOD ETERNAL"

Because it lasts practically forever—if you get the true "tide water" variety—and therefore means double money's-worth of lumber.

Write us for list of FREE PLANS for farm buildings—but in the meantime insist on "CYPRESS and no substitutes" from your local lumber dealer—no matter for what purpose you buy.

Address  
SOUTHERN CYPRESS  
Manufacturers' Association  
227 Perdido Bldg., New Orleans, La.,

Insist on "tide water" Cypress—you can identify it by this mark.

YOUR LOCAL DEALER WILL SUPPLY YOU. IF HE HASN'T ENOUGH CYPRESS LET US KNOW AT ONCE.
