

BECAUSE you carry a policy of insurance does not always mean that you are insured. You must read your policy carefully and ascertain that the company which issued the policy is a solvent one. Few people do this, and that is why we try as far as is humanly possible to write your policy carefully, and in first class companies.

Play these selections
when you feel blue, tired, nervous, mean—

Now—at last—you can use the marvelous power of music in a practical way. Noted psychologists have just completed, for Mr. Edison, a two-year research into the effects of music. They discovered that certain selections,—when RE-CREATED by the New Edison, the perfect instrumentality of music,—actually change people's moods. Some are wonderful for soothing ragged nerves. Others supply more energy. Still others bring cheerfulness. This better, finer kind of music—

Mr. Edison's MOOD MUSIC

is fully explained in a fascinating 32 page book, "Mood Music."
Send or bring the coupon at once for your free copy. Look over the lists which the psychologists have prepared. See which selections are recommended for each unpleasant mood. Then read the story of the research, and know what music can be made to do for you.
