Put some of your pay in our Bank some day it will work for you.

Who gets your spare money?

What is the use of working for money unless you BANK a part of it so that it will some day work for you? He who spends ALL has nothing; he who BANKS a part of his earnings regularly MUST prosper.

That's arithmetic.

Let our bank have your spare money on deposit. Money piles up fast if you leave it in the bank and keep on adding to it.

Try it. It PAYS.

We invite your banking business.

CALOMEL USERS TAKE AWFUL SICK
Very Next Dose of Treacherous Drug May Start Terrible Salivation.
The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tonic which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate—Advertisement.
