

BIG SILO AND READY-CUT HOMES FACTORY

CAPITALIZED **\$300,000.00**

To Be Erected at Hammond, Louisiana

TO HELP TAKE CARE of the ever increasing demand for ready cut houses and silos, a few men, with keen business judgment, have planned a profitable business that will be a money-maker for the stock owners and furnish needed products at a great saving.

HOMES—THESE ARE WHAT THE PEOPLE WANT—Never before in the last decade has there ever been such a really urgent demand for homes at moderate prices. Six years of war-effect has almost but stopped the Nation's Building, and now comes the Nation-Wide movement to build homes; and to ebb the tide of popular demand the lumber mills and factories must concentrate their efforts. "Give Us Homes At Moderate Cost" is the World-Wide Cry felt by princes of industry as well as the layman. We have heard this call, realized the necessity, figured the profits, and now we are rushing plans for the quick erection of a Modern, Up-To-Date Ready Cut Homes Factory.

GREAT DEMAND FOR SILOS—The farmer is just beginning to realize the great advantage of a silo, and with governmental education on these lines the demand is increasing in rapid strides.

COONS SILO AND LUMBER CO.—The Coons Silo & Lumber Company owns U. S. patents on the Coons Silos, which have been perfected and have proven their worth. They now number around 1,200 and are doing service in twenty States. We have orders for more silos than we can possibly make the first year. Jobbers have already been procured to handle our silos throughout the different districts of the United States. Coons Silo and Lumber Company, Inc., is captained by men whose past business records offer assurance of success to any enterprise they might undertake. Each Officer and man will fill the place for which he is best fitted. Mr. A. O. Coons, President and General Manager, is inventor and patentee of the Coons Silos and has spent over ten years in the study, manufacture and marketing of ready-cut homes, tanks, silos and associated products. He is surrounded by a directorate of local business men and bankers, making up a management that cannot be equaled.

OFFICERS AND DIRECTORS.

O. A. COONS, Hammond, La., President and Gen. Mgr., inventor and patentee of Coons Triple Wall Silo and Coons Single Wall Silo. Practical manufacturer and marketer.
 W. S. ROWND, Hammond, La., Vice-President, Ex-State Representative, Ex-District Judge, Lawyer.

 R. D. FELLOWS, Hammond, La., Director of Coons Silo & Lumber Company. Druggist.
 J. S. McCLAIN, Hammond, Director Sales and Advertising. Practical organizer "McClaine System."

AN INVESTMENT OPPORTUNITY—This Company is offering for sale a small issue of its stock, at par, which holds forth to an investor a safe and sound proposition, bearing a specified guaranteed dividend, as a minimum, and at the same time offering possibilities of returns far in excess of the general run of commercial industries. The Company is offering this stock in units of twenty-five (\$25) two shares of Cumulative Preferred, bearing 10 per cent par value ten dollars (\$10), and one share of Common, par value five dollars (\$5).

A demand has been created for our products, markets have been established, and orders are waiting to be filled. Become a stockholder in this company which is going to supply necessities.

Subscribe for as many units as possible while you can get this stock at par value, and let your money work for you. Sign application and mail check to office to-day, for to-morrow you may pay more.

A DOLLAR WISELY INVESTED IS WORTH TWO DOLLARS SAVED. MAKE THAT IDLE DOLLAR WORK.

LIMITED ARMAMENTS AND LIMITLESS PROGRESS

History has taught that Peace not War brings happiness. It is to be hoped that this knowledge will be reflected clearly in the Disarmament Conference at Washington, November 11th, that the world's wealth may be conserved for the world's prosperity.

As with nations, so with men—success comes through ability to recognize and plan for the best in life.

Whatever the results of the Disarmament Conference, a conference in the home now may well decree a bank account for every member in the family—a bank account at

WEAK BLOOD IS A REAL BARRIER

Growing Children Often Need Gude's Pepto-Mangan.

It saps their strength. They lapse into careless, desultory habits, or develop a shrinking attitude. Their faces look pinched. The blood becomes overtaxed by too rapid growth; and poisons from the system take the place of strength giving red corpuscles in the blood. Red corpuscles are those little red particles that swim in blood and give it its color. Gradually that child loses interest in its play. Poor blood needs the building that the iron in Gude's Pepto-Mangan gives to weakened blood. Gude's Pepto-Mangan enriches the blood by increasing the number of red corpuscles, and restores the blood by driving out the poisons. When the revived blood gets to work, the appetite becomes what a growing child's should be. Your druggist has Gude's Pepto-Mangan in liquid and tablet form. The name "Gude's Pepto-Mangan" is on every package.

CALOMEL SALIVATES EVEN WHEN CAREFUL.

Treachorous Drug Can Not Be Trusted and the Next Dose May Start Trouble.

Calomel is dangerous. It may salivate you and make you suffer fearfully from soreness of gums, tenderness of jaws and teeth, swollen tongue, and excessive saliva dribbling from the mouth. Don't trust calomel. It is mercury; quicksilver. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your

money. If you take calomel today, you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.—Advertisement.
