ASSOCIATION OF COMMERCE GIVE DINNER MONDAY

Great Interest Is Keen In Get-Together For Greater This

PROMINENT SPEAKERS WILL ATTEND DINNER

Louis S. Goldstein, W. H. Sullivan, W. H. Harty, Mayor Carr

Great interest is taken in the Get-Together Dinner of the Association of Commerce to be held at Cotlor's Monday evening. The coming year is to be one of the most competitive in business. This means, also, that those who expect to advance and prosper must do things out of the ordinary to keep in line with other cities. The business men of Covington realize that in this day of co-operative effort, individual interest must be put aside and a fielder his operations. This can only be secured by the growth of his town. No town can grow without the effort made to make it grow. It is up to the business men of the Association of Commerce in their effort. It must be composed of the most energetic and capable men of the community, in order to get the best results. We believe this is fully realized.

The speakers will be Louis S. Goldstein, a well known worker of New Orleans and a remarkably interesting talker. His loaded with the things that every community should be impressed with; W. H. Sullivan of Bogalusa the builder of a city of 15,000 population and a man whom we all know; W. H. Harty of Hammond, a business man whose great success entitles him to speak with authority on subjects we are all interested in; as since we have printed our editorial page, it is announced that Mayor Carr of Hammond will also be with us, adding another important speaker to the fine list presented. It is stated, also, that Hammond will have a delegation in attendance at the dinner.

AN OPEN LETTER TO PRESIDENT MARKHAM OF THE I. C.

The following is an open letter from President G. H. Markham of the Illinois Central System to Wm. H. Johnston, president of the Interstate Association of Merchants:

I addressed a letter on December 20 to the employees of the Illinois Central System giving attention to the campaign of misrepresentation and abuse which is being carried on by spokesmen of certain labor unions to discredit the managements of the railroads in the eyes of the public. You have written to me an open letter regaling my letter to our employees in which you make statements that tend to a most glaring example of the kind of misrepresentation of the railroads to which I called attention.

You seize upon statistics of the tentative valuations placed by the Interstate Commerce Commission upon twenty-four railroads, practically all of which are small and unimportant, and set them in a way that is adapted entirely to mislead railway employees and the public concerning the facts as to the valuation of the railroads made by the Interstate Commerce Commission. The statistics to which you refer were given by Glenn E. Plumb, author of the Plumb plan to a committee of the House of Representatives on December 14. You say these figures show an average valuation per mile of track for these twenty-four railroads of \$32.77. Then, applying this figure to the 265,000 miles of line of all the railroads of the United States, you arrive at an estimated value for all the railroads of \$8,610,000,000, which is \$10,290,000,000 less than the tentative valuation of \$18,900,000,000 fixed by the Interstate Commerce Commission in 1920 for rate-making purposes.

The merest amateur in railway matters can see at a glance that your method of using your own figures is entirely erroneous. Since you use the miles of track in arriving at your estimated value per mile, of course you should also have used miles of track, instead of miles of line, in making your estimate of the value of all the railroads. The two things are not the same. A railroad may have two, or three, or four, or even more tracks for each mile of line. The railroads of the United States have approximately 405,000 miles of track and only 265 miles of line.

MR. WILKINSON OUTLINES CROP PLAN FOR ST. TAMMANY

A Man Whose Experience Is Valuable in Working Out Farm Problems

FIELD CROPS AND ACRE GARDEN

Syrup Must Be Standardized and Put in Marketable Cans

Mr. Wilkinson has recently made a round of St. Tammany parish and has studied conditions here in order to become acquainted, personally, with the farm conditions with which we have to contend. He advised recently that the farmers here were not financially able to enter into the Farm Bureau plans of the U. S. Department of Agriculture, at this time. He believes that the way to a good farm agent would lay the foundation for early adoption of co-operative measures that would greatly stimulate agriculture in St. Tammany parish.

Below will be found a letter in which he gives advice as to crops that should be planted.

FARM PLAN FOR 1922.

1. A one-acre vegetable garden so as to provide ample supply of vegetables the year round, and at the same time, make the soil richer by growing cowpeas or velvet beans and turn some under on at least half the garden once a year.
 2. A field crop plan to produce abundant food for all animals kept on the farm, and, in addition to the food supply from the garden, provide for Irish and sweet potatoes, cane syrup and peanuts to satisfy the family throughout the year and then have some of each to sell. The syrup must be standardized and put in marketable cans and sweet potatoes cured in order to find a profitable market for either. Corn, oats, velvet and soy beans, and lespedeza should be the chief feed crops, in addition to sweet potatoes and peanuts.
 3. Hogs enough to supply meat and lard and dairy cows to furnish milk and butter.
 4. A small family orchard arranged so as to give fruit as nearly as possible all year. The appetites of children cannot be well satisfied without fruit.
 5. Two or three acres in cotton, fertilized, cultivated and well-weeded controlled so as to make at least one bale to the acre.
 6. Truck-crop plan arranged to grow yearly 5 different kinds of crops best suited to your community sufficient to produce truck in car lots. Successful trucking requires that truck be co-operatively produced and shipped.
- It will be necessary to have a good county agent to assist in carrying out such a plan as suggested above.

CASERTA'S NEW GAS STATION.

We have just installed a new gasoline pump and service station at our garage, better to supply your needs in this line. The pump is the latest type Bowser pump, guaranteed to give full measure. We will be pleased to serve you.—Adv.

NOTICE.

Several months ago a committee was appointed by the Women's Progressive Union to co-operate with the Association of Commerce in an effort to improve the quality and size of bread. All the bakeries were asked to do better, and the Women's Progressive Union wishes to extend their thanks to the Peoples' Bakery for the improvement in the bread made by them, and the increased size of loaf. It is hoped that the other bakeries will do likewise.

SLIDELL LETTER GIVES NEWS OF WEEK

By Staff Correspondent.

Slidell, Jan. 5.—Monday night the Slidell Civic League presented a "Womanless Wedding" at the Community House. A large number attended, and, as usual, enjoyed the farce hugely.

E. S. Jemison made a charming bride and F. C. Coney took the role of bridegroom, Howard Taylor officiating.

This form of entertainment is quite successful and never fails to produce a riot of fun. Practically all of the "ladies" were well known men of Slidell and looked particularly fetching in their regalia. Some one remarked that it is a pity that some of the men are not women as they took their parts so well.

Homestead Association Moves Its Offices.

The Slidell Savings & Homestead Association has removed its offices from the Bank Building to the Carroll Building. The business of the Association shows a healthy growth and is looking forward to greatly increased business during the year, having a big demand for desirable loans.

DOCTORS WILL GIVE DINNER DEC. 12TH

The organization of a Tri-Parish Medical Society was discussed and adopted at the last meeting of the St. Tammany Parish Medical Society. Preparations have been made for a dinner on the occasion of entering in this new organization, which will include physicians of St. Tammany, Washington and Tangipalooa parishes, and the occasion is expected to be one of the most enjoyable of the very entertaining dinners given by the St. Tammany Society. It will be given Thursday, January 12th.

The following letter is being sent out:

Dear Doctor:—At a recent meeting of the St. Tammany Parish Medical Society held at Covington, said meeting, attended by some twenty odd physicians, among them Dr. Lester Williams of Baton Rouge, our District Councilor, and Dr. Homer Dupuy, ex-President State Medical and at this time Councilor at Large, it was decided that we would invite Tangipalooa parish and Washington parish physicians to join us in the formation of a Tri-Parish Medical Society. Therefore, we take pleasure in extending you an invitation to come to Covington Thursday night, 7:30, January 12th, for the purpose as above set forth. The St. Tammany Parish Medical Society will try to have something to please the inner man for you, when we have finished our labor in perfecting this organization. Kindly let us hear from you in regard to this proposition and we want you to be with us, but if you can't be with us let us have your sentiment in regard to the organization and your assurance of co-operation. We suggest that you drop us a card a day or so before the meeting indicating your ability or inability to be with us. We will need this card in order to be sure to get your names in the "pot."

Yours very fraternally,
H. D. BULLOCH,
Secretary and Treasurer.

STARTING IN WORK OF COVINGTON STREET IMPROVEMENT.

It is planned by the Covington town council to begin the street improvement and work was started on Boston street, between New Hampshire and Vermont streets. That block was plowed up by machinery so as to make a binding surface for the shells and an even and equally solid foundation. The machine is doing excellent and rapid work, and indications are that the work contemplated will be accomplished in short order and satisfactorily. This improvement will be greatly appreciated by the traveling public, both at home and visiting.

HON. CLAY ELLIOTT.

Hon. Clay Elliott was in Covington, Friday, visiting his many friends and looking over old stamping grounds. Mr. Elliott is a native of St. Tammany parish, familiar with its history and well known to its people. He was at one time Mayor of Covington.

While Mr. Elliott has made no official announcement, it is said that he will be a candidate for Judge of the Court of Appeal, first circuit, third district. He is a resident of Amite, La., being established there as an attorney-at-law, and has been prominent in civic and other affairs.

MADISONVILLE LETTER TELLS WHAT TOWN IS DOING

Work in Progress on Park and Play Grounds at Riverside Pavilion

ROAD TO BEACH ASSUMING SHAPE

Basketball, Planning For Dances, Whispers, and Social Items.

By Staff Correspondent

Madisonville, Jan. 5.—In conformity with the much-adhered-to old custom of turning over a new leaf at the beginning of each year, a banner program has been drawn up, with renewed activities, its initiative modified in construction, renovation and real estate transfers, and was given a brisk push forward when the announcement was made that the deal was closed with the Jahncke Realty Company for \$32,050, by the town, for the Riverside Pavilion and adjoining six lots, the latter a setting for a park and playground. Repair work is already in progress on the Riverside Pier.

That Road to the Beach.

The much-talked-of road to the beach is beginning to assume the shape of a reality—moving along slowly but steadily, as all right of ways have been secured and all necessary plans about to materialize. Compatible with the progress thus far 10 acres of beach on the west side of the Tchoufanca Light Station has been purchased from the Stanga brothers, for parking grounds and resort. This particular spot argues favorably for the pier and the sentiment of the majority is most pronounced in this direction, though, as yet, no definite decision has been reached for its exact location.

Woodmen Circle Getting Busy.

Members of Olive Grove Camp No. 301 of the Woodmen Circle held a called business meeting at the home of Mrs. Paul Polcar, Wednesday evening. Plans were concocted for increasing the membership, and committees appointed to issue budgets for that purpose. Now, altogether, ladies! Pull! Make 1922 a banner booster year!

Junior Cagers Snowed Under.

The Junior Cagers were snowed under Friday evening, Dec. 30, on the Madisonville court, where the crack junior team of the Slidell HI walked in and blew flakes on 'em—13 of the nice kind that make you shiver when they're scored, with 8 all our boys could boast of. And as Bubbie said, "We kidnapped tholar in the short time I'll wasn't so busy playing rings around us."

All in all, it wasn't such a bad game to witness, and the cagers are Slidell to answer the return call. Following was the line-up: Slidell, C. M. Liddle f, Bennie Buckley f, Leon Levy g, Lefty Snider g, Gene Gardner c, Madisonville, Leon Rous-

AUCTION SALE DOLLAR DAY AND SYRUP SELLING

Secretary Minckler Fixes January 28 as Probable Date of Big Day

ADVERTISING PLAN TO SELL FARM SYRUP

Forerunner of Future Operations to Place Syrup Before Public

Mr. Minckler, secretary of the Association of Commerce, announces that the Trade and Auction Day is progressing nicely and will probably come off on the 28th instant. This is a movement in which the merchants of Covington are deeply interested and should be especially appealing to the farmers, as the program includes the shipment and marketing of a car load of syrup.

In the handling of this syrup Mr. Minckler has the approval of the Covington Association of Commerce and has gone quite extensively into a campaign of advertising, including the drafting of labels and advertising cuts. The draftings of these cuts was done by the advertising department of the Times-Picayune and present a very attractive and creditable appearance.

This is the first time in which a systematic campaign of advertising has been undertaken. It is in accordance with the generally accepted method of introducing goods. Noting can be done to-day without advertising, and Mr. Minckler has secured some very good advice from the T-P. people. Besides this campaign of advertising, there will be an effort to come in personal touch with many of the handlers of syrup and some distribution directly to housewives that will place the syrup on the table of the home.

It is thought that this campaign will be the forerunner of future operations that will bring St. Tammany syrup into public notice and open up new fields for its distribution and consumption.

DR. AND MRS. DUREL ENTERTAIN AT NEW YEAR'S PARTY.

Dr. and Mrs. W. J. Durel entertained quite a number of guests at a New Year's party at their home on Riverside Drive. The house was beautifully decorated with holly, moss and crepe paper. As the whistles blew the Old Year out and the New Year in fireworks were touched off by the younger element and the usual New Year greetings were exchanged by the enthusiastic disciples of Terpsichore.

Favors were given to each dancer, and after participating in a most delicious buffet supper, all danced with jollification until the early hours of morning.

Mr. Schonberg led in all the modern fancy dances, assisted by Dr. Durel and he is known to shake a wicked foot. The "Masters of Order" were Drs. Bouquet and Gaubreaux, who very solemnly carried out their duties, ably assisted by Mr. A. S. Burns.

Among those present were Misses Laura and Gladys Durel, Amy Frederick, Elsie Galatas, Hazel Warren, Elma Frederick, Marie Cole, Clarice Quatrevaux, Blanche Frederic, Clara King, Grace McCormack, Miss Wilson, Messrs. Emile and Thomas Frederick, Roger Olinde, Ronald Casavoy, Sam Caserta, Fabian Bouquet, Lawrence and Hubert Frederick, Clyde King, Noel Kammer, Edward Frederick, Johnnie Wadsworth, George McCormack, Francis Kammer, Edson Barringer, Dr. and Mrs. W. J. Durel, Dr. and Mrs. F. Bouquet, Dr. and Mrs. H. E. Gaubreaux, Mr. and Mrs. C. E. Schonberg, Mr. and Mrs. A. S. Burns, Mrs. Wharton and Mrs. Piper.
