MISS ALICE MARTIN. This month saw the passing out of a beautiful and serviceable life in the person of Miss Alice Martin, of Covington, who, for more than forty years had taught in the public schools of the State. Miss Martin was one of the graduates from the first class of the State Normal Institute at Natchitoches, La., and numbered among her pupils many men whom she saw grow from from boyhood into prominence in the affairs of this State, among the more recent being Ex-Governor Ruffin G. Pleasant. Miss Martin was unusually gifted in mathematics, and while teaching in the schools of East Baton Rouge was frequently consulted in the preparation of a famous mathematical series, which for years protected books in the Louisiana schools. It may be said to the credit of the School Board of Pointe a la Paille, that owing to the valuable services Miss Martin had rendered to education, both publicly and privately during her career, she was voted a substitute teacher's salary by that Board one year ago. The State until now has not found the way to provide for its superannuated teachers, whose lives have been devoted and spent in the service of its public school system. Miss Martin was buried in the city of Baton Rouge from the First Baptist Church of that place. Among the pallbearers were T. H. Harris, State Superintendent of Education; Prof. E. L. Scott, Major Lee, of the Louisiana State University, and Hon. Jared Y. Sanders, Jr. She left as surviving her, her sister, Miss Lucille Rutland, a well known literary worker.
