MRS. M. GABRIEL.

Again the Angel of Death has visited our midst and taken to her eternal home the soul of Mrs. M. Gabriel.

Mrs. Gabriel has been a brave and resolute sufferer for several years, and even though she has been daily at her post of duty until the past two weeks, she bore her sufferings with resignation and fortitude, but seeing that an operation was almost the same at Touro Infirmary last Saturday. religious opportunities for all children, awakening the interest of public schools, parent-teacher associations, women's clubs, men's clubs; in gathering the children into the church school, better equipment and lessons in these schools, better opportunities for training offered to teachers, larger co-operation on the part of parents, and the opening of week-day schools and vacation schools of religion. In every place where careful preparation for the observance of children's week is made, the testimony is "the results more than repaid us for the time and effort we invested."

There is a great need of arousing the entire community in the interest of the spiritual needs of the children. At least 13,000,000 of the 25,000,000 children under 12 years of age on the North American continent are receiving no religious education whatever. America's greatest peril is the spiritual neglect of her childhood.

The Louisiana Sunday School Association through its auxiliary parish and district organizations is planning to make the week worth while throughout the State through the supervision of its Children's Division Superintendent, Miss Susie M. Juden.
