FOISOM NOTES.

(Continued from page 1) Mr. and Mrs. D. Lavinghouse and son, of Columbia, Miss., Mr. and Mrs. P. McCarthy and sons, of Bogalusa, were the guests of Mr. and Mrs. J. Carroll and family several days this week. Orville Jones returned to school in Covington, Monday, after a week of illness. Mrs. J. E. Guatkin, of New Orleans, and Mrs. W. W. Morris, of Covington, were the guests of Mr. and Mrs. L. S. Evans, Tuesday. Mrs. H. Rogers returned to her home in Baton Rouge, Tuesday, accompanied by her mother, Mrs. M. Core, who has been confined to her bed for some time. We are glad to report that she is improving and able to make the trip. Miss Claire Gusman of St. Scholastica's Academy, Covington, and Thos. Gusman, of New Orleans, spent their usual week end at home with their mother. Messrs. L. and J. Rogers were business visitors to Covington, Monday. Mrs. D. Carroll was a Covington visitor last Saturday. Mrs. P. Seals visited relatives in Bogalusa last Tuesday. Mr. H. N. Fenderson, member of the police jury from ward two, was a business visitor to Covington last week. Mr. and Mrs. Chas. Verger and children and Mrs. Lee and Mrs. Rook of Abita Springs, spent Monday here with relatives. Mr. J. W. York was a visitor to New Orleans and Birmingham, Ala., several days last week. Messrs. B. Bohne, F. Corkey and M. Green were business visitors to Covington last Monday. We regret to announce that Mr. J. D. McLain is on the sick list this week. We hope to learn of his speedy recovery. Mr. Felix Bachem, Jr., agricultural agent for the N. O. G. N., was here Wednesday on business. Mr. S. Logan, of Hattiesburg, is in town this week on business. Miss Hilda McLain, Rev. L. S. Evans and Mr. V. Verger motored to Covington Wednesday.

MANDEVILLE NOTES.

(Continued from page 1) Basketball Games This Week. The "pro-tem nervy five," as they deserve to be called, motored to Slidell last Friday night to add to the many attractions of the Community Fair being held there, by means of a basketball game. The game was fast and exciting from start to finish, both teams striving for victory. Regarding the fact that this was Mandeville's first nocturnal game, the 20-12 score is good, and no doubt sooner or later our boys will make Slidell feel the sting of defeat in basketball. The first opportunity for Mandeville Hi to feel proud of her basketball team No. 2 presented itself on Wednesday evening when they played and defeated St. Paul's College on their grounds by a score of 18-17. Not a single player stopped fighting, even in the dying moments of the game, as the lone goal coming in the last few moments of play proved. It was under these circumstances that Bagur tossed the ball through the basket, saving the game and bringing victory to Mandeville Hi. Extravaganza Lauded. Very successful and highly complimented indeed was the musical given last Thursday evening in the high school auditorium. Miss J. Elder, director, was approached by everyone who addressed her with expressions of approbation on the remarkable results that she had obtained from her conscientious work. The audience filled the hall beyond capacity and was undividedly attentive, closely watching the fancy dancers of the evening as they fitted around the stage like birds, claiming with eclat the classical songs and music, crying from laughter over the black-face comedy and giving the American beauties the once over. Refreshments were sold, raffles were conducted, which amounted to a very nice sum with the door receipts. The money realized was given to the athletic fund of Mandeville

EDITORIAL COMMENT BY D. H. MASON

THE OZONE THAT IS IN THE MIND.

We have heard of the ozone that is in the air. It is a gift from God that rejuvenates the body, puts new life in the muscles, changes the attitude of the debilitated and sick from listless despondency to active realization that the world is a good place to live in and that the burdens of life are insignificant compared to the enjoyments. This is the ozone that works wonders for the visitor, that fills him with praise and wonder at the natural advantages of Covington, but that makes him "cuss" the confidence of inhabitants that immunity from disease is too strong-seated to incur the expense of sanitary measures or make bath tubs necessary. But ozone of the mind is something different. It is vibrant with the electrons of mental activity thrown off from universes of thought. It passes from mind to mind and dispenses the wisdom of moons even in the cramped confines of moderate intelligence. It is more wonderful than the ozone of health and transforms the percepts from the uselessness of mental inactivity to a joy ride in the realms of community thought and upbuilding.

This mental ozone was wafted into the courthouse through doors and windows at the mass meeting Wednesday evening, when the discussion of waterworks and sewers for Covington was under way. Nobody at that meeting could help but realize the loyalty of our people to Covington and the wisdom of the ozone that is in the air. It is a gift from God that city. Nearly every face carried the conviction that the best interests of Covington demanded support of the proposal to carry out the plans of the Association of Commerce and the Town Council by voting an additional 2-mill tax for the period required to cover the deficit of \$17,000 in the bond issue of \$130,000 voted for waterworks and sewers. In the well-filled courtroom but two or three remained seated when a standing vote was taken on the question.

Mr. Zurbellen, cashier of the Commercial Bank & Trust Company, stated that his bank would take the bonds without the formality of advertising at par and accrued interest and would share in this investment with the Covington Bank & Trust Company. After some further discussion Mr. Davis, president of the Covington Bank & Trust Company, suggested that arrangements might be made for the two banks to make the loan without the issue of bonds, on certificates of indebtedness or some other arrangement. Alderman Schonberg said that it might be possible to take one mill from the general fund. It was decided that the amount could be raised without further taxation with the co-operation of the Council and the banks, with the advice of counsellors.

All this is evidence of what may be accomplished by united effort. For years a part of the citizens have worked to get waterworks and sewers for Covington. The Association of Commerce has never given up hope. The Town Council took the matter up on representations of a committee of the Association and on the approval of plans at a mass meeting of citizens. We believe the work of the Town Council in this matter has been the greatest achievement accredited to any administration Covington has had. An enormous amount of work has been necessary in travel and investigation. The board is composed of men whose time is needed in their private business, which they have neglected in the interest of the public. They have gone forcefully on in the face of obstacles that would have taken the courage from men less determined and resourceful. They have earned and no doubt will receive the appreciation due them, as will the town attorney, J. Monroe Simmons, who so ably drew up the papers in the bond issue, saving considerable expense to the town.

The women of Covington have not been particularly active in politics, but in this matter of waterworks and sewers they were well represented in the mass meeting, and every one of them, as property-holders, voted for the extra 2-mill tax needed. With a Council that is striving for the improvement and betterment of conditions in Covington, and with the co-operation of the men and women of Covington, the next few years will witness great improvement in the town.

THE JURY COMMISSION.

The jury commission is a very important body of men, with responsibilities closely connected with the law-abiding attitude of the people of the parish. A man, even though he be intelligent, may not be fit for service on the grand jury. A man whose radicalism is so extreme as to make him blind to all opposing evidence or whose bitterness shuts out all extenuating circumstances in trivial offenses may put the parish to considerable expense without accomplishing the object of justice. On the other hand, a highly intelligent man may be lacking entirely in moral responsibility. Good common sense, morality and respect for the law are qualifications that make a good grand jury member, and no man without these qualifications should ever be selected. A jury made up of such men, with the advice of the district attorney and regard for the instructions of the judge, is not apt to fall in the performance of its duty.

Lack of firmness and moral weakness in grand juries need but be repeated a sufficient length of time to bring disrespect of the law and insecurity of the rights of citizenship throughout the parish, just as petty and useless findings charge up unnecessary expense and waste parish funds. Therefore the jury commission should carefully consider names on the list for grand jury service when the drawing is made, and when this list is completed excuses for release from service should be of unusual necessity to justify the court in accepting them. The service is not pleasant, but it is imperative.

A WEAK AND SENSELESS ATTACK ON GOVERNOR OF LOUISIANA.

There was no excuse for the senseless article in the Washington Post, dated at Baton Rouge and charging Governor Parker with appealing to the United States Government to take charge of Louisiana and protect it from the Ku Klux, and it is a sad commentary on the intelligence of citizens who read it with any degree of faith in its truth. Weakness is the least believable trait in Governor Parker's character. To attempt to turn such a letter into a political weapon is to repeat the indiscretion of the Post. We do not believe even Mr. Gump could dodge the issue or find excuse for such imbecility. Magnifying glasses are good for the nearsighted, but not if they distort objects beyond recognition.

OFFICE CAT

Unnatural History.

The lightning bug is a funny bird - The poor thing has no mind; It goes stumbling thru the world With its headlight on behind.

Pessimist: What's your greatest example of optimism? Optimist: Why, a woodpecker trying to peck a hole in a concrete telephone pole.

Amos Tash says: Hold your tongue almost everywhere, but not in praise.

Mosquitoes aren't interfering with petting parties any more.

The Limit of Armament. Anyhow, the increase in armaments must stop some time. There's a limit to the number of ships the ocean will hold.

Wonder what would happen if Henry Ford would get into the gasoline business. The makers of gas would have everything to fear then and their profits would be much less.

Mrs. Smoke Button went down town yesterday to buy a pair of shoes, but couldn't remember which of her stockings had the hole in it and postponed the purchase.

Singing won't cure obesity, says a beauty expert. What he really means is that obesity won't cure singing.

Beckie: I won't marry a man who won't look me straight in the eye while he is talking to me. Charlie: Then you will have to wear them longer, dearie.

Not only is the little red school house painted white nowadays, but in most cases it needs a new coat.

What Are You Doing? Boost and the world boosts with you. Knock and you're on the shelf; For the world gets sick of the one who kicks And wishes he'd kick himself.

Special Request: All citizens not members of the fire department should stay off the fire truck when it is responding to an alarm. At a recent fire so many people got on the truck that the regular firemen had to walk to the fire.—Exchange.

Doctor: With care your husband will recover in a week. You don't seem very pleased. Wife: You told me he would die a week ago—and I have sold his clothes.

When the ghosts of the past rise up and join forces with the ghosts of the present a man needs all his optimism.

Modern writers on etiquette say it is all right to eat chicken on the cob with the fingers.

"Look here!" bellowed the irate customer in the general store of Four Corners, "you say you won't sell me a shovel unless I get a permit from the authorities and sign my name in that book. What's the big idea?" "We ain't taking chances," answered Proprietor Hoskins firmly. "Government's mighty keesfial these days. You fellows buy a shovel, dig up the ground, plant barley, makes it into malt, and there you are. No str-ree."

The encouraging thing about the future is that there is so much of it.

Salesman: Do you need any typewriter supplies? Broker: Yes; send me 5 pounds of candy, a box of chewing gum, a
