

CHRISTMAS TREE AND BALL.—There will be a Christmas Tree for the young folks in the lower room of the Masonic Hall, on Christmas night, Dec. 25th. and a grand ball at the same place will wind up the festivities of the evening. The proceeds of which will be appropriated toward purchasing presents for the children to be put on the tree. The affair is gotten up by the "Independent Female Club," a society lately organized, and comprising among its members all the best young ladies of our city, a bevy of whom, looking the devil to death, and knocking politics and news on political economy out of the cranium of the editor. They threatened to make us some pie if we didn't print them tickets and notice their ball; therefore, pursuant to orders, we notify all that a grand time is in store for those who attend, as excellent music will be provided for the occasion, and that tickets can be obtained at the Bookstore for \$3 currency; also that presents, designed to go on the tree, must be left at the Postoffice on or before Saturday evening, Dec. 23d.

BARGAINS.—We call attention to the new column advertisement in this issue of Mr. Wollstein of Boise City. He has on hand the largest and finest stock of dry goods, clothing, millinery, boots, shoes, &c., &c., that has ever been brought to the Territory, which he is offering for sale at lower prices than we have ever seen the same kind of goods sold at for ten years past. He is closing out his entire stock at less than cost, as he has sold his store—possession to be given on the 1st of next March—and all orders for goods will be promptly attended to. Mr. Wollstein is one of the oldest established merchants in Boise City, but desires to get rid of his goods as he has made arrangements to go into business in New York City. Look at his "Price List" in our columns and see for yourself at what low prices he is selling.

FINE JEWELRY.—That skillful artificer and worker in the precious metals, D. B. Kimmel, has not failed to provide goods suitable for holiday presents. He has a fine stock of watches, jewelry of all kinds, and silver and plated ware now on hand, and will be in daily receipt of fresh additions to his stock direct from the Eastern market. He sells no trash but warms up every thing to be what he represents it. He is now engaged in manufacturing a beautiful watch for Mr. Jesse Bradford, of massive proportions, which is provided with a new invention in the shape of a pick-pocket proof lock, which will unquestionably answer the purpose unless the thief should take off about half of a person's vest. Kimmel is about the best jeweler on the coast, and persons desiring anything in his line should call early.

COME AT LAST.—Pinney & Co. at the Postoffice Bookstore have just received the largest and best selected assortment of toys and notions for the holidays ever brought to the Basin. The little folks in Idaho and the adjacent camps can now be provided for with everything from a penny whistle to a hobby-horse. We have never seen a better display of such articles in the Territory; and as we can all look back to the days when, as children, we anticipated for weeks our Christmas presents don't neglect the little ones, but provide them with something to gladden their hearts, and do so liberally according to your means.

MIDDLETON MILLS.—The new advertisement of Stephenson & Co.'s mills, at Middleton, in Boise Valley, will be found in our columns this morning. Their establishment is provided with the latest and most improved machinery, and they challenge any mill in the Territory to produce as good quality of flour as they now offer to the public. They have on hand more grain than any other mill in the Valley, and propose to sell a better article of flour at equally as low rates as if not lower, than anybody. Orders sent to Mr. J. C. Isaacs, at Boise City, will receive prompt attention.

CONFECTIONERY.—Christmas will soon be here and our old friend, Henry Freidinger, appreciating the season, has laid in a splendid stock of fancy candies, nuts, fruits, cakes, and in fact everything that can be thought of in the line of sweetmeats and confectionery generally. He is prepared to supply every camp in the Basin, and will make to order, for balls or parties, pound, fruit or jelly cakes, plain or ornamental, in a style superior to any ever before offered for sale in this "meek of woods." We recommend Henry as a clever and courteous gentleman and a square man to deal with.

NEWS FROM ALEXIS.—General Wulfowich, late of the Imperial army of the Czar of Russia, is informed by Minister Caca-cats-i that since the arrival in New York of his Highness, the Grand Duke Alexis, caviar and linseed oil have raised in price in that market fifty per cent., but cigars, liquors (of the finest brands) and soda water, at the Idaho City Soda Factory, per advice, are at the prices as heretofore, and persons wishing to see the great General can call on him, and if they don't like his style they will be sent to the Miller.

SELLING OFF CHEAP.—Our old friend, Kingsley, keeps up with the times, and has commenced selling goods at greenback rates. He has in store a magnificent stock of ladies' dress goods, millinery, hosiery, hats, shoes, slippers, gents and boys' clothing, boots, and in fact everything in the dry goods, clothing and millinery line. Hardware, cutlery and edge-tools of every description a specialty, as also leather of every kind. Christmas is close at hand, and now is the time to buy your goods cheap. Call around and examine for yourselves.

LADIES' GOODS.—Ladies desiring to purchase anything in the dry goods, millinery or hosiery line, of the latest styles, and at low rates, would do well to call and examine the stock of Mrs. J. B. Emery, who has just received, direct from the East, large additions to her already well selected stock. Gentlemen desiring to make presents to their wives or lady friends, of anything in the line of millinery or dress goods, would do well to call and examine Mrs. Emery's goods before purchasing elsewhere.

BOGUS DUST.—The leading merchants and business men of Idaho City, have concluded to do business on a greenback basis, and to insist on that currency in payment for goods. There is so much bogus dust in circulation that it is not safe to deal in the article. The Chinese appear to be liberally supplied with a good article of bogus dust, but their mint has not yet been discovered.

INSTALLED.—On Saturday evening, December 2d, 1871, Grand Master Jonas W. Brown, installed the officers of Placer Lodge No. 2, A. F. & A. M. for the year ensuing Masonic year, viz: Lee Dougherty, W. M.; C. E. Mosher, S. W.; William Geddes, J. W.; Philip Diehl, T. M.; Fred Campbell, Sec.; John Meyer, S. D.; John Canning, J. D.; James Bred and Wm. Frame, Stewards, and H. A. Mattox, Tyler.

EXACTLY.—To show the benefit of advertising, Dr. Harmon, of Centerville, a short time ago, lost a valuable case of Surgical Instruments, and after making diligent search and inquiry, for about a week, without avail, he advertised his loss in the WORLD, and a few days ago the instruments were returned to him.

HOLIDAY PRESENTS.—We are informed that Mr. B. F. Robie will arrive here in a few days with a splendid stock of fine Watches, Jewelry, Silverware, Watch Chains, etc.; all of the finest workmanship, and of latest designs, suitable for Christmas presents. Look out for something nice in a few days.

RICH QUARTZ.—On last Tuesday John God took 7 pounds of quartz from his ledge at Granite Creek, and after pounding it up in a mortar, panned out \$1 75, which being assayed by Mr. J. M. Burkett, was at the rate of \$457 15 per ton. Boise county quartz will yet be on top.

FOR SAN FRANCISCO.—Mr. Thomas Mootry, Jr., one of our successful quartz operators and a member of the Gold Hill Company, takes his departure for the Bay this morning, to be absent several months. We wish him a safe journey to and fro and a pleasant sojourn in Frisco.

GOZ BACK.—Reub Peyton, alias Nimrod, returned from his deer hunt last week. It was not a good time for deer, but in order to make expenses "Nim" caught a lot of trout, which he salted down for retail trade. We'll send "Print" with him, next time.

Experience having taught us that the only true mode of business is the Cash System, we frankly admit that we cannot offer any inducements when the purchaser means 4, 6 or 8 months time. The indiscriminate credit system, as has been practiced in Idaho, is only an inducement for many to press their credit beyond their ability to pay, and frequently results in an aggravating and annoying collection, both to the Debtor and Creditor, and is seldom a profitable transaction to either—the sequel generally being acrisy. But we believe and assert that, with the facilities we have for purchasing and shipping, we can,
