

IDAHO WORLD.

T. J. SUTTON, EDITOR. IDAHO CITY, I. T. SATURDAY, JUNE 30, 1874.

Tax Stumpage law has been enforced time and again "outside of mining countries," notwithstanding the editor of the WORLD "never heard of such a thing before."

An astounding proof, Mr. Acalanche, but not quite convincing. The happening of that event only "last month," and the other fact that Mr. Hood permitted his raft to be seized and sold, suggest, to our mind, the further facts that Mr. Hood had been in the habit of taking timber from the public lands undisturbed, for so long a time that he had come to the conclusion that he had a perfect right to do so, and believed the officer was trying to defraud him.

EXTENT OF QUARTZ CLAIMS.—Pope Curtis has issued a bull, which we copy from the Owyhee Avalanche of last week, and publish, which appears to be—it is not very definite—to the effect that, should a prospector be so fortunate as to discover a quartz vein extending across the continent, he would be entitled to locate and hold the entire vein, by making separate locations, of fifteen hundred feet each, until the whole is covered.

DEPARTMENT OF THE INTERIOR, GENERAL LAND OFFICE. Washington, D. C., June 17, 1873. MESSRS. HOYT AND BROTHERS, Helena, Montana: GENTLEMEN:—Referring to your letter of the thirtieth ultimo, I have to state that the mining act of May 10, 1872, declares that, "a mining claim located after the passage of this act, whether located by one or more persons, may equal but shall not exceed one thousand five hundred feet in length along the vein or lode."

NOT YET EXTINGUISHED.—We publish another letter from Bishop Edge this week. When his former letter appeared, we felt confident our bridging Superintendent would march his hosts of ponderous "facts" in solid phalanx against the litigious Bishop and destroy him, but he didn't. It will be seen that the Bishop's letter is dated May 18th. It reached us June 12th, another evidence of the care and alacrity with which mail matter is carried from place to place in Idaho.

LOOK ABOUT YOU.

In view of the fact that our county is taxed to the utmost of the people's ability to pay, and that without any disposition on the part of anybody in particular to make an effort to reduce either the public expenditures or taxation, we trust a few suggestions in behalf of reform will not be deemed untimely or officious. While every good citizen is willing to be taxed to any reasonable extent, and very many in Boise county yield without grumbling, to a most excessive taxation for the sake of supporting a county organization and maintaining order, still these facts can form no sort of argument against the curtailment of our county expenses in any and every legitimate and proper way.

Boise county will be assessed the present year at more than \$800,000. For convenience of statement, we will say the valuation will be \$800,000. Three dollars and forty-five cents on the hundred dollars of this sum would amount to \$27,600. To this sum must be added \$14,400, the sum which will be received on the 1,600 poll receipts which will be disposed of, making a total of \$42,000. Of this amount, \$5,830, or 14 per cent., goes to pay for the labor of assessing and collecting, leaving \$36,170 for the county. Adding to this \$7,700 collected for licenses, and subtracting the 10 per cent. paid the Sheriff for collecting, and we have a grand total of \$43,950 paid into the Treasury of this county annually, not to mention fines and other incidental sources of revenue from which is derived enough, certainly, to swell the total revenue of the county to \$44,000, in round numbers.

OWYHEE.—We condense the following items from the Avalanche of June 13th: Two new cases of small pox at Fairview. The Golden Chariot-Minnesota mine is looking better than ever. Mr. Catalog has commenced to deliver poles along the telegraph line. A barrel of whisky which George Hymar was unloading from a wagon last Monday, rolled upon his right leg breaking it near the ankle. The first north extension of the Belle Peck mine has been located, and the decomposed portion of the vein yields from two to three dollars to the pan. Ina Maud, infant daughter of Mr. and Mrs. C. S. Leonard, died of pneumonia June 13th. A miner named John Hicks, was caved on and his leg badly broken, in the Golden Chariot mine night before last. The Avalanche asks deprecatingly: "Is Silver City going to have any Fourth of July celebration this year? We should think so lively and prosperous a place as Silver seems to be would celebrate without much urging. Idaho City is going to have a good time if she don't lay up a cent."

THE sphere we all occupy—the atmosphere. UNIVERSITY SCHOOL MEETING.—The following are the proceedings of the university school meeting: The meeting was called to order by Joseph Perrault, Territorial Superintendent of Public Instruction. Governor T. W. Bennett was nominated and unanimously elected Chairman, and Milton Kelly Secretary. The object of the meeting was fully stated by J. H. Whitson, County Superintendent. Hon. E. J. Curtis, Judge Alanson Smith addressed the meeting; after which the following resolutions were unanimously adopted: Offered by Mr. Whitson—Resolved, That it is the sense of this meeting that an organization be perfected at an early day for the purpose of erecting a university building and school of the highest order in this city.

Frost, Master, J. V. Luckey, Secretary; total membership, one hundred and thirty-three.

ADA COUNTY.—We condense the following items from the Boise City Statesman: Boiseites will celebrate the Fourth. The attendance at the campmeeting is large. The remains of Mrs. General Cartee were brought up from the Dalles and deposited in a vault in the Masonic cemetery at Boise City. Hon. James H. Hawley has made full arrangements to put a mill on the Iowa lode at Quartzburg. W. C. Ripper, of lower Weiser, reports thrist in that section. Rev. R. M. Gwinn and family have returned from Rocky Bar. A span of horses with phaeton attached, driven by an imaginary being of the female sex, got up a little excitement, a few days ago, by having a run on the street. Fifty dollars will repair the damages done the vehicle. J. H. McCarty lost a pocket book containing \$575. He offers a reward of \$200 for its recovery. Grand Fourth of July ball below Middleton. Mr. La is in Boise City offering furs and buffalo robes for sale.

SODA. The best for BAKING purposes is JOHN DWIGHT & CO'S. THE ISSUE MADE WITH THE MORMONS.—A SOLDIER FORCEFULLY RELEASED FROM JAIL.—SALT LAKE, JUNE 11th.—There is great excitement here to-day. A soldier came down to the city last night from Camp Douglas, and getting drunk committed a breach of the peace, for which he was arrested by the police and locked up in the prison. Early this morning Lieutenant Dinwoody, from the camp, made a demand for the surrender of the soldier, which was refused. This refusal being made known to General Morrow, Major Gordon with a full company of cavalry was dispatched to take the soldier at all hazards. The troopers came galloping into town, armed with carbines and pistols, and halting in front of the City Hall, dismounted, and having formed in line proceeded to load their weapons. Meantime the news of the affair spread like wildfire, and crowds of people hastened to the scene from every quarter. The Major then entered the City Hall, accompanied by Governor Woods, but could find no one in authority except some police officers. He demanded that the imprisoned soldier should be delivered to him for trial by the military authorities, but the demand was again refused. Major Gordon then led his command to the rear of the city building, and breaking an entrance to the jail took the soldier out amid deafening shouts and cheers. The troops then remounted, and with their accused comrade started back to camp, the welkin ringing with cheers, to which the troops responded with wild enthusiasm. Hundreds of ladies, and the pupils of St. Mark's school opposite, who were just at recess, joined in the demonstration with a will. The thousands of citizens present, and some instances, Mormons, cheered the boys in blue. There was not any resistance on the part of the Mormon officials, or even a protest. The Gentiles are intoxicated with joy that at last the authority of the United States Government is feared, if not respected, in Utah.—Record.
