THE HANAMAULU POSTOFFICE??

On the majority of plantations, the managers are appointed postmasters. Is it, then, too much for the people of Hanamaulu to expect the Lihue Plantation management to do likewise? The Hanamaulu Store is managed by two highly reliable men, either of whom could and would be willing to act in the capacity of acting-postmaster. At present, mail for Hanamaulu is brought from Lihue, dumped into an open box, pawed over by anybody who may imagine he has a letter, and the result can be easily imagined. This is a most unsatisfactory condition and every citizen of Hanamaulu is of the same opinion in a desire to secure a postoffice for his town. The citizens of Hanamaulu are also of the opinion that the Lihue Plantation should take the initiative step in securing the office, thereby maintaining the reputation for square dealing with its employes, which the Plantation enjoys.

KOLOA KRINKLETS

The Koloa school grounds are well cared for, and its worth while to glance upon the pretty sight.

The Kauai Trading Co.'s, big truck made a trip to Hanalei last week, under the expert guidance of David Hulihee.

It is learned here that Mr. David Hulihee of Koloa, will soon become a benedict, the lady in question being Miss Jacinth of Hanapepe.

The New Tailors

The Royal Tailoring Co., one of the most extensive tailoring concerns in the United States, has appointed the Lihue Store as its agent for Kauai. A large sample book containing nearly five hundred samples of high grade woolen goods is on display on one page and the opposite page is taken up with the very latest in styles and finish. The Company absolutely guarantees satisfaction or the return of the price, also guarantees the goods to be absolutely free from a single thread of cotton. The prices are right and the goods par excellence and as a result many orders have been thus far taken and many more are under contemplation.

The Piano Man

Jack Bergstrom says if any one wishes new rollers, or a new coat of varnish applied to a piano, he can be found at the Hotel Fairview any day. He fails to say where he can be found at night, but it is gently whispered that he is taking a correspondence course in Sunday school work.

Among those who attended the Lihue ball game from Kealia, were Mr. and Mrs. Spalding, Mr. and Mrs. Behr and C. O. Smith.

Johnson, in signing that anti-land law, seems to have dealt the Mikado a real knock-out.

SELLING BOOZE CAUSES ARREST

Manuel de Reis representing Rosa & Co., a Honolulu liquor house, was arrested near Nawiliwili last Friday morning, charged with selling liquor without the necessary license. It seems that some time ago he came to Kauai and made a house to house solicitation for business. Returning with the consignment of wet goods last Friday morning, he proceeded to hire a team, for the purpose of making a final delivery of the goods. This action proved his undoing, for no sooner had he ensconced himself in the drivers seat than a husky individual of the police department invited him to go for a walk. He was taken before the judge who allowed him to go on his own recognizance, with the understanding that at nine the next morning, he must appear for trial. He did so, and was gravely informed that for the little sum of one hundred plunks and costs, he could square himself. An appeal was noted and the Circuit Court will have another say in the matter. It is said that had he delivered the goods to the wharf, there could have been no objection to his method of procedure, but to make delivery to his customers, violates the law which requires a license. The arrest has created some feeling among a certain class, who feel that it was due in a great measure to a desire upon the part of certain individuals who have a purpose in keeping outside trade off the island. However, this is an extorted view to take in the matter, as the law in the case is so very plain that the main trouble seems to lie in the failure upon the part of Rosa & Co., to properly interpret its meaning.

LOCAL AND PERSONALITIES

The Ilima Club, Makaweli's social organization, and members whose fame as entertainers is without peer, have invitations out for the annual dance which is to be given on Saturday evening May 31st, in the Social hall at Makaweli, the program to begin at 8 o'clock, Honolulu time.

The new baseball score cards which are gotten up by THE GARDEN ISLAND, have been completed and are now on sale at this office. The price is twenty cents each and it is the biggest value for the money you ever had. The card will last you a life time and is a thing of artistic beauty. If you have not yet secured one of them, ring up 24L and have one reserved for you before they are all taken.

A Filipino paper is about to be launched on Kauai. The same will be weekly and published in Tagalog and Visayan dialects, with now and then some English. Success to the new sheet, and may it enjoy equal popularity with THE GARDEN ISLAND.

Ralph Hosmer the forestman, is on a trip of general inspection of Kauai's forest reserves. He leaves for Honolulu this afternoon on the W. G. Hall.

Messrs. Brown and Martin Fassoth accompanied by Misses Mattie Jordan and Marie Anderson, of Makaweli, were in attendance at the Kilauea ball game Sunday.

A protest has been received at this office, signed by Capt. J. B. Fassoth in behalf of the Makaweli baseball team, relative to the game played with the Kilauea's last Sunday. It came too late for publication in this issue, but will appear in our next.

SUNDAY'S BIG LEAGUE GAMES

Kilauea Puts Up Classy Game---Lihue Has One-side Score---McBryde Has Excellent Game

MCBRYDE TEAM IS IN THE LEAD AND MAY REMAIN

At Present, However, it is Impossible to Get a Line on The Penant Winners ---Must be Clean Ball

The best game of the day was that at Kilauea between the Makaweli's and the home team. Very few errors were recorded and the score of 2 to 0, shows plainly what these two former champions can do in the way of an exhibition of first-class baseball.

At the Alexander park, the McBryde team defeated the Koloas in an other most excellent game, the score being 9 to 5. This was the best all round game of the day, fully five hundred fans having taken advantage of the excursion train which was run between Koloa and Elelee. From the number of Koloaites in attendance, it is difficult to see how a very large crowd could have been left to attend the Holy Ghost feast which was in progress in Koloa.

In Lihue what was supposed to be an exhibition of baseball was dished up to a large number of fans. The game was scheduled to begin at 2:30 and would have done so had not Lihue's catcher, at the very last minute decided to annex another member of his family to the team. When time was called there was no Malina.

Coney To The Rescue

Realizing the situation to be one of grave dimensions, "Jack" Coney volunteered his services as a searching party for the purpose of locating the stray. Loading in the Lihue Manager, he rolled across the grassy diamond, out through the gate and headed straight for Nawiliwili, midst a roar of applause from the spectators. When it finally became a case of a possible second searching party, Sheriff Rice, in the absence of the manager, took charge, rustled up a substitute, and had started the game, when the searching party arrived. Malina could not be found. However, he showed up sometime after the game had commenced and failing to realize that he had made an ass of himself and the team at the beginning of the game, began a fusillade of hot air which subsided only when Sheriff Rice called him down. Smart Alex who annoy others in shooting off their bazoo to attract attention usually succeed all right, but the attention fellows get sometimes proves distasteful to them. Lihue played an almost errorless game.

Their superiority seemed to lie in their ability to strike the K. A. C. pitchers. The first pitcher they put in, was simply swatted everywhere. The second, however held them down for several innings, after which the home team seemed to have little difficulty in locating him. Ah Fong was in splendid form, pitching his last ball with as much precision as the first.

The K. A. C.'s with but one exception, proved themselves good scouts and did not let the nest of goose eggs they were accumulating, affect their determination to die game. This exception was Manuel Soares who should have been taken by the coat collar and deliberately kicked off the grounds. Unless he gets next to himself and learns to control his nasty temper, the team will profit by getting rid of him. It was in response to a cheer from the grand stand that this cheap sport replied by telling the people to "go to hell!" Later on, when called out, he flung the bat into the air, at the same time letting go a vicious exclamation. If such as he seems to be, think that the public is to be insulted in any such a manner and stand for it, some one or more of his friends should, in some way or another, get it into his wooden skull, that it is a mistake—the people won't stand for it. This

same line of action was tried on a certain field last season and was promptly exposed, and let it be known right from the start, that if there are any men among our present teams, who contemplate any such procedure this season, that this paper will have its eye on them and will make no attempt to shield the culprit. We want clean games and we believe there are clean men enough on the island to give them to us.

The Lihue—K. A. C. game by innings was as follows:

1st. Inning

K. A. C.—J. Soares made the first attempt for the visiting team but died with a blow from 2 to 1st. Wilcox fanned himself to sleep while Sada ended the Kawaihau's chances in a pop fly to c.

Fernandes flew to 1st. One run.

4th. Inning

K. A. C.—Wilcox fanned, Sada got 1st, by being struck by pitcher's ball. Almeda struck to p, who tossed to 2nd, who drove it to 1st, making a neat double play. No run. Lihue.—This was the shortest half inning in the game. Ah Fong struck out, Yokomoto expired p to 1st, and Makanani flew to r f. No run.

5th. Inning

K. A. C.—Teixeira put a pretty pop fly to s s, M. Soares fanned, Ambriso singled, and made 2nd, on error by s s. Freitas walked, and Rodrigues died p to 1st. No run.

Lihue.—Ellis got a safe hit, stole 2nd, and on safe hit by Akoni, stole home, Akoni annexing 2nd, by steal. Ahana walked, and in double steal brought in another score. Wajiau singled, stole 2nd. Cummings made safe hit, stole 2nd. Fernandes fanned, as did Ah Fong and Yokomoto died p, to 1st. Three runs.

6th. Inning

K. A. C.—J. Soares swung the bat until the air became so heated as to require the fan. Wilcox joined the funeral procession in a breeze

SOME TIMELY SCHOOL TOPICS

Promotion should come as a reward of merit and not through favoritism.

The teacher who does his best every day will command a higher salary by and by.

There are times when a pint of common sense goes further than a gallon of pedagogy.

A superintendent who shouts a good deal about his rights, usually does so to cover up his wrongs.

Moving picture shows are taking the place of home study, and gossip, the place of fireside reading.

He who said, "folks who never do any more than they are paid for, never get paid for any more than they do," told a great truth in a few words.

The 18th, was annual peace day and was generally observed by the public schools throughout the island. The observance of peace day is becoming more and more popular as time passes. It should not be overlooked in any school.

Every teacher should accept promotion when the opportunity presents itself. Ordinary business intelligence would prompt one to do this. A larger salary, more pleasant surroundings, better opportunity for professional growth, longer terms, better social environment, etc., are all to be considered as means of promotion and reason for change.

Fellow teachers, what are your plans for the summer? Are you going to the summer school, or have you some other work you have planned to take up. It is wise to plan ahead and make arrangements in advance so that you may not have to decide hastily later on. The summer school this year will be better and more largely attended than ever before. Those who are preparing themselves now, for better service, are making investments that will return large dividends in the future.

It would be a fine thing if the various supervisors of the Territory were to exchange ideas with each other. In printing letters and circulars to be sent out to principals and teachers, it would be well to run off extra copies and mail one to each of the other supervising principals in the Territory. In this way each supervising principal would be getting his best thoughts to all the others and all would be benefitted more or less by each. The supervisors should keep a file of all such circulars and would find the suggestions helpful.

The supervising principals can render great service to the people by urging the Board to re-employ all the teachers who are satisfactory. Much time can be saved in the organization of the school if the same teacher is retained for the next year. She will begin where she left off and go steadily forward. No time will be lost. A fairly good teacher, if retained, will do better work than a new teacher though she may be much stronger. The officials can render excellent service combatting and defeating the practice of frequent changes in teachers.

A good way to link the school and the home together is for the teacher, the pupils and the patrons to have frequent meetings at the school houses. The school house belongs to all the people of the district. It is public property because every citizen contributes to its support. Every gathering in the district that is of interest to the people should be held at the school house. In this way it will become in reality, the social center as well as the educational center of the district. Of course those using the building should see to it that it is not abused and that it is left in good condition after the meeting.

School instruction without love and mercy is brute education.

From the present outlook there will not be many changes in the island teaching force next year.

H. H. Brodie was visiting schools in the Lihue district last Wednesday and Thursday.
