## HOFGAARD TO SOAK PISTOL TOTERS

Judge Hofgaard has "declared himself" in the matter of so many Filipinos on Kauai carrying firearms, and hereafter persons coming before him on the charge of having pistols illicitly in their possession will be given the limit of the law.

The matter arose out of a case which came up in Waimea court last Friday, a Filipino being charged with carrying a deadly weapon.

"Too many Filipinos are carrying revolvers around Kauai," observed the court. "There is no good reason for so many weapons in this country, or for people to go about armed. We have protective laws, and they are being enforced. The laws are being broken principally by pistol-toters and knife-wielders. The Filipinos are among the worst sinners in this regard, and it is about time that they should, for their own good and the good of the country, stop it."

He thereupon fined the prisoner \$25 and costs.

"Hereafter I am going to 'raise the ante' on all persons brought into this court for having dangerous weapons in their possession contrary to law," added His Honor.

On the same day a Filipino named Halario Delfin was brought before Judge Dole in the Lihue district court on identically the same charge. The accused was found guilty and fined \$10.

Mrs. W. H. Grote will return tomorrow morning from Honolulu where she visited her sister, Mrs. Schmidt.

## CHINAMAN GOES WILD AT WAIMEA

One of the craziest Chinamen that ever clawed his hair faced Judge Hofgaard Friday in the Waimea court. He was awful crazy. He was so crazy that he was wild and savage—like a beast. Naturally he was committed to the asylum for the insane.

Behind the case, however, is a story. The Chinaman, whose name is Ah Fat, has been a man of some importance around Waipahu, on Oahu, where he held a position of responsibility at one of the pumping stations of the Oahu Sugar Company. He carried a fine letter of recommendation from Chief Pump Engineer Eugene M. Scoville, of Waipahu.

He arrived on Kauai about two weeks ago from Honolulu, and shortly afterward manifested symptoms which alarmed those about him. A few days ago he seemed to go completely wild and was taken into custody.

The man was taken by Saturday's steamer to Honolulu where he will be transferred to the asylum for treatment.

## HANAPEPE JAPS BEAT THE KOLOAS

On account of insufficiency of announcement, a rather small crowd turned out for the opening game in the new Japanese baseball league at Koloa Sunday afternoon. The game, however, was a good one and was much enjoyed by those present.

The contest was between the Hanapepe team and the Koloa slabs. Up to the seventh innings it was a very fast game, the score at that stage being 2 to 2 in favor of the homers. A little careless work on the part of the Koloas turned the trick, however, and the game ended 2 to 5 in favor of the visitors.

Between themselves, the Japanese teams play very well, although the players are rather light for big league work. The series they have started promises to develop quite interestingly.

John Rapoza, manager of the hardware department of the Lihue Store, returned Wednesday morning from San Francisco where he took in the fair. He was away a month and reports having had a fine time.

## KILAUEA BEATS ALL ITS RECORDS

Kilauea plantation finished grinding yesterday, the total output being 6,740 tons.

The manager's last estimate was 6,300 tons, so the plantation went 440 tons over expectations for the year.

This yield of 6,740 tons is the record for Kilauea, being the highest tonnage in its history.

Both the financial and physical condition of Kilauea are now of the first class, and that estate will henceforward be able to hold its own with the best plantations.

## Dr. Thompson's Funeral

The funeral of the late Dr. J. Malcolm Thompson was held from Lihue Union church Thursday afternoon, Rev. J. M. Lydgate officiating and Mr. de Bretteville and Dr. Putnam acting as pall-bearers. The services were very impressive, and were in the presence of a large number of friends of the deceased.

Miss Velma Stravne, well known on Kauai, leaves on the Sonoma September 9th., for Los Angeles where she will take a post graduate course in nursing.

Mrs. Albert Waterhouse, of Honolulu, is visiting Mrs. Charles Wilcox, of Lihue.

## EDDIE FERNANDEZ HAS A FINE SHOW

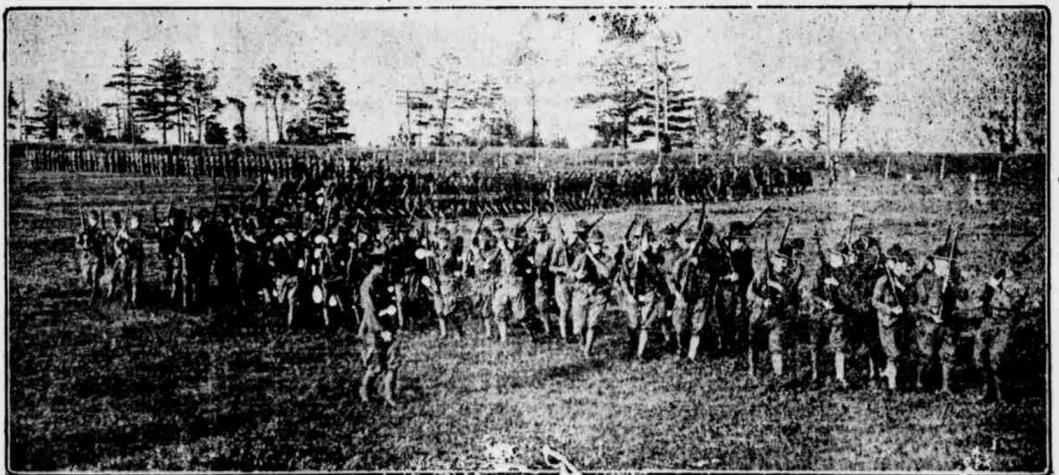

It is really an elegant entertainment that Eddie Fernandez is just now offering the people of Kauai, and persons failing to take in his programs at the various theaters will miss one of the treats of the year. The Congressional party pictures are simply splendid and form a whole show in themselves; while the "talking pictures" are presented in a better way than when they first appeared in Honolulu.

Every feature of the programs is clean and of a high order.

Three shows were put on at Hale Hooni, Lihue, at the week-end-Thursday, Friday and Saturday evenings. Each time the houses were full, and it is safe to say that there was not a disappointed person present on either occasion. Many were heard to say that they would not have missed such entertainments for many times the price.

This is not an advertisement. It is merely a tribute such as THE GARDEN ISLAND is always willing to give to high-class picture specialties that come to the theaters of Kauai.

Manager E. Cropp, of Koloa plantation, went to Honolulu Saturday night on business. He will likely return tomorrow.

BUSINESS MEN IN MILITARY CAMP LOOK AWKWARD WHILE CHANGING ARMS FROM LEFT TO RIGHT. Plattsburg, New York.—A scene at the drill grounds of the Business Men's Military Training Camp, here, showing a number of companies out for their first drill, fully equipped. The men in the immediate foreground who seem to be very awkward soldiers by the way they handle their guns, have merely been given the order change arms from a left to a right shoulder. In this picture there are some of the most prominent men in the different walks of life in the United States.
