## ERUPTION NEAR MAUNA LOA'S TOP

The Honolulu Star-Bulletin yesterday afternoon published the following special wireless from the island of Hawaii concerning the outbreak on Mauna Loa:

Hilo, Hawaii, May 22—Mauna Loa has broken out in eruption again.

At 11 o'clock last night, 7000 feet up the lofty mountain, a lava flow broke out on the Kahuku side and is already three miles down the slope.

The flow is cutting a path between the flows of 1868 and 1887, and making its way toward Kau, the lava traveling in a southwest direction.

Last night newspapers could be read in Kau and Kona by the reflection on the sky.

Prof. T. A. Jaggard, director of the observatory at Kilauea, and Prof. H. O. Wood, his assistant, went over to Kau early today to locate the height of the outbreak. They will establish headquarters at Waiohinu.

All indications point to the first explosion higher up being a vast jet of steam and smoke released when the mountain side lower down broke open. There is no sign of activity from higher up now. All interest centers in the outbreak at the 7000 foot level.

Two flows are now reported, the lava stream having forked. It is coming at the rate of one mile an hour and should reach the government road by dark tonight. It will strike the road about four or five miles on the Kona side of the Kahuku ranch gate.

### Waimea Men Drill

Companies L and M Fourth Infantry, Waimea, stole a march on the official program Sunday and had a battalion drill of their own. They went over to Kekaha where there was plenty of room for maneuvers and, with Captain Crowell acting as major, went through many battalion movements. The idea, as explained by Captains Crowell and Oliver, was to "practice up" before the regular battalion drill comes on.

Before the drill the baseball teams of Companies L and M went to it for eight lively innings, the former winning by a score of 9 to 4.

### June 11 Boosters

Secretary Raymond C. Brown, of the Honolulu Chamber of Commerce, and Arthur Wall, of the Hawaii Promotion Committee, arrived on Kauai Friday morning for the purpose of interesting local people in the events of June 10-12, the idea being to line-up as many people as possible for the excursion to Honolulu at that time. The gentlemen went first to the Waimea side of the island, interviewing most of the prominent people, and the following day (Saturday) made a like trip to Hanalei. Encouragement was met with at every hand and the visitors left feeling certain that both excursion steamers will be filled to the guard rails.

### A Military Paper

The Advertiser (Honolulu) of last Sunday contained several pages of interesting data and pictures of National Guard regiments and the U. S. army posts. Among other features is a writeup of the Fourth Infantry (Kauai) by Miss Ommanney, with pictures of officers of the regiment and also of luau scenes at the Lawai beach house.

## MISS WISHARD'S BIRTHDAY PARTY

The Sunday Advertiser, Honolulu, has the following of local interest:

One of the prettiest and jolliest dancing parties of the year was given by Miss Blanche Wishard, of Lihue, Kauai, at the residence of Mr. and Mrs. Chas. R. Frazier in celebration of her eighteenth birthday.

Miss Wishard was a most charming hostess and entertained her guests with the ease and grace of an experienced leader of society. She wore a pretty frock of pink pompadour silk which was in keeping with the general scheme of decorations for the occasion. The spacious Frazier residence was decorated with pink hibiscus and vines and enchanting lighted through scores of Japanese colored lanterns.

Excellent music and youth made a combination that promoted the dancing spirit and the hours of terpsichorean enjoyment passed all too quickly for the young people.

### Supper And Dance

Misses Blanche Martin and Marie Anderson, of Hanapepe, entertained about thirty of their Waimea and Makaweli friends at a buffet supper Saturday evening, May 20. The later half of the evening was spent in dancing, and all report having had a delightful time.

## SPALDING'S CUP AGAIN OFFERED

A writer in the Honolulu Advertiser is authority for the statement that Colonel Spalding, of Kealia, will put up the fine racing cup won by one of his horses on the track some years ago, to be competed for again. The paper says:

Word comes from Colonel Spalding, Kealia, Kauai, that he would be glad to offer a trophy in his possession, known as the President's Cup, for competition at a meeting held under the auspices of the Hawaii Polo & Racing Association. The President's Cup was won by Duke of Norfolk, June 11, 1896, in a mile and a half race run at Kapiolani Park, in 2:46 2-5. The cup was presented by Judge Widemann when president of the Hawaii Jockey Club. Col Spalding suggests that the cup be given annually for a mile and a half race for Hawaiian-breds, in addition to a purse, the cup to pass from winning to winner of the race only when the previous best time be beaten.

C. J. Spalding, than whom there is no better lover or keener judge of the thoroughbred in these islands, writes that he values the trophy greatly, and that he wouldn't take \$1000 for it. Also he objects to the cup becoming "a Jockey Club ornament," or to have it won in a single race. "It represents," writes the staunch old sportsman, "the triumph of a horse raised by me, and on the old time track the time made by him is not bad." He concludes, characteristically: "You may have faster runner than the Duke in Hawaii today, but you have no better horse." Duke of Norfolk was by Kealia out of Rosita, the pedigrees of both of which animals Col. Spalding has for 20 generations.

The proceeds of the play will be used for the benefit of the High School library, playground, etc. It is not the aim to raise a large sum of money, but to give an evening of wholesome entertainment at a reasonable price, and to interest the people of Kauai in the work of the school. ## OUTING FOR LIHUE S. S. CHILDREN

The Lihue Union Sunda School enjoyed one of their occasional picnic outings on Friday afternoon last, with the usual attractions in the way of children's games, refreshments, etc., much to the satisfaction and delight of the youngsters and their parents, many of whom were in attendance.

The ladies added no little to the interest of the occasion by a nail driving contest, in which the best record was fifteen blows of the hammer for a ten penny nail where an ordinary man would have required three or four strokes at most, so he says! As a matter of fact very few of the nails were driven home at—all they came to grief before they got that far.

The outing was slated for that land of adventure and romance, the German Forest, but the uncertainty of the weather led to a transfer to the church lawn. However, not to be utterly disappointed, a goodly number of the children made an automobile tour of the Forest after the picnic, and came back full of enthusiasm about what they had seen.

### Officers To Meet

Colonel Broadbent has called a meeting of officers of the Fourth Infantry for the evening of June 10. This will be the last meeting before the big events of July Fourth.

HARVARD STUDENTS HEAD COLLEGES IN "PREPAREDNESS" MOVEMENT—UNIVERSITY STUDENTS DRILLING OUTDOORS FOR FIRST TIME.

Harvard University was among the first of the colleges to form a company of students into a semi-military body. Since its incorporation the members have devoted much of their spare time drilling and going through maneuvers, preparing for any emergency in which their training and knowledge may be of service. Hitherto, the students have been compelled to go through their exercises indoors, but now drill on the campus. This photo shows them in their first drill held outdoors. Many of the colleges throughout the United States have organized similar "preparedness" corps and the movement is taking fast hold not only of universities but also of public and private schools.
