### "Temptation" Coming

W. Fernandez has succeeded in getting the splendid film "Temptation" for his Kauai patrons, featuring Geraldine Farrar, the celebrated Metropolitan grand opera star—the first appearance of Miss Farrar in pictures. This feature will surely please everybody. See announcement elsewhere for dates at various towns.

### May Be Idiot

The Waimea district court is puzzled over just what to do with a Filipino held under arrest there since last Saturday on the general charge of insanity. It has developed that the man may be in the class designated as idiots, and harmless, and if that is conclusively shown he will probably be released.

### Scenery For Tiptop

A contract has been closed with Harry R. Marcelle, the scenic artist who is now at Honolulu, to paint the beautiful scenic designs for the new Tiptop theater in Lihue. He will begin work very shortly. The scenery for the new theater will be quite elaborate.

### Republicans To Meet

Meetings of Republican voters will be held in all of the precincts at 7:30 Thursday evening for the purpose of nominating officers of the clubs and delegates to the Territorial convention. These officers will be elected a week later, as per party rules.

Mr. McCall, of the High School, who has been so ill at the Lihue hospital of typhoid fever, left the hospital a week ago and is now staying at the residence of Hon. W. H. Rice.

## FILIPINO DROWNS IN RESERVOIR

A Filipino named Marian Chimal, aged 24, was drowned about noon Sunday while bathing in the Kamalama reservoir at the Kapaa side of Kealia plantation.

The victim of the accident and two other young men went to the reservoir to swim. One entered the water with Chimal, the other tarrying on shore. On a sudden Chimal took cramps and sank. His companion made an unavailing effort to save him.

The dead man was an employee of the Makee Sugar Company.

A coroner's jury empanelled on the case returned a verdict of accidental drowning.

## NARROW ESCAPE FROM DROWNING

Three Japanese belonging to Lihue mill camp undoubtedly owe their lives to the timely assistance rendered them by head luna A. Theilen, when last week the former attempted to fish off the rocks near one of the sand beaches located along the marine drive.

Mr. Theilen and family were enjoying a quiet picnic near the shore when it was observed that the Japanese in question seemed to be in distress, apparently endeavoring to fight against a strong undertow, although it was evident that none could swim. A wave caught up one of the distressed Nipponese, dashing him against a rock, and causing him to lose consciousness and go under. Mr. Theilen threw out some lumber to the remaining struggling fishermen, and together they succeeded in dragging the limp form of the unconscious partner ashore. After working over the apparently lifeless body for some time, success rewarded the first aid workers and the man was able to be taken to Lihue where the wound received on the head from impact with the rock was dressed.

### Wants Kauai Documents

The following is from the Honolulu Star-Bulletin:

Robert C. Lydecker, librarian at the public archives, will visit both Maui and Kauai within the next few weeks to gather on those islands the old court records that have been preserved in the different circuits.

Recently Mr. Lydecker visited Hawaii on a similar trip and has been busy for the last few weeks arranging his findings in the new racks at the archives building. He has not set the exact date for his trip, nor decided on which island to visit first.

### Official Trips Fail

Last Thursday County Clerk J. M. Kaneakua and School Supervising Principal Brodie went over to Niihau, the former to register the voters on the little island and the latter to inspect the small school there. Judge Dickey was also a member of the party, he going along on a shell-hunting expedition. It was so rough, however, that the party could not be landed on the proper side of the island and the return to Kauai was made without results to any of them.

## GIRL DROWNS IN KALIHUAI STREAM

A fifteen year old half Hawaiian, half Chinese girl named Helen Maluna was drowned last Sunday in the Kalihi-wai stream, competent help being summoned much too late to allow resuscitation efforts to be of any avail.

Two small children accompanied her at the time, none of the trio however, being able to swim. Helen preceded the others into the stream, suddenly exclaiming "Go back, it is too deep here" and sank.

Frightened, the youngsters ran for help, but it is claimed an hour had elapsed before John Akana finally reached the body, from which life had very evidently been extinct for some time.

## TENNIS PLAYERS TO PLAY "ACTING"

Elaborate plans are under way for what promises to be the crowning event of the season, in the way of entertainment by local talent.

Tennis on Kauai will be given a strong stimulus by a number of enthusiasts, whose efforts are bent toward putting before the public an evening's program, designed to eclipse any further attempts by Kauai amateurs for the benefit of that popular sport.

The main feature, it is learned, is to consist of a two act farce entitled "Mr. Bob." Characterization features of a high order, as well as roles of wide latitude, make this a farce not usually attempted outside of the professional stage, but it is confidently asserted that a caste well able to do full justice to this piece, has been selected.

Friday June 16th has been selected as the date on which this performance will be given at the Lihue Hall. Other features consisting of musical items and fancy dancing will round out a solid evening's enjoyment with dancing to follow.

Numbered reserved seats are on sale at Hofgaard's Store, Waimea, and also at the Lihue Store.

### Two In One

The first battalion, Fourth Infantry, needed a scaling wall for maneuvers in Lihue and also wanted a new backstop for the baseball field. Major Rice conceived the idea of building the scaling wall where the backstop ought to be, so he now has both in one structure.

### Officers Coming

General Samuel I. Johnson and Colonel Chas. S. Lincoln will make a tour of inspection of Kauai's National Guard in the next week or two, definite word as to the date of their arrival here being expected at any time.

E. A. Knudsen, who is in the city to attend the meeting of the commissioners of education, left on Thursday for a quick visit to the volcano, returning to Honolulu Sunday morning.

Mr. and Mrs. H. A. Peiler, of Waialua, Oahu, wish to announce the engagement of their daughter, Dora, to K. C. Ahana, of Lihue, Kauai.

## WEDDING IN LIHUE SATURDAY NIGHT

There was a pretty wedding in the Lihue German church at 6 o'clock Saturday evening when Christopher J. Kuhlmann, clerk in the Bank of Hawa'i and well-known athlete, and Miss Eleanor M. C. The church had been beautifully decorated under the supervision of Mrs. Hans Isenberg, and was filled with the relations and friends of the contracting parties.
