

# The Garden Island.

ESTABLISHED 1904. VOL. 16. NO. 12.

LIHUE, KAUAI, TERRITORY OF HAWAII, TUESDAY, MARCH 23, 1920

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

## LAST SUNDAY'S SOCCER GAMES

Two corking good games of soccer were played last Sunday, though the rain had somewhat of a dampening effect on one of them.

### The Lihue-McBryde Game

The first game, between Lihue and McBryde, at Lihue Park, brought joy to the hearts of the home fans, as Lihue won a decisive victory over the visiting team by scoring one in the first period, and two in the second, as against nothing for McBryde, thus gloriously redeeming themselves for the somewhat spiritless game they played against Kawaihau the Sunday previous.

In the first period Lihue had a stiff wind to buck, but managed to keep the ball in McBryde territory most of the time, and in about twenty minutes of play Manuel Fernandez, with a well placed kick, shot the ball by the goal keeper for the first point.

In the second period McBryde went in to even up matters, but Lihue had pep to spare this day and gave the visitors no chance to score. On the other hand, Lihue missed several shots that should have scored goals by not taking account of the wind and over-shooting.

Captain Hutton was the next Lihue player to distinguish himself by shooting a goal. Lihue got a corner kick which Hutton received and made a try for goal. The ball was intercepted, however, but Hutton was right on his toes and followed up with another try which proved a grand success. About two minutes later Manuel Fernandez covered himself with glory by shooting his second goal for the day.

This ended the scoring and placed Lihue in second place. Although McBryde lost the game, they still head the list with six points to their credit, with Lihue a close second with five points.

This was another ideal game from a sporting standpoint. It was absolutely clean of intentional rough play, nor was there any dissatisfaction shown at the decisions of the umpire. A Siebel umpired the game and performed this duty in his usual excellent manner.

### The Makaweli-Kawaihau Game

The Makaweli-Kawaihau game took place at Kapaa and ended in a tie, with no scoring done. This was, without doubt, the hardest fought game of the season, though, from a spectacular standpoint, it did not amount to much, as intermittent showers throughout the game made the ball wet and slippery—consequently very little good kicking (of the ball) was done (though there was no lack of the verbal kind).

Makaweli was badly handicapped by having to play several green men. On the other hand, Kawaihau put up a great scrap and seemed to have a shade the better of the argument, as they kept the ball in the visitor's territory most of the time, though they could not come through with the necessary goal. A. Seibel also umpired this game.

### Double-Header Next Sunday

Next Sunday there will be a double-header at Eleele. Lihue will meet up with Makaweli at 2 o'clock and McBryde and Kawaihau will play at 3:30.

There is going to be some fast

## Kapaa Notes

Mr. Jacob Y. Woo, recently a chemist with Pepeekeo Sugar Company of Pepeekeo, Hawaii, arrived last week to take the position of night chemist with Makee Sugar Company. Mr. Woo is a graduate of the College of Hawaii and is the son of the Rev. Y. P. Woo, of Honolulu.

The Kapaa school garden is in fine condition and the local vegetarians as well as others who are not fortunate enough to have a vegetable garden of their own, will soon be able to satisfy their wants by paying a visit to this garden of plenty.

Mr. Geo. H. Raymond reports that all the Kapaa school teachers who were attacked with influenza, have fully recovered.

Although the flu has apparently departed for other fields so far as this district is concerned, the local theatres and schools are still closed due to the belief of the Government physician that this method lessens the spread of the disease. Local opinion, however, is that this continued closing, particularly that of the Kapaa school, is not justified, as Honolulu, with its theatres and other places of amusement running wide open and its schools, which are many times more crowded than on Kauai, open as usual, has only about 3000 cases of flu, whereas Kauai, with its schools and theatres all in the infected districts closed, has almost 6000 cases according to last reports.

Dr. Patterson, when asked yesterday as to when the ban would be lifted, stated that so far as his information went, Dr. Kuhns is the only person who had the authority to reopen the local school and theatre, as he was given no instructions with reference to this matter when Dr. Kuhns left for Honolulu.

Many local residents were fortunate enough to be given the chance to see four submarines sail past Kapaa on Thursday. These underwater craft were out for a cruise from their base at Pearl Harbor.

### SUBS VISIT KAUAI

Four submarines cruising from the Pearl Harbor base, anchored for a while at Nawiliwili last Thursday evening. This the second visit the subs have paid the Island in the last few months.

### HANAIEI HAS FLU VICTIM

Hanaiei registers its first real case and death of flu. A Japanese resident there came to Lihue to attend a funeral here, and returning, carried with him the contagion which carried him off a few days later. The premises where he lived are quarantined.

### DR. RUTH MCKELLAR AT KOLOA

Dr. Ruth McKellar came over from Honolulu last week at the instance of the Board of Health to assist Dr. Waterhouse in handling the flu situation on that side of the Island. Dr. Waterhouse is now confining his services to the Eleele-Hanapepe region, where the epidemic is at its worst, while Dr. McKellar takes care of the Koloa end.

play exhibited at these games, and it is expected that a record crowd will be present.

### Standing of Teams:

McBryde	6
Lihue	5
Makaweli	3
Kawaihau	0

Miss Rosie M. Silva, well known school teacher of Kalaheo, who has been rendering efficient aid at the Eleele hospital, is confined to her home with a slight attack of the flu.

## THE CENSUS FIGURES

Following are the complete 1920 census figures for the Territory by counties and districts (exclusive of military and naval population).

TERRITORY OF HAWAII		1920	1910
Territory		249,992	191,909
HAWAII		1920	1910
Territory		64,896	55,382
Districts			
Hamakua District		9,122	9,037
Kau District		4,028	4,078
North Hilo District		5,644	4,077
North Kohala District		5,275	5,398
Puna District		7,283	6,834
South Hilo District (including Hilo City)		23,828	18,468
Hilo City		10,431	6,745
South Kohala District		1,304	922
South Kona District		4,703	3,191
OAHU		117,606	82,028
Districts			
Ewa District		17,896	14,627
Honolulu District		84,369	52,183
Koolauloa District		4,490	3,204
Koolau District		4,305	3,251
Waikawa District		1,342	799
Waialua District		7,641	6,083
Waimea District		1,802	1,846
Midway Island		31	35
KALAWAO		667	785
Districts			
Kalaupapa District (leper settlement)		667	785
KAUAI		29,438	23,952
Districts			
Hanalei District		2,549	2,457
Kawaihau District		4,533	2,580
Lihue District		6,223	4,951
Koloa District		7,270	5,769
Waimea District		8,863	8,195
MAUI		37,385	29,762
Districts			
Hana District		3,100	3,241
Lahaina District		7,327	4,918
Makawao District		10,900	8,855
Wailuku District		14,941	11,742
Molokai District		1,117	1,006

## Plans To Open Up New National Parks

Plans for opening up national parks in Hawaii were discussed at a conference Friday between Horace M. Albright, assistant director of national parks, who arrived last Tuesday on the Wilhelmina, and Acting Governor Iaukea, Acting Attorney General Lightfoot, Land Commissioner Bailey and representatives of the Chamber of Commerce and the Tourist Bureau, says the Advertiser.

Mr. Albright, who intends to remain in the Territory for several months, will leave soon for Hawaii to look over the Kilauea National Park and then go to Maui to inspect the Haleakala National Park. He will be accompanied by Charles J. Judd, executive officer of the board of agriculture and forestry, and in Hawaii will be assisted by George H. Vicens of Hilo, representing the Chamber of Commerce, while Worth Aiken will aid in the inspection of Haleakala. When Albright goes to Kauai, he will be assisted by William H. Rice, Jr. He is expected to come to Kauai about April 10th.

Data to help in obtaining an appropriation from Congress for the upkeep and improvement of national parks in the Territory is Albright's objective. One of the problems to be solved is the exchange of government land outside of the forestry reserves for privately-owned land within them. Much of the detail work of these exchanges will be in hands of the governor's office. The Bishop estate, for instance, has agreed to exchange land valued at \$52,000 within the reserves for equally valuable land outside of it, the Territory already having been authorized by congress to make the exchange.

W. O. Crowell and family are residing at their Lawai home, recuperating from an attack of the flu.

## Veteran Legislator And Minister Dies

Rev. J. A. Akina, for long years a prominent resident of Waimea and well known on Kauai, died in Honolulu, March 15, after an illness of several weeks duration.

Originally a carpenter by trade, he studied law, and was admitted to practice in the lower courts. He was elected to a seat in the legislature in the days of the Monarchy, and again in the first Territorial legislature, he was made speaker of the house.

A little later he was ordained to the ministry, and for years served as pastor of the Hawaiian churches at Waimea and Hanapepe.

A few years ago he moved to Honolulu where he finally assumed charge of the Hawaiian herb-medicine department of the board of health.

Rev. J. A. Akina was a ready and convincing speaker in Hawaiian, with a keen sense of humor, and a good deal of facility in the use of the same. He was a shrewd politician, skillful in his use of political measures, and with a keen insight into human nature—with its various weaknesses and failures—and deft in using them to his own ends.

Mrs. W. V. Henry of Waimea is his daughter.

## Death of John Lovell

Among the deaths consequent on the flu, one of the most regrettable is that of John Lovell, assistant jailer at Lihue, who died last week, after making a brave fight for life. He was an uncommonly fine specimen of Hawaiian, generously endowed with those attractive qualities that win favor and make friends on all sides. In addition to a very pleasing personality he had a good deal of the rattle and character of a successful business man. He was a young man of much promise. We can ill afford to lose him.

Dr. A. R. Glaisyer is in the Makaweli hospital suffering from quite a severe attack of flu. Mrs. Glaisyer, who has been quite ill, is able to be around again.

## Personals

Mr. and Mrs. J. K. Farley are back from Honolulu this morning after a ten day's visit to the metropolis.

Miss Grace Haskell, of the Lihue public school, is back from a few days in Town.

E. A. Knudsen was among the passengers by the Kinau arriving this morning.

Prof. H. E. Gregory, director of Bishop Museum, came to Kauai last Friday and has been making a pretty thorough tour of the island.

W. F. Sanborn, of Hanalei, went to town by the Kinau on Saturday, and will be gone for several days.

### Island Exports Show Big Gain

A gain of more than twenty-two million dollars in the total value of exports from Hawaii to the states during 1919 over 1918, is shown in statistics made public by Raymer Sharp, special deputy collector of customs, says the Star-Bulletin. They are taken from the annual report of the treasury department, received a few days ago from Washington.

Total value of merchandise shipped from Hawaii to the mainland in 1919 was \$98,363,015, against \$75,759,749 for the calendar year 1918. This is a gain of \$22,603,266.

Total value of imports from the mainland in the calendar year 1919 was \$49,983,869, against \$39,852,985 for 1918. The increase is \$10,130,884.

Because of the increased price of sugar last year, the total value of sugar shipped from the islands to the mainland was \$76,305,959, against \$56,894,325 for 1918. This is a gain of \$19,411,634.

Canned pines show a large increase in value, the total for 1919 having been \$17,610,710, against \$11,553,243 for the 12 months of 1918. This is a gain of \$6,057,467.

Coffee shows a \$30,000 gain, the total being \$652,837 for 1919 as compared with \$622,837 for 1918.

Hides are the only item reporting a decrease, the 1919 total standing at \$359,879, against \$375,769 for 1918.

Canned fish show a gain of almost 100 per cent. The total for 1919 was \$205,728, against \$119,561 for 1918.

## Obituaries

### PETER NALUAI

Among the victims of the flu epidemic at Lihue was Peter Naluai, chief entry clerk of the Honolulu custom house. His wife, who was holding down a homestead on Kauai, was taken sick, and he came over to see her through. He himself contracted the disease, was taken to the hospital and died there last Tuesday. He was a valued servant of the customs department.

### HANNAH KEUMA

Mrs. Hannah Keuma, nee Mitchell, of Haleiwa, died last Tuesday, a victim to the flu. She leaves a family of six small children that will be cared for by relatives.

### MARIE BUSH BREMER

Marie Bush Bremer, wife of Bernard Bremer, died of the flu at Makaweli, March 20. She was about 36 years of age, and was a daughter of the late Antone Bush of Lihue. The family was well known in Lihue, where she was brought up.

### MRS. JAMES EDWARDS

Mrs. James Edwards died recently in Honolulu as the result of severe injuries sustained in a fall. The Edwards lived in Lihue for some time, years ago, and later at Kilauea where Mr. Edwards was mill engineer.

### KIM CHUN EIL

Kim Chun Eil, Korean contractor for Grove Farm Plantation, died last Thursday of the flu at Akakulu, Lihue. He leaves a wife and five children. He was outpost junior sergeant for the Salvation Army, a tried and faithful officer, very highly respected, always ready to give a cu of cold water, or any thing else that he could, in the name of the Master. He will be much missed by his people, as well as by the Salvation Army.

## KAUAIANS WILL SEE PRINCE OF WALES

Kauaians who plan to participate in the processional at the end of the Hawaiian Mission Centennial pageant drama at Rocky Hill, on the afternoon of Tuesday, April 13, will have a double honor, for on that day His Royal Highness, the Prince of Wales, will be in attendance as a special guest of honor. The Kauaians, as well as the other Islanders, will pass before the heir to the British throne, and so will not only see him but be seen, creating a memory that will be worth while in years to come.

The processional of the pageant-drama is entirely distinct from the civic and industrial parade, to consist largely of floats, which will be held Thursday afternoon, April 15. The two have been confused to some extent. Miss Ethel Damon's invitation to Kauai organizations to send at least two representatives for the "processional," is for the final climax of the pageant on April 13.

## Official Flu Figures

By the courtesy of the Board of Health, through the local agent, we publish herewith the flu figures accruing from March 13 to March 20:

Waimea District:	Cases	Deaths
Kekaha and Mana	51	5
Waimea	1	1
Makaweli	28	2
Hanapepe	45	0
<b>Total</b>	<b>125</b>	<b>8</b>
Koloa District		
Kalaheo and Lawai	8	0
Wahiawa and Eleele	311	5
Koloa	92	2
<b>Total</b>	<b>401</b>	<b>7</b>
Lihue		
Scattered	110	16
Kawaihau		
Kealia and Kapaa	56	6
Molokaa	18	0
Wailua and Waipouli	6	6
<b>Total</b>	<b>74</b>	<b>6</b>
Hanalei		
Koolau	3	1
Kilauea	1	0
Hanalei	1	1
Wainiha	3	0
<b>Total</b>	<b>8</b>	<b>2</b>
<b>Grand Total</b>	<b>724</b>	<b>54</b>

## BIG DRIVE TO START IN APRIL

The united financial campaign for the Kauai Y. M. C. A., Kauai boy scouts and the public school athletic league, which was to have been put on a month previous will now be carried forward to the first week in April. Although the flu situation is still somewhat of a handicap in carrying out the plans of the committee, still it is believed that Kauai people can be relied upon to support these institutions without exacting details necessary in less understood causes. The Y has issued a very attractive report in the form of an illustrated folder and suitable posters of information about the boy scouts and the school athletic league will soon appear. The amount that will be asked for in this united drive will be \$13,850.

## NOT A MISTAKE

On the face of it the census figures for Kauai, as published in this issue, would seem to be misleading in giving Koloa a larger population than Lihue. An appeal to the census supervisor brings back the assurance however, that the figures are correct.—Koloa 7,270, and Lihue 6,223.

## NEWLY APPOINTED HEAD OF JAPANESE WORK ARRIVES

The Rev. H. B. Swartz, the newly appointed worker for the Japanese people in the territory under the direction of the Methodist Mission, arrived on Kauai this morning to spend a few days getting information as to his field and religious work generally on this island. Dr. Swartz has been a missionary in Japan for 17 years and knows the the Japanese language and people well.
