

A Signature of Value

Watch for the "GOODYEAR" Signature. You see it every place you go, standing out proudly, a mute testimonial that the car that passed over was equipped with the safest and best tire manufactured.

Tire cost per mile is one of the car owner's biggest items of expense, and naturally it is policy to use a tire that will deliver the most mileage per dollar.

"GOODYEAR" is that tire, as is evidenced by the fact that more people ride on "GOODYEAR TIRES" than on any other tire. That is true here on Kauai as everywhere automobiles are used.

BEAUTIFUL HONOLULU HOME TO BE SOLD

IN HONOLULU'S most exclusive residential district, where the great overarching shade trees, brilliantly flowering shrubs and stately royal palms create a delightful environment, the residence pictured in this advertisement is beautifully set in spacious grounds.

The property has 192 feet frontage on Wilder Avenue, almost opposite the Pleasanton Hotel, contains about three quarters of an acre and is set with tropical fruit-

bearing and decorative trees on a luxurious lawn.

The house has a stone foundation, contains five bedrooms and is fitted with every convenience, including a hot water system. There are in connection a laundry, servants' quarters and garage.

To build such a house now would cost more than the \$17,500 asked by the owner for the entire property.

THE TRENT TRUST COMPANY'S real estate department specializes in the handling of such high class property as this. Intimate contact with the realty market makes it possible for us to serve both buyer and seller most advantageously. It is only necessary for you to write us outlining your desires and we shall take pleasure in frankly advising you as to the feasibility of carrying them out.

TERRITORY OF HAWAII

BOARD OF COMMISSIONERS OF AGRICULTURE AND FORESTRY

RULE XXI—DIVISION OF PLANT INSPECTION

Rule and Regulation of the Board of Commissioners of Agriculture and Forestry Concerning the Control of Certain Insect and Plant Pests.

The Board of Commissioners of Agriculture and Forestry of the Territory of Hawaii hereby make the following rules and regulations for the purpose of controlling certain insect pests and plant pests in the Territory of Hawaii:

SECTION 1. No ginger plant, or part thereof, no fern plant or part thereof, and no Spanish moss, (Tillandsia usneoides) otherwise known as Florida moss or old man's beard, shall be carried, transported, or shipped from any one island in this Territory to any other island in this Territory, except by special written permit from the Board of Agriculture and Forestry.

SECTION 2. No ginger plant or part thereof, no fern or part thereof, and no Spanish moss shall be transported in any manner from one part or locality of any island to another part or locality of the same island, except by special written permit from the Board of Agriculture and Forestry.

SECTION 3. Inspectors and other duly authorized agents of the Board of Agriculture and Forestry are hereby empowered to examine and inspect all freight, baggage, and belongings leaving or arriving at any port of the Territory or being transported from one part or locality of any island to another part or locality of the same island and to destroy any and all ginger plants or parts thereof, and all fern plants or parts thereof, and any and all Spanish moss found among or in such freight, baggage and belongings.

March 16, 23.

TERRITORY OF HAWAII

BOARD OF COMMISSIONERS OF AGRICULTURE AND FORESTRY

RULE XVI—DIVISION OF ANIMAL INDUSTRY

Under authority of Section 503 of the Revised Laws of Hawaii, 1915, the Board of Commissioners of Agriculture and Forestry hereby issues the following regulation to prohibit inter-island shipment of dairy cattle affected with tuberculosis:

SECTION 1. No dairy cattle shall be shipped from one island to another unless accompanied by a permit issued by the territorial veterinarian, or his deputy, on blanks supplied by this Board.

SECTION 2. Such permit shall certify to the freedom from tuberculosis of the animals in question as proven by the tuberculosis test within one week previous to shipment, or certify that the animals come from a herd which has passed the tuberculin test successfully twice within the preceding eighteen months.

SECTION 3. The territorial veterinarian, or his deputy, shall on request of the owner or shipper, issue a permit to ship untested but apparently healthy cattle in quarantine, such cattle to be kept segregated on premises approved by said officer at the point of destination until tuberculin tested and released by him.

SECTION 4. It shall be the duty of the owner or consignee to make sure that the said permit reaches the territorial veterinarian, or his deputy, before removal of the cattle from the wharf where landed, and the master, owner or agent of the vessel carrying such cattle shall not allow such removal until authorized by said officer.

SECTION 5. The territorial veterinarian, or his deputy, issuing such certificate shall furnish a copy of the same to the local agent or the master of the vessel accepting such shipment and shall mail or forward another copy without delay to the territorial veterinarian, or his deputy, at the place of destination.

SECTION 6. This rule shall take effect upon its approval by the Governor.

Approved this 25th day of February, 1920.

CURTIS P. IAUKEA,
Acting Governor of Hawaii.
Honolulu, T. H. March 16, 23.
