

# The Garden Island.

ESTABLISHED 1904. VOL. 16. NO. 31.

LIHUE, KAUI, TERRITORY OF HAWAII, TUESDAY, AUGUST 3, 1920

SUBSCRIPTION RATES, \$2.50 PER YEAR 5 CENTS PER COPY

## LIHUE STILL LEADS MAKES RUNNER-UP

Lihue 16, Makaweli 7

Sixteen to seven does not sound very thrilling for a baseball game. Yet there were quite a few thrillers scattered throughout the game; the most conspicuous one being the bonehead play of the season pulled by Prioste. It happened in the fifth inning. Makaweli was at bat and had the bases full. The next batter up got a hit, rounded first and went to second, while the first two men ahead of him scored. Prioste, on first for Lihue, claimed the last man had not touched first, so he walks over to the pitcher, takes the ball and strides majestically back to first (without looking back). By the time he reached his position the two remaining runners had scored.

Lihue landed on Furtado at the start and hammered him unmercifully throughout the game, with numerous two-baggers, and a home run by Prioste, in which the man of big feet actually made the circuit.

The work of Lihue's outfield was a feature of the day. They simply ate 'em alive, from any distance, height or angle.

Mitsu, Lihue's shortstop, made a difficult catch that drew applause from the fans. A fly ball came his way. He saw he could not get under it if he ran backward facing the ball, so he turned and ran with the ball, making the catch with the sphere falling into his mit from over his shoulder. It is one of the most difficult catches known to baseball, and is seen about once in a blue moon.

Six times at bat and four runs, two of which were two-baggers, is the record of Manuel Pereira, center fielder for Lihue. Watase, Makaweli's crack little centerfielder, was five times at bat and brought in three runs. Tank, Lihue's catcher, was six times at bat and brought in three runs. Carvalho, right field for Lihue, was five times at bat and made two runs. Okuda, Prioste and Dol, of Lihue, were up six times each and brought in two runs each.

Pedro, catcher, Burgess, at third, and Watase at center, for Makaweli, all played fine ball, and kept their heads at all times.

Musaro, scorekeeper for Lihue, has a siege of boils and was not able to be present at this game, and as no complete score was kept, we are unable to give the score by innings.

**Makee 9, McBryde 3**

With the runner-up position at stake, the McBrydes were again defeated by the Makees on the latter's grounds on Sunday to the tune of 9 to 3. One of the largest crowds that ever witnessed a baseball game on the local diamond was present, and automobiles surrounded the field as far as parking space permitted.

The Makees certainly have the McBryde's number safely hidden away every time the two teams meet. Captain Henderson's men would play rings around the Makawelis, and Kilaueas, and make the Lihues extend themselves to beat them, but when the Makee clan makes its appearance, they seem to forget themselves and let the Kapaa boys score almost at will.

Pitcher Wramp, the elongated flinger, who is the one best bet of the McBrydes this year, lasted only two innings, being yanked in the third, after five runs had been scored off his delivery. Robello was called in to stop the rally and allowed four runs during the last six innings.

The Makees started their dark horse pitcher, "Sunburn" Cummings, who had been held in reserve since the beginning of the season, and he made good with a vengeance. Although a trifle wild at times, he pitched a great game, allowing only two singles, but, unfortunately, these two hits were made each time with a man on third. McBryde's runs came in the first and last innings, as "Sunburn" was unhit-table for seven innings in succession.

Aside from the excellent pitching of Cummings, terrific hitting by the winners featured the fray. Hoopi secured two doubles and a single, and Bun Hee was a close second with two singles and a double.

The Makees started their scoring in the second stanza. Hoopi's single, followed by Soong's double, a fielder's choice and a boot by Andrade in right brought in three runs. A single by Bun Hee, followed by Spalding's error, Hoopi's double and a couple of infield grounders let in another four runs in

## Personals

Allen Wilcox came over from Town by the Kinau this morning.

The Misses Lindsay, two sisters, of Maui, are visiting friends in Makaweli.

D. Kamaipili, wife and infant returned from Honolulu this morning.

Captain Henderson, of the McBryde baseball team is sporting a new Dodge roadster.

Mr. and Mrs. Guyot, of Hanamaulu, departed Saturday, enroute for their home in Louisiana.

Miss Channing, head of Y. W. C. A. work in Honolulu, departed by the Kinau Saturday after several days spent on Kauai in Y work.

W. C. Achi, Sr., returned to his home in Honolulu Saturday after a short visit with his son, Judge Achi, and family, of Lihue.

W. F. Sanborn and family will spend several weeks at Kokee, where they will occupy the Faye house. They will go up tomorrow.

Miss Lydia Brodrero arrived last week from the mainland to visit with her relatives, Col. Spalding and family, at the Valley House, Kealia.

Mrs. J. M. Lydgate gave a luncheon on Friday afternoon for Mrs. Kenneth Brown and her mother, Mrs. L. S. Mesick. There were six ladies all told and they had a very nice time.

Jay Gould, of New York, came over from Town by the Kinau this morning and will spend some time with the Coneys, to whom he is related by marriage.

A. B. Corcoran, sales manager of the Newton Auto Exchange, is still busy selling Palge cars. He has placed several and expects to place several more before the end of the week.

Mrs. Dora Isenberg returned from the coast this morning, arriving here by the Kinau. She was accompanied by Miss Brewer. They have spent most of the time during their absence, in California.

Mrs. Nicholson, of Japan, is visiting Dr. and Mrs. Waterhouse of Koloa. Mrs. Nicholson is a sister of Dr. Waterhouse, who went to Japan several years ago in missionary service, and married there.

Mrs. R. D. Moler gave a tea last Thursday afternoon in honor of Mrs. Guyot, of Hanamaulu, and Mrs. Kenneth Brown, of Honolulu. There were sixteen ladies present and it was an uncommonly successful and enjoyable affair.

Manuel Teves, assistant bookkeeper at Koloa plantation, received shipment last week, through Walter Eklund, of a Cleveland touring car. Mr. Teves is very much pleased with the smooth operation of his purchase.

Mrs. Marion Drake, of the mail order department of The Liberty House, Honolulu, arrived by the Kinau last Friday morning. Mrs. Drake is at the Waimea Hotel at present, but will be at the Lihue Hotel for a few days before her return to Honolulu.

Mrs. Broadbent, and her daughters, Dora and Alice, left for the mainland last Saturday. Dora is going to Columbia University, New York, to continue her studies after a year at the University of Hawaii. Mrs. Broadbent will probably go with her to see her settled there. Dora gives promise of brilliant attainments and her friends are justified in expecting great things of her.

the third. Bun Hee doubled in the 4th and when Madeiros booted Hoopi's grounder, another run came in. Hoopi scored when the visitor's infield committed two more errors in an attempt to catch him napping.

In the initial frame, a walk, a fielder's choice and a timely single by Henderson scored a run for the Eleese boys. After that inning, they laid down and did not wake up until the ninth. Henderson was safe when King dropped his liner. Spalding made McBryde's second safe hit of the day, and Henderson scored on King's high peg to the plate. Gomes grounded to Cummings, who heaved the pill over the first baseman's head, and Spalding scored. Gabriel popped to second. Jordan fouted to Rodrigues, and Cap-

(Continued on Page 8)

## HAWAIIAN SUGAR TAX APPEAL

The Hawaiian Sugar Company tax appeal case came up for hearing before the board last Friday and proved to be one of such gravity and importance that it ran over to the next day and took up all of Saturday.

The returns made by the plantation set the value at \$4,000,000, which the assessor raised to \$4,500,000. The plantation contended that by the termination of the Government lease of Hanapepe, they had lost 1,248 acres of their best land. Also Lahaina came had some back on them, and none of the new varieties would take its place. For these reasons they considered that an increased valuation was not justified.

The tax department, on the other hand, emphasized the fact that the profits for the last eight years had aggregated over \$7,000,000, which capitalized at 6 per cent would give a valuation of some \$13,000,000, at 12 per cent, \$6,500,000 and at 16 per cent even it would still give a valuation of nearly \$5,000,000. Accordingly, they claimed, \$4,500,000 was a very modest rating.

The board reserved decision until some time in the near future, to enable them to review the evidence and the pleadings more carefully.

The board consisted of E. M. Cheatham, Frank Crawford and C. B. Makee. Judge Lightfoot represented the tax department, and W. L. Stanley, the plantation.

## H. D. SLOGGETT COMING TO GROVE FARM

H. D. Sloggett, formerly of Lihue Plantation and for many years assistant manager of Paia, Maui, will come to Kauai to assume the position of assistant manager of Grove Farm, succeeding the late C. H. Wilcox.

Mrs. Sloggett was Miss Etta Wilcox. The family has many friends on Kauai and they will be heartily welcomed to the community.

## WEEK DAY BIBLE CLASSES

The first week-day meeting of the Lihue Union Sunday School last Wednesday afternoon was very well attended. New songs were learned and an expository Bible talk by Mr. Warner was given. Following the formal meeting outdoors games were played on the church lawn.

Next Wednesday Mr. Bayless will be in charge and Miss Carter of Honolulu will speak. A swimming party will follow the Bible class session. All who can attend are reminded to bring their bathing suits and go directly from the church to the beach.

## THE POPE MEMORIAL CONCERT

The Ida M. Pope memorial concert, at Waimea Saturday evening was an unqualified success. The program was a fine one, well presented in every way. The house was full to overflowing, with a premium on standing room, and the receipts were very satisfactory. The net proceeds will run to something over \$300. The next concert of the series will be at Koloa a week from next Saturday evening.

## HONOLULU STOCK EXCHANGE

The quotations below are the prices at which the stock sold on exchange or the approximate price at which it may be purchased today.

Hawn, Commercial	68
Hawn, Sugar Company	38 1/2
McBryde Sugar Co.	19
Oahu Sugar Company	50 1/2
Olaa Sugar Company	17 1/2
Pioneer Mill Company	39 1/2
San Carlos Mill Co.	48 1/2
Waialua Agricultural Co.	40 1/2
Engles' Copper Co.	145
Hawaiian Pineapple Co.	81 1/2
Mutual Telephone Co.	16
Oahu Ry & Land Co.	50 1/2
Kahuku	26 1/2
American Factors	309
Kekaha	300

H. P. Faye, the veteran sugar man of Kekaha, and his son, H. P. Faye, Jr., were passengers by the Kinau this morning. They are returning from the Coast.

## CARLOS A. LONG NEW TAX ASSESSOR

Carlos A. Long has been appointed temporary assessor for Kauai, in place of the late J. K. Farley. To make the appointment permanent it must be approved by the Territorial treasurer, D. E. Metzger, who is absent from the Territory. This, however, is only a formality, concerning which there can be no question.

Mr. Long is of Island birth and extraction, who knows the country well, and who is particularly well versed in real estate matters and values.

The matter of a place to live is a serious problem, but he will probably secure the Cheatham cottage at Niuaulu.

## WALTER EKLUND ON THE JOB

Walter Eklund, representative of the von Hamm-Young Company, made delivery last Tuesday of a twin six 1920 Packard to Mr. B. D. Baldwin, of Makaweli. This came as a complete surprise to Mrs. Baldwin, who knew nothing of the transaction until the beautiful big car came up the palm fringed driveway of the Baldwin home. It is needless to say that Mrs. Baldwin was highly pleased.

This is the second Packard Mr. Baldwin has purchased. The first one was a 1910 model. Seeing the two cars together one realizes the great improvement made in the last ten years. The old model is replete with brass lamps and trimmings, presto-lite tank, etc. and had no starting mechanism other than the good right arm, while the 1920 beauty is magnificent in its very simplicity—graceful stream lines, and every convenience and improvement known to the industry.

Mr. Eklund also made delivery of two Dodges. The purchasers of these two cars saved a hundred dollars apiece by having signed an order for them before the recent raise. Two more Dodges are to be delivered soon under the same agreement. "It pays to get orders in early," says Eklund.

## Y. M. C. A. ACTIVITIES

Some really exciting games of basket ball are being pulled off in the armory on Monday and Wednesday nights, in the pre-season skirmish practice. "New York" and "Boston" teams are pretty evenly matched, consisting both of old stars and raw material. "New York" won on Monday evening by the close score of 39 to 26.

The armory is now equipped for basket ball, indoor baseball, traveling rings, parallel rings, boxing, quoits and checkers. More apparatus will be added later. Men and boys are invited to use these games on regular evenings.

A regular Y hut is being fitted up at Kekaha under the supervision of Mr. Macdonald. The Japanese school lawn is also being used for games.

## Y. W. C. A. SECRETARY PAYS VISIT TO KAUI

Miss Grace Channon, general secretary of the Young Women's Christian Association in Honolulu, and supervisor of Y. W. C. A. work in the Islands, spent Friday and Saturday on Kauai.

Miss Channon has recently returned from the mainland where she spent three months, having gone especially to attend the biennial Y.W.C.A. convention at Cincinnati.

On Friday she was the guest of honor at a luncheon given by Mrs. C. B. Hofgaard at Waimea for the members of the Kauai Y.W.C.A. board of directors. The luncheon was followed by a business meeting in which plans for a new year of Y work on Kauai was planned. Those present were: Mrs. W. H. Rice, Jr., Mrs. Sinclair Robinson, Mrs. F. A. Alexander, Mrs. Waterhouse, Mrs. Nicholson (Dr. Waterhouse's sister from China), Mrs. C. B. Hofgaard, Miss Elsie Wilcox, Miss Bissinger and Miss Soule.

Kekaha is paying extra dividends of seven per cent a month for the balance of the year—35 per cent in all. A year or so ago it sold for \$145. No one ought to complain about an investment like that.

## Kokee Notes

Miss Passmore, the well known collector, and Watson Ballentine, of the First National Bank, Honolulu, and formerly of the Royal Flying Corps, returned to Honolulu last Saturday after a delightful two weeks spent with the Eric Knudsens at Halemanu, Kokee.

Mrs. Frank Putman and Miss H. Hatch, of Honolulu, are guests of Mr. and Mrs. Eric Knudsen at Kokee.

The Knudsens will move to their beach house at Koloa about the 12th, where they will spend a few weeks before returning to Honolulu.

Mrs. C. A. Rice and daughters, who are spending several weeks at their new mountain house at Kokee, gave a delightful tea last Friday afternoon. Those present besides the hostess and the Misses Rice, were Mrs. Eric Knudsen, Mrs. Frank Putman, Miss H. Hatch and Miss Passmore.

Mrs. Mendell Welcker, of the Cedars, Berkeley, California, departed Saturday for her home, accompanied by her sister, Mrs. Aubrey Robinson and Lester Robinson. Mrs. Welcker has been visiting the Robinsons. Lester is going to the coast to enter the University of California.

## BASEBALL NOTES

If Lihue has the jinks on the Makees, the Makees are the Nemesis of the McBrydes. Lihue and McBryde continue to cut each other's throats. Kilauea hands a knockout punch to the Lihues, and Makaweli does likewise to the Makees. Indications are that this year's pennant will be won by a very narrow margin with three teams in the race right up to the end of the season.

Wramp looks like a million dollars against the Kilaueas and Lihues, but just give a glance at last Sunday's box score. That is why interest in baseball surpasses all other forms of athletics. Its uncertainty of the outcome that has such a strangle hold on the fans from week to week.

If Kilauea's jinz on the Lihues is in good working order next Sunday, and the Makaweli lads are ripe for another victory, wouldn't the race be even more interesting? May the best team win.

Batting averages for the Makee players including Sunday's game show that third baseman Hoopi is the leading sticker of the team, with an average of .419. Bun Hee is right behind with .417, followed by King with .313 and K. Hee with .308. The other regulars show averages as follows: Tanehiro and Arcia .222, Soong .143, Wolters and Shirai .083, and Rodrigues .074. Team batting is .240 and team fielding .893.

Makaweli certainly is to be congratulated upon the most efficient manner in which their ball ground is policed. A quarter inch rope marking the spectators' line and camp policeman Paul S. Loomis kept the players' territory absolutely free of spectators. It would be well for other league ground officials to try the effectiveness of a few hundred feet of quarter inch rope.

The question: "How far, or where, would Prioste have to knock a baseball to make a home run?" was definitely answered last Sunday. All he has to do is to knock the ball over a fence, where the fielder can't get it.

It is a pleasure to watch Burgess, third baseman for Makaweli, throw to first.

## SNEAKTHIEVES AT WORK

There was a burglary committed last Thursday at the unoccupied High School cottage. Some one broke in at the back through a high window and went through the whole house, ransacking and tearing things open, evidently in search of money or jewelry. Apparently nothing was taken.

It must surely have been a tenderfoot in the business to imagine that teachers had money or valuables, or if they had, that they would leave them behind!

The Kauai Garage has just been appointed island distributors for the Exide storage battery. A complete stock of the popular sizes will be kept on hand at all times. A liberal discount is offered to local dealers.

## EDITOR GROSVENOR PAYS KAUI A VISIT

Mr. and Mrs. Gilbert Grosvenor, of Washington, D. C., visited Kauai last Friday and Saturday. Mr. Grosvenor is the editor in chief of the National Geographic Magazine and is visiting the Islands for the purpose of obtaining material for a Hawaiian number of his magazine. He spent six weeks on the Island of Hawaii, and was informed in Honolulu that one day on Kauai would be sufficient.

Mr. and Mrs. Grosvenor are both strenuous sight-seers and in the two days that they were here, saw enough to know that two weeks would have been none too long to visit the points of interest on this island.

They devoted Friday mainly to the Waimea Canyon, which they found much finer and more impressive than they had imagined. Mr. Grosvenor regretted that he was not able to spend a week there. As it was, he secured a number of very fine pictures, but he would have liked to take a great many more.

Returning to Waimea, they made the trip to Olokele in the afternoon. They were under the personal conduct of C. B. Hofgaard, a very intelligent guide.

Saturday, under the conduct of Sheriff Rice, they went to Hanalei, Wainiha and Haena, and were charmed with the beautiful scenery and the various things of historical and legendary interest.

Mr. Grosvenor doesn't think very much of Honolulu's judgment concerning beautiful scenery.

The forthcoming Hawaii number of the Geographic will be one of exceptional beauty and will do abundant credit to the Islands. Several persons of special aptness will collaborate on it, and every effort will be made to have it accurate and authoritative as well as artistically beautiful.

## JOSEPH B. STICKNEY ARRIVES WITH COLUMBIA SPORTSTER

Joseph B. Stickney, representing the Pond Company sales department, arrived Friday morning with a Columbia 4 passenger sportster which he is demonstrating. This is the first Columbia to come to this Island, and it certainly is a beauty. "These cars have been selling so fast, we have not been able to keep one long enough to bring it to Kauai until now," stated Mr. Stickney.

In the Columbia six you get everything that you get in any other car, and a number of vitally important features you can get in no other car. For example, the Columbia has non-synchronizing springs, which make the car easy riding over the roughest roads. They are an outstanding automotive achievement accomplished by Columbia engineers.

"Another important feature of the Columbia is the 'Sylphon' thermostatically controlled radiator shutter. This control enables the motor to perform in all seasons of the year at maximum efficiency. It eliminates car disfigurements, such as hood covers, blankets, cardboard protectors—it puts an end to hard starting and slow warming up.

"The Columbia Six is the only car in which you will find the 'Sylphon' Thermostatically Controlled Radiator Shutter as standard equipment."

## STUDENT SOCIAL AT WAIMEA

A student social and religious service was held last Sunday night in the Waimea Japanese church. All resident students of the Kauai High, McKinley High, Mills, the Normal and Kawahao gathered for an evening of real enjoyment. After a rousing song fest, the pastor spoke very plainly and forcibly upon the subject, "Christian Americanization." Mr. Bayless spoke on, "A magnificent life for Jesus Christ." After some splendid music, rendered by the different groups, the crowd deluged with good home made ice cream and cake.

The success of the occasion was due to the forethought and minute preparation on the part of the pastor, Rev. Samuel Nagata.

The Lihue district court realizations from fines, forfeited bail, etc., for the month of July, was \$1062—a larger amount than usual.
