SCHOOL NOTES

High School.

On Wednesday afternoon, November 24, the Sophomore-Seniors and Freshman-Juniors clashed in their final battle of football, on the High School field. Every member of the school turned out to root for his or her team, and needless to say, there was no lack of enthusiasm and school spirit. The first half of the game was refereed by Mr. Townsend and the second half by Mr. Chillingworth.

The Sophomore-Seniors kicked off to the Freshman-Juniors, who ran up the field to be downed on the center. The Freshman-Juniors then hammered the Sophomore-Senior line back for a touchdown. The quarter ended without any further excitement. The second quarter started with the Sophomore-Senior on the Freshman-Junior's thirty yard line. The teams see-sawed back and forth for a few minutes, then the Sophomore-Seniors rallied and hammered the Freshman-Juniors back for a touchdown and kicked goal, making the score 7 to 6.

The third quarter passed by without a score on either side, but left the Freshman-Junior rooters a little uneasy. The fourth started with a lot of vigor and the teams did some hard playing. Finally, with two and a half minutes to play, the Freshman-Juniors rallied and drove the Sophomore-Seniors down to their twenty yard line and directly in front of the goal. The Freshman-Junior quarterback called for a place kick, but the play was made off-side by the Sophomore-Senior center and they were penalized five yards. The Freshman-Juniors kicked off to the Sophomore-Seniors who brought the ball up to center before they were downed. The quarterback then slipped off to the right about 20 yards. When the ball was snapped, a fine forward pass sailed over to the waiting quarter, who became excited and allowed the ball to slip from his hands. In this the Sophomore-Seniors lost their last chance to make a score. The same trick was tried again but this time the Freshman-Juniors were wise to the play and had a man ready. By this time the whistle sounded, which ended a most exciting game, leaving it with a score of 7 to 12 in favor of the Freshman-Juniors.

On Monday Dr. Leebrick of the University of Hawaii paid us a visit and gave the assembly a very interesting talk on the racial problems here and on the mainland.

The land about the domestic science building has been plowed preparatory to its being planted into a vegetable garden to supply the school kitchen. Our building is nearing completion now, and we have hopes of being moved in and settled down by Christmas.

The High School was well represented at the Y. M. C. A. banquet last Friday night. The pennant for the victorious football team was presented by Mr. Warner to the Freshman-Juniors. The basket ball game that was played between our boys and the Lihue business men was one of the best games played here. Both teams played splendidly, and up until the last quarter the High School was in the lead. But in the last quarter our boys lost some of their pep, and allowed the game to end in a well earned victory for the business men.

Kapaa School.

The teachers and pupils have taken up playground baseball. The first game was staged last week, the teachers walloping the eighth grade girls by a score of 30-24 in an exciting game.

The teachers of the main building met the teachers from the bungalows, and the former won by the score of 12-10.

Rev. U. G. Murphy, noted as a world traveller, and a fluent Japanese speaker, paid a visit to the school last week.

Rehearsals are being held frequently for a Christmas play to be given by the pupils on December 17th at Kapaa Hall. A dance will also feature the occasion.

As the reward of much hard work on the part of the pupils as well as the teachers, the school garden is showing splendid results.

The enrollment has increased to a total of 705 pupils.

Waimea School.

Last week was an eventful one at the school. The School Concert was a tremendous success. Each act was different and drew the applause well due it. The school has now nearly three hundred dollars to be used for a Christmas tree, and presents for the children.

The dance that followed the show

The Christmas Spirit.

(By Miss W. A. Paul)

(From the Makaweli News)

Nearly 2000 years ago there was born into the world a little child. Just an ordinary baby, born in circumstances as lowly as could possibly be; yet, when the anniversary of that little child's birth comes round, over the whole civilized world comes a wonderful feeling called "The Christmas Spirit."

Just what this means is very difficult to describe. Some people think it means giving and receiving presents; others, having plenty of specially good things to eat; and others, giving the children a good time. Well, it means all this and more. So give the children the best time you can; have a good one yourselves, but remember, there is a deeper, better meaning to it also, one which can perhaps best be summed up by the grand old Christmas motto, "Peace on Earth and Goodwill towards Men." Get out and do something for the other fellow. Above all, sink all quarrels and grievances, never mind who was in the right.

If the men who fought in the terrible war, which is still so fresh in all our memories, could forget everything except that it was Christmas, and not only do kindnesses to their fellow soldiers, the people whose country they were in, and even to their actual enemies, surely it is up to us, to not only cultivate that same spirit, but to keep it up for all time. Then indeed, Christmas will be, not only a Merry, but also a Happy one.

TO BE SUCCESSFUL IN BUSINESS

you must know and practice the economic principles of finance. Few men have risen to prominence and success in the business world without appreciating the value of Life Insurance. Life Insurance may be likened to the baluster of the staircase of success.
