BRAVES ARE OUTCLASSED

(Continued from page 1)

due to lack of practice. Teves succeeded him in the 7th, and held the Braves to one run during the last three innings.

Sam Ku was not up to his usual form, and the locals managed to annex 11 safe blows off his fast shoots, including a double by Bun Hee and a tripple by Burgess. The Braves secured ten hits off Furtado and Teves, which included two doubles and a mighty tripple over the centerfielder's head by Sam Ku.

Jimmy Burgess, just back from Honolulu and out of practice, had a bad day at third, although he batted up to his usual form. He missed several easy chances for putouts and his wild peg to first with the bases full allowed enough runs to win the game.

The visitors scored three in the third with the aid of a hit and two errors and earned another three in the fifth on four clean wallops, including the triple by Sam Ku with one on. They annexed another in the sixth on two base hits and a pass and concluded their scoring with another in the 8th on an infield hit which followed a pass.

Going into their half of the 9th with their backs against the wall, six runs needed to tie, the local lads rallied and only the big lead of the Braves saved them. Ohama singled and stole second. King whiffed the atmosphere thrice, but Bun Hee came through with a single which sent Ohama to the third station. Teves flied to 2nd, but Perreira singled and Bun Hee and Ohama tallied. Doi singled, sending Perreira to third, and then Burgess came through with a mighty triple to left center that left the braves only a slim lead of two. Tsunehiro, however, went out, Sam Ku to Lopes, and gloom was registered on the faces of the locals and their supporters.

That the local lads played good baseball is evidenced by the fact that the score shows that they earned all of their six runs, while only five runs made by the Braves were really earned.

BRAVES VS. ALL-JAPANESE

The second game of the afternoon which started at 4:15 resulted in the defeat of the visitors by the same score which they won from the All-Kauais in the first game.

Okuda started in great shape for the Japanese and held the Braves down for three innings, while his team mates secured a four run lead for him, but a couple of errors, and several timely hits in the fourth tied the score at four all.

The Japanese scored two runs in the first and two in the second off Lopes, who did not seem to have anything that was a bit puzzling to solve. He was yanked in the third and Sam Ku was called upon to do the "Iron Man" stunt of pitching three games in two days. It was too hard a task though, for Sam Ku, even with his well known ability to work overtime, and the strain told on him in the sixth when Tsuneriro soaked him for a three bagger with two on bases, which scored the two runs necessary to win.

The Braves had a splendid chance to go into the lead or to tie the score in the 7th when they secured two passes and a safe bunt which filled the bases. A fst double play, Okuda to Ohama to Hirota however, saved the day for the Japanese.

BRAVES VS. LIHUES

The Braves met their third defeat at the hands of the Lihue team on the Lihue grounds yesterday, the game going to Lihue 6-4.

Both teams were playing well and furnished a splendid exhibition for the fans. Meyer worked on the mound and Lopes received for the Braves, while M. Perreira and Tank formed the battery for the locals. Both pitchers worked through the nine innings and both pitched good steady games, with Perreira showing to the best advantage.

CHRISTMAS EXERCISES AT THE WAIMEA CHINESE CHURCH

The Christmas exercise given by the Waimea Chinese Church on Thursday December 23, at 10:30 a. m. was a fine and gay one attended by a large crowd notwithstanding the bad weather at the time.

The church was beautifully decorated with fancy crepe paper and Christmas bells.

The program began with a short talk by the pastor of the church. The Sunday School children sang and recited Christmas stories. At the end of the program, Santa Claus came in loaded with toys and presents for the Sunday School children. Following this refreshments, consisting of apples, candies, etc. were served. The whole affair lasted until 1:30 and everybody went home happy.

SOME INTERESTING STATISTICS

(From Thrum's Annual.)

Births and Deaths records for Hawaii for 1920 show 10,165 births and 4,564 deaths. For Kauai they are 1070, and 551.

Number of pupils in the schools, public and private, 54,701, teachers 1545. Pupils on Kauai 5,043.

Total exports of the Territory, $142,246,000, Sugar exports, $119,000,000; Pineapples, $19,000,000. Imports, $59,261,000.

There are 26 Banks with commercial deposits of about $37,000,000. Savings deposits of $16,000,000, total $53,000,000.

Amount of public debt $10,894,000.

Total taxes for the Territory, $6,995,479, for Kauai, $583,740.

THE HAWAIIAN ANNUAL

Thrum's Annual in the forty-seventh year of its publication, is out for 1921, and is a valuable as well as readable number.

There are the usual invaluable statistics about the Islands, which furnish almost everything that you want to know, and the usual register and Directory of Territorial and County officials and organizations of all kinds.

Among the contributed articles there are brief reviews of the Mission Centennial, the Scientific Congress; The University of Hawaii, by Dr. Dean, Historical Reminiscences by T. G. Thrum, The Kona Coast, by A. S. Baker, Reminiscences of a Collector, by J. M. Lydgate, Citrus Fruit Growing, by W. T. Pope, etc. The careful Retrospect for the year adds very materially to the value of the publication.

We miss the familiar and appropriate front cover design,—and wonder why.

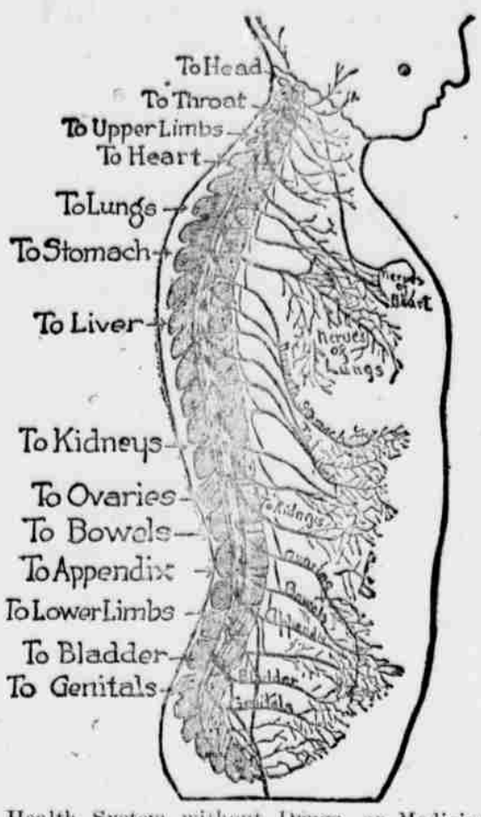
WE GET INTO THE LITERARY DIGEST

The Literary Digest for December 18, contains an article of the Tourist Folder type on the Islands which at any rate has the merit of being correct and reliable. Kauai is dismissed with five lines and only one misprint. The briefest mention of a few of our most familiar interests is all that could be expected in so small a compass.

A very large part of the article is taken up with the ocean transportation facilities.

There is no mention of the hula or the ukulele and only a very casual reference to the Beach at Waikiki.

There is a Cause



Are you run down?
Tired out?
Nerves unsteady?
Do you feel shaky all over?
Are you weak?
Do you lack ambition and energy?
Do you have that "all gone" feeling when you get up in the morning?
Do you get up depressed, low-spirited, out of sorts?
Do you get exhausted and "played out" after very little effort?
Are you troubled with headache, neuralgia, pains in the joints and muscles?
Do you have dyspepsia, heartburn, belching, gas in the bowels, sour stomach?
Do you suffer from Rheumatism, Catarrh, Kidney trouble, Bilious attacks?
Are you subject to colds?
Have you lost hope of regaining your old time strength and health?
Do you know that all these ills come from one CAUSE?
Do you know that the only way to *permanently* rid yourself of these troubles is to eliminate the *cause?*
Your case is no worse than hundreds of others that have come to us and regained Health and Strength through our Natural Health System without Drugs or Medicines. Do you wish to know THE CAUSE of your trouble and how to eliminate it?

If so, call and consult

"Only one man in 25 makes good in the Miller Plant"

Kauai Garage
Agents

By Creating Uniform Builders We Created Uniform Tires

Each Man a Master — Each Tire a Masterpiece

MILLER TIRES are known far and wide today as the Uniform Mileage Tires. That means wherever Millers are run under like conditions, they wear the same. That 99 Millers in 100 outrun standard guarantees.

Of all the some 429 brands on the market, there is no other we know to equal this.

How Miller Succeeded

Such uniformity has been the aim of tire makers for years. For who could tell, when he bought a tire, whether it would run 5000 miles or fail at a thousand?

Miller found the solution—not in machines or methods—but in men.

We discovered that workmen must be uniform or their tires (mostly hand-work) can never be.

By training crack squads—a regiment of champions—we reduced the variables in tires to the smallest fraction.

Each Man Rated

When tire builders come here, each one must take our training and then pass our tests.

Then our efficiency experts keep a record of that man and his work.

To pass our inspectors, the tires he builds must reach our 99 per cent grade. If ever a Miller comes back, the builder's score is penalized. Under this rigid system, only one man in 25 makes good.

But those who do are masters. Their average efficiency is 96 per cent.

Geared-to-the-Road

There is no excuse longer for buying tires on luck. Miller means certainty.

And safety, too, due to the tread that is *geared-to-the-road.*

Mark how the sharp rubber cogs engage the ground.

Miller UNIFORM MILEAGE Tires
GEARED-TO-THE-ROAD

A Limited Number

Only about one motorist in fifty will be able to get the Miller Uniform Tires this year. It takes time to train men to Miller perfection. And even so, but few can ever become masters.

To make sure of securing your season's supply of Millers, you must speak at once.

Only good dealers are authorized to sell them. Find the one in your neighborhood without delay.

If you want the utmost air capacity—size for size—ask for Miller Cord Tires. They are truly luxurious—yet not a luxury, because they cost less per mile than any other type.
