## WM. WATERHOUSE IS VISITING KAUI

Kaui is now entertaining a man of unusual interest in the person of Mr. William Waterhouse. Mr. Waterhouse, who is Mrs. William Hyde Rice's only surviving brother and the father of Dr. Herbert Waterhouse of Koloa, was for two years mayor of Pasadena, California. He is now principally engaged in evangelical work and is now on his way to Japan to help the famous Japanese evangelist, Rev. Paul Kanamori, in his wonderful work of spreading Christianity in Japan.

Two of Mr. Waterhouse's children have spent many years in Japan and they speak, read and write the Japanese language. They are now in the United States but expect to return to the Orient this fall.

Mr. Waterhouse has occupied a prominent position in the public life of Pasadena for years. The Pasadena Star-News has the following to say of him:

William Waterhouse, formerly mayor of Pasadena, is to leave next Monday for the Orient where he will be associated with Paul M. Kanamori, known as the "Moody of Japan" in a series of evangelistic services in that country. Mr. Waterhouse has devoted the last seven or eight years of his life to evangelistic work, being associated with Rev. John Edward Brown, the noted evangelist, who has held meetings several times in Pasadena.

While Mr. Waterhouse expects to be abroad for a long time the length of his stay is indefinite and the Waterhouse family home will continue to be Pasadena, where they have lived for the last quarter of a century. Mrs. Waterhouse and their daughter, Miss Millicent, will remain here.

### Enthusiastic Over Prospects

Mr. Waterhouse is enthusiastic over the prospects of his work in Japan. Of Mr. Kanamori he says: "Mr. Kanamori has been in this country for the last eighteen months studying evangelistic methods and seeking help for his work. He has now returned to Japan with the avowed purpose of reaching all of the 60,000,000 of his countrymen with the Gospel of Christ.

"He feels that the solution of the international question and her salvation from atheism, and agnosticism is in Christianity. The time is short. By printed page and spoken word, by personal work, and large evangelistic meetings; by prayer and work he is planning to cover the whole of Japan in a systematic effort to win the Japanese people to Christ!"

It was Mr. Waterhouse who evolved the idea of having Mr. Brown and his evangelistic party expand their work from the tent meetings they formerly held to large tabernacle services, with many churches interested, and he has been very successful in his direction of the tours of the Brown party. He stated today that Rev. Mr. Brown is now engaged for services in various cities up until next March.

### Mayor Two Years

Mr. Waterhouse was mayor of Pasadena from 1905 to 1907 and his administration was made notable by the fact that the municipal light plant was given its inception here. It was he who named J. Perry Wood now superior court judge, as city attorney.

Already two children of Mr. Waterhouse's have been engaged in missionary work in Japan. Paul B. Waterhouse, who was long at Omi mission, and who now is in this country doing special work among the Japanese, expects to return there in the fall, as does also his sister, Mrs. Herbert Nicholson, who is now in the East.

### FORMER KAUI BOY TO WED

Attorney Charles S. Dole has received an invitation to attend the wedding of his brother, Dr. Kenneth Llewellyn Dole, to Miss Isabella Anne Van Winkle, in San Francisco, on Saturday at noon, on August 20th. Dr. Dole was born in Kapaa.

The Misses Hannah and Daisy Sheldon arrived from Honolulu by the Kinau this morning.

Miss Harriet Kastle of Honolulu, is visiting at Kilauea with her sister, Mrs. J. S. Pratt Jr. Miss Kastle arrived on the Claudine last Wednesday morning with Mr. and Mrs. Pratt and son who had been attending the swimming meets in Honolulu.

Mrs. J. M. Wariner and daughter, Miss E. Warriner, came over on the Claudine last week to spend a vacation with the former's son, C. Wariner, who is employed as a mechanic at the Kilauea Plantation. Miss Wariner is executive secretary of the Friend, the religious paper published by the Hawaiian Board of Missions.

### CANE FIRE AT KILAUEA

A cane fire that for a time threatened to become disastrous burned off about twenty acres of cane, on Kilauea Plantation last Thursday afternoon. A heavy wind was blowing at the time and as the burned field was flanked by a three hundred acre field on one side and a hundred and twenty acre field on the other, things looked serious. Every man on the plantation was brought to the fire and soon the entire crew were busy fighting it.

A fire break was cut and a back fire started against the main fire. The fire jumped in several places due to embers being carried by the wind and these were almost immediately extinguished. After a hard battle that for a time appeared to be a losing one, the fire was brought under control.

It is thought that the fire was started from a spark from one of the locomotives. The cane burned was all of this year's crop so that the loss will be small.

## Kapaa Notes

Through the efforts of local business firms headed by W. F. Honner, cashier of the Kapaa branch of the Bank of Hawaii, a change for the better in the local mail schedule was made last week. The new schedule provides for a round trip by the carrier on Friday, thus enabling the people on this side of the island to answer received mail Friday. Under the old schedule, we had the alternative of either taking the mail to Lihue or waiting until Saturday for the Kinau.

Mrs. Annie Huddy, wife of Charles Huddy, passed away last week at her local home. She is survived by her husband and three children. Mrs. Huddy is a sister of Senator John Keoloha.

L. E. Van Leuvan, who came here about a year ago and started the dry-goods establishment "Van Leuvals" departed last week for Los Angeles, his former home. The store is now in charge of Mrs. J. C. Taber of the Kauai Drug Company.

Dr. Chang, local dentist, who has been living in Hanapepe and coming here daily since April, has at last decided that Kapaa has it over Hanapepe in so far as living conditions, climate, etc., are concerned, and is now a bona fide resident of the Kawaihau district.

Midori Morita, head mechanic of the Hawaiian Canneries Company, welcomed the arrival of his third child, a boy, at his home last week.

The Misses Alung and Irene Wong departed for Honolulu last week to spend the summer vacation. They expect to return before school opens in September.

Mrs. Louise Sheldon of the Kapaa school returned last Tuesday from Honolulu. She left here several weeks ago to act as musical instructor at the Territorial Summer school sessions.

The Hawaiian Canneries completed their summer packing season last week with a total pack of 59,300 cases. This is an increase of 46 per cent over the 1920 summer pack, which totalled only 40,800 cases—the highest yield from any field in the history of the company—obtained from a new field in the Molokaa section. This new field, known as Field No. 3, is bearing its first crop this year and is the first field to come under the treatment for the wilt disease recently discovered by Mr. A. Horner Jr., superintendent of the company.

We are still speculating about what the Kauai league officials intend to do about the present baseball schedule. Now that the Engineers are out of it, why continue the forfeiture of each game scheduled with them, adding a game "won" each Sunday? Why not let each team in the league get credit for a forfeited game to the end of the season round next Sunday and then call a meeting to revise the present schedule? The new schedule will shorten the season by one week and will be welcome, as all the teams have already had at least one game postponed and two of them have two.

Mr. and Mrs. Shriner of Elele, formerly of Kealia, spent the week end as the guests of Mr. and Mrs. Daniel Arca of Kealia. Dan, with the able assistance of Alvin Branco spent Sunday in showing their guests about the new Kealia golf course, and incidentally, all the fine points of the game as played by the Kealia golf enthusiasts.

Mr. Brandt moved that Miss B. E. L. Hundley, Supervising Principal, have the authority to list and purchase on behalf of this Board a sufficient supply of furnitures, kind and class to be of the same to furnish all the teachers' cottages, including the old ones, and being seconded by Mr. Silva the motion carried.

A petition (P.1950) from Honorable S. K. Kaeo, County Attorney, for the approval of his appointment of Mr. Eugene K. Ali as a Deputy County Attorney at a monthly salary of \$200.00 and to be allowed a clerk at a pay to be approved by the Board was received.

At 12:30 p. m. a recess was taken. Afternoon Session

The Board reconvened at 1:30 p. m. for the transaction of further business.

The Board after due examination approved the several demands submitted against the appropriation hereibelow listed.

Honorable Charles A. Rice having been given audience asked for the macadamizing of the road leading to the Ahukini landing for the convenience of passengers intending to take the steamer for Honolulu at that point and suggested the issuance of bonds to cover the expense of this work. The Board accepted the suggestion as being a good one and requested the County Road Supervisor to submit, if possible, at the next meeting plans and specifications for macadamizing this road.

Financial reports for July, 1921, to-wit: Treasurer's, Treasurer-Auditor's Receipts etc.; Joint Report; and the Auditor's Report for six months to June 30, last, were referred to Mr. Brandt for advise.

Financial Reports for May, 1921, namely: Treasurer; Treasurer-Auditor; and the Joint Report; and those for June, 1921, to-wit:

Treasurer; Treasurer-Auditor; Auditor receipts, etc., and the Joint Report; also the report of M. H. Drummond, Deputy Bank Examiner, of the financial condition of the County as of December 31, 1920, were approved on the advise of Mr. Brandt.

Lihue Poundmaster's Report (P. (Continued on page 2)

## GRIFFCO ENGINEER DROWNED, AHUKINI

A. J. Jansen, first assistant engineer of the S. S. Griffco was drowned at Ahukini last Sunday night about 8 o'clock. His body has not yet been recovered.

Mr. Jansen had been ashore and a little after dark he decided to go back on board ship. He walked out to the end of the landing and was just starting on board when he stumbled. In attempting to recover his balance he stumbled forward and fell off the dock between the old and new dock that is now in the course of construction.

It is thought that the unfortunate man struck his head against a rock when he fell and that he was knocked unconscious by the blow, for he was not seen to come to the surface of the water afterwards. Members of the crew and of the landing force made many unsuccessful efforts to find the body.

Mr. Jansen was an unmarried man and a native of California.

## MRS. WM. HYDE RICE GIVES HAENA PARTY

A delightful luncheon party was given at Haena last Thursday by Mr. and Mrs. Wm. Hyde Rice in honor of Mrs. Rice's brother, William Waterhouse. Mr. Waterhouse is on his way to Japan and was able to stop over and make a short visit to his Kauai relatives. Mrs. Rice and Mr. Waterhouse are the only surviving members of the old original Waterhouse family.

The guests arrived in the forenoon and the luncheon was given at noon. The place, beautifully decorated with ferns, flowers and native plants gave a wonderful setting for the dinner which was, as one of the guests expressed it, "fit for a king."

After dinner the younger members of the party played outdoor games and swam. Those who did not care for the more strenuous exercise played bridge, dominoes, and told stories and anecdotes of unusual interest.

Eighteen members of the party including Mr. and Mrs. Wm. Hyde Rice, Mr. William Waterhouse, the son, Dr. Herbert Waterhouse and family, and Mrs. Sexton and two children remained at Haena all night. Other members of the luncheon party who did not stay all night were Mrs. Phillip Rice, Miss Juliet Rice, Mrs. Albert Wilcox, Mrs. Deverill, Mr. and Mrs. William Stewart and Rev and Mrs Bayless.

In the evening, Mr. Rice entertained the party by the legend of the Wet Cave and other Hawaiian stories. Following this, all went to the lagoon to see a big bon-fire that was built outside and to help the children light their firecrackers. Later in the evening the children sang songs and recited poetry. Mr. Waterhouse told a number of very interesting Japanese stories.

The party broke up Friday morning. On their way home they stopped at the Kauai Drug store where they all enjoyed some excellent ice cream sodas. Coming on to Lihue all dined with Mrs. Rice at Hale-lani. After lunch the party, long to be remembered by those who enjoyed it, was over.

## BEACH PARTY GIVEN AT HANALEI SUNDAY

Rev. and Mrs. R. W. Bayless entertained a number of their Lihue friends at Hanalei last Sunday where they are spending their vacation at the Isenberg beach house. About twenty-five people took picnic lunches and a real holiday dinner was given.

After dinner the party took a swim on Hawaii's best beach. The "parson" tried to work himself up a funeral to preach by attempting to drown one or two of the guests. There were no casualties however.

Mr. Carl Maser arrived this morning from a visit to Honolulu. The Masers expect to leave Kauai the first of the month to make their future home in Honolulu. Mr. Maser, formerly auditor of the county and later bookkeeper for the Lihue Plantation, has been a valuable citizen of Kauai and his departure means a distinct loss to the community.
