The "Ship of State" having changed her course, the citizens of Hawaii are now sailing in smooth water, and on a course which is bound to lead to success. When we arrive at the port of Annexation the business of this community will be revolutionized. By this we mean that the methods of conducting business will be different. The business men of this community will be compelled to increase their energies in order to compete with new capital and fresh blood from abroad.

After considering this from all sides we have concluded not to wait until annexation is secured before changing our course. We intend to put the helm "hard-a-starboard" and let the breezes of competition fill our sails.

In order to do this we must begin by granting to all our customers who pay cash a discount of 10 per cent from the present retail prices on all merchandise which affords sufficient profit to enable us to do so. It is easy for the purchaser to comprehend what this will amount to on the purchases during the year. We are sure this will be appreciated by the public in general.

10 per cent. will be allowed on all purchases amounting to 50 cents or over. Remember the place to buy your medical supplies is at
