

LOCAL PHILATELISTS

INTERESTED IN THE NEW ISSUE OF STAMPS.

And Needless Alarmed Over the Old Dies—Some Prominent Local Stamp Collectors.

There is much interest manifested among local stamp dealers and collectors over the proposed new issue of Hawaiian stamps, tenders for designs for the same having been asked for by the Post office Department and opened yesterday.

From Mr. Rothwell it is learned that the local demand for stamps of the present issues has about died out, only an amount sufficient to meet the ordinary demands of the postal service being sold.

Some local dealers having become alarmed over a report that the Government proposed to sell the dies of the old issues, the reporter asked Mr. Rothwell about the matter and was informed that the report was absolutely without foundation.

In making a call on one of our principal stamp dealers and collectors this morning the reporter found that local interest in stamp collecting is still on the increase, although the demand for Hawaiian stamps is about satisfied.

SUPREME COURT DECISIONS.

The Verdict in Carl Henoch vs. The Provisional Government.

Two decisions were handed down by the Supreme Court yesterday. The first was in the case of Carl Henoch, who sued the Hawaiian Government for \$1554 29 and interest, for expenses and outlays made by him in Bremen as an agent of the Board of Immigration.

The second decision is in the case of L. Ahlo vs. Tai Lung, and is also from the pen of the Chief Justice. The points settled are:

Where the trial judge allowed and gave a request for an instruction in writing, and modified it by an addition thereto, the addition being taken down by a stenographer and thereafter transcribed and filed, the statute was complied with.

The deed of assignment did not contain an agreement that the receipts by the creditor of his proportion of the proceeds of the debtor's property should be in full satisfaction of the debt, and the creditor made no promise to that effect.

note, they might find for the defendant. The charge should have been that there was no evidence of a release or of any agreement for a release of the claim by the plaintiff.

A collateral benefit, such as the prompt payment of proceeds of a debtor's property to his creditors, would be a valid consideration to support an agreement for the relinquishment of the residue of the debt, if such agreement had been made.

The decision sustains the exception to the refusal of the lower court to grant the fourth instruction asked by plaintiff and orders a new trial, Justices Bickerton and Frear concurring.

THE MIKADO'S BIRTHDAY

RECEPTION AT THE CONSULATE-GENERAL.

A Display of Flags—The Philadelphia Salutes—To-night's Program of Entertainment.

The birthday of the Emperor of Japan was observed by a reception at the Consulate General, a display of flags by the American fleet and a salute by the Philadelphia of 21 guns, and by the exhibition of the banner of the full red moon all over the Japanese quarter and on the flag poles of Japanese officials.

There were many callers at Gen. Fugii's handsome home on Nuuanu avenue, including prominent native, American, German, English and other residents and subjects of the Mikado.

A representative of the STAR called after one o'clock and found the piazza and interior beautifully festooned with flags, creeping vines, palm leaves and flowers.

Part payment of a note made by an assignee under an assignment by the maker of all his property to realize upon and distribute among his creditors pro rata is not a payment from which a new promise of the original debtor could be inferred to take the note out of the statute of limitations.

Pastor R. Sacos, the Norwegian missionary in Madagascar, who two years ago established the leper colony, has labored with great success.

The deed of assignment did not contain an agreement that the receipts by the creditor of his proportion of the proceeds of the debtor's property should be in full satisfaction of the debt, and the creditor made no promise to that effect.

THE MOTT-SMITH CANARD.

NO TRUTH IN A CURRENT RUMOR.

The Ex-Diplomat Not to Be Minister of Foreign Affairs—No Appointment May Be Made.

The Bulletin of last night stated that a report was current that Dr. J. Mott-Smith, whose early return to these Islands has been announced, will be the new Minister of Foreign Affairs.

"None whatever," answered that gentleman, "there is not the slightest foundation for the report."
