Something New
Every Day
In The Year.

We have now ready a catchy and novel line of Souvenirs that are sure to be prize winners.

The issue of **SURCHARGED STAMPS** will soon be a thing of the past, the few remaining in collections will steadily grow in value. To preserve a number in a useful way, we conceived the idea of converting them into articles of jewelry, and the first lot of

CUFF BUTTONS just finished, convinces us that possibilities in that line are great. They are without a doubt the prettiest thing we have made for some time, and are already selling at a lively rate.

We will soon have a variety of articles ready, including many of the best and most valuable stamps; and that the demand will be great, goes without saying. The price will be so low every one will want something in the lot. Look in our upper window, when passing, and note the pretty display.

KRAJEWSKI'S PATENT CANE CRUSHER

THE HONOLULU IRON WORKS COMPANY, having secured the EXCLUSIVE AGENCY for the Hawaiian Islands for the Krajewski Patent Sugar Cane Crusher, are now prepared to receive orders for the same, to be delivered in time for the next crop.
This machine, which has been invented but a few years, has been adopted by a great number of cane sugar manufacturers, especially in Cuba, where it was first put to trial and where it became extremely popular. Nearly one-third of the whole sugar crop made in Cuba is being made with the assistance of these crushers. These crushers have also proved a great success in other West Indian Islands, and Louisiana, as can be seen by testimonials on hand.
These crushers when attached to any cane mill will increase its capacity by from 50 to 100 per cent; will improve extraction; will regulate feed of the mill. We have three of these machines in the way. For further particulars enquire at the
