KRAJEWSKI'S PATENT CANE CRUSHER. THE HONOLULU IRON WORKS COMPANY, having secured the EXCLUSIVE AGENCY for the Hawaiian Islands for the Krajewski Patent Sugar Cane Crusher, are now prepared to receive orders for the same, to be delivered in time for the next crop. This machine, which has been invented but a few years, has been adopted by a great number of cane sugar manufacturers, especially in Cuba, where it was first put to trial and where it became extremely popular. Nearly one-third of the whole sugar crop made in Cuba is being made with the assistance of these crushers. These crushers have also proved a great success in other West Indian Islands, and Louisiana, as can be seen by testimonials on hand. These crushers when attached to any cane mill will increase its capacity by from 50 to 100 per cent; will improve extraction; will regulate feed of the mill. We have three of these machines in the way. For further particulars enquire at the HONOLULU IRON WORKS CO.
