The Trouble With the Horses.

In that street of slight, West Twenty-third street, a trifling incident attracted unusual attention today. It was that of a glossy black horse attached to the light wagon of a dry goods house. The animal was left for a moment near the curb while the driver ran into a building. Something seemed the matter with the horse. It pulled and nudged its head, but its feet did not move. Shoppers and sightseers stopped to look at the animal, and the sidewalk soon became congested. "It's a fine horse, too," "It must have the shakes," "Something's the matter with its head," were the sympathetic remarks made, but no one did anything. Presently a well dressed woman of fine physique and evident high breeding came forward in the crowd. Instinctively a passage seemed to open for her. Lifting a daintily gloved hand the gentlewoman unfastened the checkrein that held the animal's head. The horse tossed its mane with a shake of relief and dropped its head near its feet. There on the clean curb lay the fresh skin of a banana. Seizing it in its teeth, the horse raised its head and devoured it eagerly. "It's a shame to torture a fine horse like that," remarked the gentle liberator as she patted the sleek, glossy neck. When she moved away, those in the crowd looked as if each was ashamed of the other for not knowing what to do. "That rein ought to be abolished," said Agent Smart of the Society for the Prevention of Cruelty to Animals as he moved out of the crowd.—New York Telegram.

Reminded of His Youthful Days.

If you want to live to a good old age, do not buy or try to drive a horse that has ever belonged to the fire department. A friend who comes into market three times a week some time ago got such a horse, and the animal did well enough until one night, about 1 o'clock as he was coming in with a load the fire bells rung as he was passing an engine house. The old horse pricked up his ears and threw up his tail, and when the engine came out he took after it at a gallop. All efforts to hold him were in vain. He was going to the fire, and he got there, too, as soon as the engine did, though he left some of his load on every block on the road.—St. Louis Globe-Democrat.

CHANGING HIS MIND.

Mr. Quagles Comes Back From the Edge of the Grave.

Mr. Quagles declared he felt extremely ill. He didn't know what was the matter with him, but he graphically said that he was at death's door and could bear the handle being turned the other side to give him admittance. Mr. Quagles wouldn't see a doctor. He had a peculiar aversion to doctors, especially to their bills. Some people were unkind enough to say that Mr. Quagles "put on" his illness.

One day Mrs. Quagles found a little pamphlet which was thrust under the front door mat. It had been issued by a firm of patent medicine vendors, wherein the symptoms of various ailments were minutely described. After perusing it she took it to her husband and said:

"Thomas, you can find out what is the matter with you by reading this little book."

"Reading that?" exclaimed Mr. Quagles contemptuously. "Why, my symptoms wouldn't go in a few pages like that. It would take three volumes to describe 'em. However," he added, "you can read some symptoms to me, Jimmie. I don't feel equal to doing it myself," and he leaned back in his armchair, sighing heavily. "My grannies, I do feel bad!" he moaned.

"So Mrs. Quagles began:

"Pain in back and under shoulder blades; frequent headaches, principally over eyes."

"That's me!" groaned Mr. Quagles.

"Yes, that's you, Thomas," assented Mrs. Quagles and went on: "Depressed and languid feeling; burning of the palms of the hands and soles of the feet."

"Me again. You could cook a steak on mine," declared Mr. Quagles.

"Aversion to physical exercise. That's you, Thomas," declared his wife. "You're frightfully lazy."

"No, no, Jimmie, that's not me," dissent ed the invalid. "I'm not a bit lazy, only my poor, feeble body won't let me take any exercise. Gosh, Jimmie. Your voice puts me in mind of the 'Dead March in Saul.'"

"Unpleasant dreams," continued Mrs. Quagles.

"Rather. Why, I have such awful dreams I believe I'd be below the knee. The cut of my head every night. That's why I'm getting so bald," he said mournfully. "Oh, dear! Oh dear!" And Mr. Quagles suddenly started up, his chair and grasped the top of his head.

"Whatever's the matter, Thomas?" asked his wife alarmingly.

"Why, I had a pain about right up from my big toe to the top of my head."

"Good gracious, what a long pain!" exclaimed Mrs. Quagles. "You're over six feet, you know, Thomas!"

"Yes, and it ain't finished yet. It keeps coiling round and round my head," groaned Mr. Quagles. "Doesn't it give that symptom, Jimmie?"

"No. I can't find anything about these symptoms," giggled Mrs. Quagles. "That's what you must have inside you."

"Jimmie, is this a time for heartless jesting, when here I am with one foot in the grave and the other one slipping down the side of it? What do all these terrible symptoms point to? Is my heart going to drop to pieces, are my lungs going to burst, or what?"

"Liver, Thomas! It's your liver that's wrong, so far as I can make out."

"Ah, I thought so! That's why I can't rest. There's no room for food in me. The space is all occupied by my liver. It has, so to say, taken the whole house instead of living in one apartment, as it ought to do. I tell you, Jimmie, I've got enough liver to go with a side of bacon, and then there would be some left to eat cold alone. I'm drowsey, dear. I'll make my will at once, though it is but little I have to leave. You had better go round to the undertaker and get an estimate for a funeral—a plain one, you know—and"

There was a tap at the door, and the servant entered with a letter for her master.

Mr. Quagles took it languidly, but had only read a few words when he jumped up and began to execute a war dance.

"What's the matter, Thomas?" inquired Mrs. Quagles anxiously.

"No, no! What do you think? Poor old Uncle James is dead and has left me \$5,000!"

"You don't mean to say so? How good of him to die! I mean to leave you \$5,000!"

"But, Thomas, what a pity it has arrived so late!"

"Arrived too late! What do you mean, Jimmie?"
