WITH THE FIRST REGIMENT

CAPT. E. O. WHITE SENDS A LETTER TO HIS CO. B BOYS.

Drill of A—Tonight D and C—E and F Friendly Match—Police and E—Semi-Annual Medal Shoot.

Company A had a fair turnout Thursday evening. In the afternoon Capt. Paul Smith was taken quite ill with grippe and could not be present. Lieut. Fetter officiated as chairman of the short business meeting, and he and Lieut. Klemme conducted the drill.

On account of the special engagement of Company F yesterday, the match shoot between that company and E did not take place. It will be arranged for the first possible date next week.

Company E and the police began their final match at Kakaako butts at 10 o'clock this morning and finished early this afternoon. The result is published in the nutshell column, on page 8.

Col. McLean found an old friend on the U. S. S. Alert. It is Lieut. Philip Vane Horne Lansdale. They knew each other years ago and for a long time were together on the China station.

A drill of Company D is ordered for 7:30 this evening. Company C will also hold a meeting. Capt. McCarthy may be present with the former.

The December shoot for medals will begin at Kakaako butts at 1:30 tomorrow afternoon and continue each afternoon except Sunday for ten days. An officer will be detailed to superintend the shooting on each occasion. Men must appear in uniform, and will shoot in the order of their arrival at the range. Strict military rules, according to Blunt's manual, will be followed.

The Regiment foot ball team is getting in considerable practice and expects to give the Town boys a hard battle on New Year's day. Capt. Austin thinks the team is much stronger than it was in November.

The following self-explanatory letter from Capt. E. O. White to the members of Company B will doubtless have the effect of enlisting interest in their affairs and will be the signal for renewed efforts toward preserving the high standard of the organization: Buffalo, N. Y., Nov. 10, 1896.

To the Officers and Men of Company B, First Regiment, N. G. H.

Your captain, though many thousands of miles from you at present, is as interested as ever in the old company and is glad to see by late papers that you are still at it with your trusty (perhaps rusty) old Springfield, and he trusts that Lieut. Dasher's team of N. G. C. men were allowed to have second place in the late match. He wishes to remind you that the regimental medals are to be again shot for next month, and to urge you to practice all you can, and let B capture the most bars.

As an additional incentive to all who strive for a bar he offers two trophies, one first class one and one second class, under the following conditions:

First class trophy, to be awarded to the member of B company who shall make the highest score from 40 upward, for the regimental medal or bar in the shoot to be held in December, 1896. To be held by the winner until the following regimental shoot for medal and bars takes place, when it shall again be shot for by the Company under the same conditions, and so on, until won by some member of the company three times, when it shall become the property of said member.

The medals to be considered Company property, until won three times and in the event of any holders, who have won them less than three times, leaving the company, medals are to be returned to commanding officer with other company property, and held by him till won at the next following shoot.

Second class trophy to be shot for under same conditions as above, but awarded to man making highest score under 40, classes to be divided as follows:

First Class—Men who score in Regimental medal shoot 40 or upwards.

Second Class—Men who score in Regimental medal shoot less than 40.

The captain trusts the company will accept these trophies with his aloha, and suggests that copy of the conditions be posted in the Company room, that the officers and non-coms, do their best to get the men in trim for the December shoot and make an effort to have B head the list for bars. Yours with Aloha Nui,
E. O. WHITE.
