## THE STUDENTS' FEDERATION

MR. MOTT EXPLAINS HOW IT WAS FORMED.

Interesting Lecture by the General Secretary—Union Meeting of the Churches—Dr. Webber Talks.

Is skepticism gaining ground among thinking young men? This was a point which Mr. John R. Mott, the general secretary of the World's Student Christian Federation thoroughly dealt with before a large audience in the Central Union church last evening. It was a union meeting of the Methodist, Christian and Central Union churches. Rev. Douglas P. Birnie, Rev. H. W. Peck, Rev. James M. Monroe and Mr. H. E. Coleman, the new secretary of the Y. M. C. A., occupied seats on the rostrum.

Mr. Mott in his discourse stated that the most significant fact of recent years in the Christian college world is the formation of the World's Student Christian Federation. It unites the five great inter-collegiate movements of the world. Official representatives met last August at the time of the Scandinavian conference and proceeded to effect the federation. "It was appropriate," said Mr. Mott, "that this most important step should be taken at the Scandinavian conference, for that was the first conference ever held in which there were delegates present from all the great Protestant nations of the world. I was deeply impressed with this fact, as I noticed over the speaker's platform a grouping of the flags of these great powers. Six intense, prayerful sessions were held in an upper room in the old castle on Lake Wettern. A wonderful spirit of unity characterized the proceedings from beginning to end. The conference resulted in the formation of the World's Student Christian Federation."

Mr. Mott stated that he was sure that all must realize something of the significance of such a Federation. He said that it makes possible for the first time a thorough and comprehensive study of the religious state of the students of the whole world. It will be a clearing house for the best ideas wrought out in the experience of Christian student organization in all lands.

"The chief significance of the Federation," continued the speaker, "is in its unifying force. By its conferences, visitation correspondence, and publications, it will do much to unify the plans and methods of Christian work among students of different lands. More important than this, it is uniting in spirit as never before the students of the world. In this time of war and rumors of war, this federation signifies that in the student world there is no Britain and no America, no France and no Germany, no China and no Japan, but Christ is all and in all. We hear and read in these days about Christian union, but this federation is demonstrating in the most practical manner that there is one body, and one spirit, even as also ye were called in one hope of your calling; one Lord, one faith, one baptism, one God and Father of all, who is over all, and through all and in all."

Mr. Mott gave some very interesting facts and figures of the number of students in the various colleges of the world who are yearly announcing themselves publicly for Christ. He also stated that a recent census had shown that the student class of citizens control fifty-eight per cent of the leading political offices of the great Republics, while the remaining per cent is divided among all other classes.

At the Christian church yesterday morning the pastor said, in speaking of "Christian Unity," that Christian people were very narrow who could not see the good and strong points of other denominations. While each religious body emphasized its special views, it was the part of Christian unity and love to recognize excellencies in others.

While it was right for the Christian church to insist upon its plea for "The Restoration of Apostolic Christianity and the Union of God's People Upon the Bible Alone," yet we should be broad enough to love others for their Christian work along other lines.

He pointed out the great work of Methodism in giving to the world a pure, simple heart religion and breaking down formalism. Everywhere the Methodists were the models to others of Christian zeal. The spirit of Methodism had saved some of the older churches from dying of the dry rot.

He commended the grand work of the Missionaries in Hawaii. He had heard many slighting remarks on the part of non-religious people against the missionaries, but as one who had so recently come here, he was profoundly impressed with the

splendid civilization that the Missionaries had given to Hawaii. Eighty years ago human sacrifices were offered here, now the coronation hymn resounds from island to island. All this was achieved by the missionaries.

He said he was filled with admiration and rejoicing over the great work that the Central Union church had done and is doing for Honolulu and Hawaii. He believed in giving honor to whom honor was due.

At the Methodist Episcopal church Mr. John R. Mott, at the morning service, spoke on the theme "Secret Prayer." Secret prayer is an absolute essential to the Christian life. As well might we try to live without breathing as to be a Christian without it. Secret prayer is real prayer, in that it expresses the exact desire of the heart in the simplest way. The hindrances to secret prayer are thoughtlessness, indolence or laziness, too much haste, irreverence. The results of secret prayer are leading the "prayer life" in the "prayer kingdom," communion with Christ, growth in his likeness, participation in his love, sympathy, work, life. We shall be like him with whom we hold constant communion, and in whose fellowship we find life's highest, noblest joy.

At the morning service of the Central Union church Dr. Webber of Massachusetts, who is visiting Professor Maxwell, preached the sermon.

Lieutenant Slater, of the Icarus, sang the offertory at the morning service of the second congregation of St. Andrew's Cathedral.

## CHARGED WITH LARCENY.

Clerk in E. O. Hall & Son's Comes to Grief.

Solomon Mahiki is a bright native young man who has been in the employ of E. O. Hall & Sons as salesman for some years. Today he was promptly discharged by that firm and arrested on the charge of larceny in the second degree.

While it was not known that he was robbing the firm, still there was a strong suspicion to that effect, which caused the manager to place Edwin Paris on Solomon's track. In checking up the sales Paris discovered several irregularities and this morning found Solomon \$10 short in the sale of some leather. Solomon had disposed of 100 pounds to a Chinaman and in his return reported but seventy pounds. When confronted with this fact by Mr. White, Solomon at once confessed to the robbery. The Chinaman who made the purchase acknowledged his connection in the deal.

The young man has been with Hall & Son for several years.

## DURING THE WEEK.

On Wednesday evening of this week the Methodist church will join with the Christian church to listen to an address by Mr. John R. Mott on Foreign missions.

The Junior Epworth League meets at the Methodist church at 2:30 o'clock Wednesday afternoon. At 3 o'clock the pastor's class of Junior Probationers convenes. Mid-week prayer meeting takes place on Wednesday evening. Mr. J. C. Chamberlain will lead the class meeting Wednesday evening. Next Sunday evening Rev. H. W. Peck will give his second illustrated talk on the life of Christ.

Roasting *Schilling's Best* tea in San Francisco costs more than other tea in China or Japan, but it makes tea better.

You don't have to pay the difference, though. It comes out of our profits.

We make money in giving up profits. Queer!

A Schilling & Company San Francisco

"Blessed Are the Dead that the Rain Falls On."

This saying does not apply to the living, and if you don't want to be blessed with a severe cold, the outcome of a good drenching, buy one of Kerr's English rain coats, that will withstand any storm. Only a few left.

## "Put Me Off at Buffalo"

The title of this well known song as well as the song itself emanated from the brain of an employe of the Buffalo Brewing Company. This excellent beer is on draught at the Cosmopolitan, Pacific, and Royal saloons. The interchangeable check system is found very valuable to patrons.

Washington once threw a dollar across the broad Potomac. We will try to make your dollar go farther if you use these columns to boom your business.

## LATEST NEWS FROM MAUI

(Continued from Page One.)

meeting called for tonight at the Wailuku skating rink, as the storm still continues.

An insane Portuguese woman was taken from Waiakoa, Kula to Malulani hospital last week. She will be sent to Honolulu.

No vessels arrived this week. Work is being pushed on the Stetson, and she may get away next week. The Leahi is still laying off outside, though she has not been seen for several days.

## BUILDINGS FOR HILO.

Number of New Structures About to Go Up.

Builder William Vannatta of Hilo, who is in Honolulu on business, expects to return home on the Kinau next Tuesday. He goes back to begin operations on two large contracts, which were let to him during the past week.

"There is considerable building going on in Hilo for the size of the place," said Mr. Vannatta today. "There is also a great deal of building which is contemplated. Work on the new Foreign church is being pushed. Workmen are busy erecting a number of smaller buildings and a large number of cottages are in the course of construction or work about to be begun on them."

"When I get home I shall start in on the new Hilo hotel, of which Mr. Wm. G. Irwin and associates are behind. Work on the new branch house of H. Hackfeld & Company to cost in the neighborhood of \$5,000, will also be started."

Mr. Vannatta believes that Hilo has a very bright future. He is confident that with good first class hotel accommodations the tourist travel both to Hilo and the volcano will be materially increased.

## COURT DECISION.

Shipment of Crackers Confiscated—The Lebanon Case.

The Supreme Court handed down an opinion today affirming the decision of the lower court in the case of James B. Castle, collector of customs, vs. 174 cases of crackers, etc., and dismissing the appeal of defendant. In this case the real defendant, S. Lowden, attempted to recover 174 cases of crackers in the lot shipped to his company from Portland, Ore., by the steamer Mount Lebanon, in which eight cases were found to contain 480 tons of opium. Collector Castle seized the whole shipment, although admitting Lowden was an innocent party to the smuggling.

The lower court held that Lowden could not recover, and Associate Frear, in giving the opinion of the Supreme Court today held with him.

A few months ago, Mr. Myron Every, of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. For sale by all druggists and dealers. ## FAR AND AWAY AHEAD.

The new features of the '97 Remington are by this time familiar to almost every wheelman and wheelwoman in Honolulu, but for the benefit of those who have not yet had an opportunity to visit our store, we give below the most noticeable improvements, aside from those previously mentioned:

In the '97 Remington the gearing has been improved by making the sprockets of a cycloidal cut, with the addition of a flange or shoulder, to carry the side plates of the chain, thus distributing the friction and preventing the vibration, which is very noticeable in a chain running over the ordinary sprocket.

In the crank-hanger bearings the new form of construction is such that by the removal of one screw and the left crank the entire bearing can be taken out intact, without displacing the balls. The advantage of this for the purpose of cleaning or adjusting bearings is obvious. The bayonet-shaped crank, which is original with the Remington bicycle, is retained in the new models, as it is undoubtedly stronger than any other form of crank obtainable.

Liberal option of tires, saddles and gears will be given on the new model.

## From Baby To Grandfather.

You ought to have a PHOTO of every one at home. Baby won't be a baby long. And small children soon grow to be men and women. Photos of them as they are NOW will be priceless in years to come. We make photos that give highest satisfaction.

**Williams' Art Studio.**  
 Fort Street, Honolulu.

## Clam Chowder.

We've written of whipped Maple cream before—here is another reminder: For layer cake nothing like it has ever been devised for people who like the flavor. We have had a run on this for a month. The stock is getting lower.

Quick luncheons are often necessary in the home circle. Plenty of things in our stock will be found useful, but nothing is any better than either Potter & Wrightington's or Burnham & Morrill's Clam Chowder. Tinned goods are good only when they closely resemble the natural article. That's why we are free to recommend this chowder. A Maine man could not tell the difference between these goods and clams fresh from Scarborough Beach. If you are fond of chowder try this brand.
