## COD=LIVER OIL

is one of the best fat producers known to medical science but the taste is against it and has practically driven it, in its natural state, from the market.

## EMULSIONS

of it have been introduced and improved upon so much that there is little call for plain cod liver oil.

# The Food Emulsion

prepared only by us is the best and most palatable preparation of cod liver oil sold in Honolulu. It has all the qualities of the oil with the addition of Hypophosphites of Lime and Soda.

The nauseating taste and fishy smell of the oil is entirely obliterated and yet it contains 50 per cent. of Pure Norwegian Cod-Liver Oil.

Its curative qualities for Consumption, Coughs and Colds, Scrofula, Rheumatism, Skin diseases, Diseases of Children, Anaemia, and General Debility, are too well-known to require mention here.

Single bottle, \$1.00

Lots of good things to eat on the Rutenbeck, and they came to us. From us they go to you at the lowest prices you ever heard of. Copeland's English Peas are a delicacy not often found in this market. We have a stock of them, and they have proven to be the finest ever sold in Honolulu.

English packers also put up another delicacy for the table: Cod's Roe. These fried in cracker or bread crumbs cannot be detected from the fresh article and they make a delicious entrée. The price of the goods is nothing compared with the quality.
