THE C. L. CARTER MEMORIAL

FOUNTAIN TO BE ERECTED IN UNION SQUARE.

Beautiful Design Selected by the Committee—Work to be Commenced at an Early Day.

The Memorial committee of the Citizens Guard has finally decided upon a design for the permanent memorial to be erected in Union Square to the memory of Charles L. Carter, who lost his life in the recent rebellion in the support of the Republic. It is to be a beautiful fountain, simply in design, but substantially built, and calculated to withstand wind and weather for many generations to come. The contract has practically been let to William Mutch, and work will be commenced in the near future, provided the Government can be prevailed upon to permanently set aside the ground. The design for the fountain was suggested by F. J. Lowrey, who has been the most active man in the committee, and the details worked out by Ripley & Dickey. It is to be eighteen feet in diameter at the base and five and one-half feet in height, and will stand in a circular grass plot fifty feet in diameter. It is designed for the water to overflow from the front basin into which it falls, tumbling into a lower and larger basin from which it is drained off into a cess pool below the grass plot. The fountain will be constructed of blue, Island stone, prettily dressed and the remainder rock faced. The water jet will not be high, but will be spreading and will flow evenly over the rim of the upper basin into the lower, making a circular water fall.

The fountain will rest in the center of a grass plot on the outer edge of which will be a stone walk, with a high curbing to protect the fountain. The memorial stone will be four feet in length an abutted upon it will be the name of Charles L. Carter and the record of his death.

Everything is now in readiness for the work to commence as soon as the Government has taken action. The verbal consent of the government has already been secured. Mr. Lowrey has been appointed a committee of one to confer with the Cabinet as to the setting aside the ground and other details. The site selected for the new fountain is at the Richards street end of the square, directly in front of the Pacific Tennis Club grounds, extending Waikiki way from the Waikiki line of Richards street. When Richards street is widened to sixty feet, there will be a sixty foot driveway on all sides of the fountain, and it will have the most commanding station in the square.

There is about \$1500 in the hands of the committee to do the work.

A NEW PASTOR.

The Rev. G. L. Pearson will take charge of the Methodist church next Sunday, preaching both morning and evening. Mr. Pearson has lately been in charge of congregations in Arizona at Prescott and Phoenix, and he can proudly say that he has been in that territory longer than any other minister of his denomination. Mr. Pearson is a Canadian by birth but was educated in Michigan. He is a hearty looking gentleman, of athletic build, and every inch a muscular christian.

HURT HIS FEELINGS.

Annie L. Unkon yesterday brought suit against Kapiolani for \$15,000 damages.

S. Ah Mi of Maui asks damages of Sheriff Baldwin and Deputy Sheriff W. H. King. Ah Mi claims that these officers searched his premises for opium and that his feelings were hurt.

CAPTAIN NELSON'S LOSS.

The four masted German bark Peru ran down the schooner Orion of San Francisco in San Francisco bay on October 3. The schooner was cut in two, rolled over and sank to the bottom, within a few minutes after the vessel cleared. Captain Nelson, well known in Honolulu, is the largest owner in the schooner and feels his loss keenly.

FROM PORTUGUESE COLONY WILL GO TO WASHINGTON

GONSALVES SAYS RESOLUTIONS COME FROM THE PEOPLE.

Represent the Views of the Portuguese Throughout the Group—Vivas Seconded Their Adoption and Voted for Them.

"The inference made by President J. M. Vivas of the Portuguese Union that the resolutions presented to Senator Morgan yesterday were not bona fide is a direct insult to the members of the committee who presented them and will bring down on Mr. Vivas' head the indignation of every respectable Portuguese citizen in Honolulu."

These words were spoken by M. A. Gonsalves, the Queen street merchant, this morning. Continuing, Mr. Gonsalves said: "Mr. Vivas in his statement this morning says: 'As President of the Portuguese Union I wish to state to the public that the union had nothing whatever to do with the resolutions reported to have been presented by certain Portuguese to Senator yesterday morning.'"

"True, the resolutions were not adopted by the Portuguese Union, but by the Portuguese colony of Honolulu and the Island of Oahu, which embraces a great many more of my countrymen. What is more, the resolutions meet with the unqualified approval of the Portuguese living on the other Islands."

"Briefly, this is the true history of the meeting. It was decided among the Portuguese leaders that a meeting of the colony be called to discuss the annexation proposition. Accordingly the Board of Directors issued a call for a meeting of the Portuguese Union on the evening of October 3. The meeting was called to order by President Vivas. After some little discussion it was decided by the large number of Portuguese present that they would adjourn the meeting of the Union and would convene immediately afterward in the same hall as a mass meeting of the Portuguese colony. This was deemed best, even by Mr. Vivas, as it would take in all the Portuguese and would have a very much more important bearing."

"A. G. Correa, whose views coincide with Mr. Vivas and who is looked upon as a supporter of the president of the Portuguese Union, was chosen as chairman. A general discussion on the merits of political union was gone into, and after it had subsided, Mr. Vivas arose and read a long resolution which he had previously prepared. The resolution was only half-hearted for annexation, and no one moved its adoption. Mr. Vivas was compelled to sit down and pocket his own resolution. He afterwards gave it publication in his paper, 'The Lusit.'"

"In the meantime I hurriedly penned a set of resolutions which I offered to the convention. They were warmly received and were unanimously adopted. Mr. Vivas himself arose and seconded their adoption."

"These resolutions were engrossed by Viggo Jacobsen and presented to Senator Morgan yesterday. Mr. Correa, who was chairman of the meeting, acted as spokesman. A. V. Peters and myself were the other members of the committee."

"Let me also add that before the resolutions were engrossed they were all shown to all those who participated in the discussion that evening. All save Mr. Vivas agreed that they were the resolutions as adopted and further that they represented the sense of the meeting. So it can be seen that Mr. Vivas statement will fall flat among his own people, for they know how untruthful it is."

WERE NOT ADOPTED.

The Portuguese Colony Would Not Swallow Vivas' Anti-Annexation.

Following are the resolutions offered by Mr. Vivas and which were not adopted by the Portuguese mass meeting:

Whereas, the Portuguese Colony has not yet expressed its views in relation to the future policy of the country, and the same is at present uncertain,

In view of the fact that the Portuguese colony since 1887 has enjoyed the privilege which was granted them by the constitution of that date. Considering that this fact became an important political factor in the destiny of this their adopted country, and in view of the fact that the treaty of annexation lately ratified by the Senate of the Republic of Hawaii is vague and indefinite in relation to our political privileges,

On the contrary granting to the United States of America unlimited power for the promulgation of laws for Hawaii, therefore we in public assembly,

Resolve, 1. That a plebiscite be taken with relation to the further form of government for the country, from among the voters who have enjoyed that privilege since the promulgation of the constitution of 1887. 2. That in case of annexation we only favor the annexation of Hawaii to the United States of America, Hawaii entering as a state of the American union. 3. If the United States of America refuse to receive us as a State, we favor the autonomy of Hawaii, and it will be the duty of the government which may then exist to obtain from the United States, England, France, Russia, Germany and Portugal, a solemn guarantee of independence and protection against the aggression of any other power.

WILL GO TO WASHINGTON

SPECIAL COMMISSION OF ANTI-ANNEXATIONISTS.

Three Hawaiian Societies Take Action—Delegates to be Chosen Tomorrow—Carter to Head Them.

It was definitely decided upon today among the Hawaiians opposing annexation that a commission of five men should be sent to Washington to make a determined fight against the ratification of the annexation treaty.

At least three Hawaiian societies will give their support to this movement. They are the Aloha Aina Society, the Hui Kalai Aina Society and the Hawaiian Women's Patriotic League. The suggestion was taken up and favorably acted upon by each of the societies, the Hawaiian Women's Patriotic League being the last to consent to the proposition. It was agreed that the commission should consist of five men, three of whom must be Hawaiians and the remaining two foreigners.

Tomorrow morning the executive committee of the three societies will meet to select the members of the commission.

It is understood that the men will not be chosen from any particular society but must be a strong anti-annexationist. It is also understood that J. O. Carter, Sr., who addressed the mass meeting of Hawaiians at Union Square on Friday evening last will be the head of the commission, and will officiate as spokesman.

Just who the second white man is to be is a mere matter of conjecture. The names of S. C. Allen, H. E. McIntyre, James Campbell and even Paul Neumann have been mentioned. Whether Mr. Neumann would accept is not known as he has been said to rather favor annexation.

The Hawaiian delegates will undoubtedly be James K. Kaula, president of the Aloha Aina Society; Colonel John Richardson, of Maui, and F. J. Testa, proprietor of the Independent and a native paper.

J. K. Kahookano of Hawaii may be selected in place of Testa, in order that the big island might have a representative.

Colonel Richardson is now in Honolulu, and it is understood for this very purpose.

Just from what source the funds will be forthcoming is not known. Someone has said that the Hawaiians will not have to bear the burden.

HAWAIIAN OPERA HOUSE.

Petrie's Merry Makers will give another entertainment on Thursday evening, at the Opera House, when an elegant program will be presented. The favorable manner in which the several artists were received on Saturday night leaves no doubt but that the Vaudeville company will do good business the balance of their season, which terminates on Saturday evening.

It is said that a novel program will be given on Thursday night. The funny Olifans will make laughter supreme, Petrie and Elsie, America's sketch team, will astonish those who have not seen them, and Miss Helen Gordon, the greatest of all vaudeville vocalists, will sing new ballads and selections. Mr. Tom Edwards will have something new on Thursday. The Cicero Sisters in La Vision, and Mr. Cunard, will give for the first time in Honolulu a special expose of so-called spiritualism, of a sensational nature. A matinee on Saturday afternoon at 2:30, for ladies and children, at low charges, 50 cents and 25 cents.

COMING SOCIAL EVENTS.

Dr. and Mrs. Cooper will give a riding party this evening. American Minister and Mrs. Sewall will entertain at dinner on Friday.

SPANISH TROOPS DEFEATED.

TOCOMA, October 3.—Late Manila advices by steamer Victoria today report fighting still going on in the Philippines. A party of liberators attacked a convent at Paombong, and it was defended by a detachment of Spanish, and after a hot fight it was captured, there being twenty Spaniards left dead on the field.

At San Rafael a party of rebels under General Natividad met a regiment of Spanish and a desperate battle ensued, which lasted several hours, until the royalists were obliged to flee, throwing away their arms to save their lives. The Spanish loss was 400 dead and wounded. In the Pampanga province there is a general revolt of the towns, owing to the cruelties of Colonel Zerande, who was recently promoted and made a governor of the center of Luzon.

It is reported that when the municipal officers of the towns went to offer their homage he ordered the troops to shoot them down, and none escaped. The delegations in the rear fled and joined the rebels.

It is reported that the province of Camarines has risen on account of the execution of prominent citizens.

GERMANY DESIRES SAMOA

KAISER WANTS COALING PORT IN THE PACIFIC.

Thinks That if United States Annexes Hawaii, Germany Should Have Samoa as an Offset.

A gentleman who has recently returned from Germany states that the Hawaiian annexation question is receiving some consideration among the German people.

A number of private citizens had spoken to him concerning the probable amalgamation of the two republics. While all were favorable to such an action it was the consensus of all opinions that should the United States take Hawaii, Germany should be permitted to take Samoa without interference on the part of the great American government.

This they deemed as a simple matter of fairness and justice. The Americans had the greatest amount of capital invested in the Hawaiian Islands and the country was thoroughly Americanized. In Samoa, they argued, the Germans occupied this position. The bulk of the money invested there had come from Germany, and therefore Germany had certainly as much right to absorb Samoa as Uncle Sam had to take in Hawaii.

The recent attitude taken by President McKinley and his Cabinet toward Samoa had not been learned in Germany when this gentleman left. It is sure to displease Emperor William and his subjects. It will be remembered that according to the latest dispatches sent out from Washington concerning Samoa, President McKinley had instructed the new United States Consul General to Apia, Mr. Osborn, to assert American rights in the Samoa territory. During the Cleveland administration the American colony in the group was deserted, but now President McKinley intends to let these Americans know that they are not forgotten, nor will they be during his administration. In fact, the President, at last accounts intended to notify the Secretary of the Navy to dispatch an American warship to Apia harbor to protect the interests of America.

TWO SOCIAL AFFAIRS.

The Promenade Musicales at Kamehameha a Success.

Bishop Hall at Kamehameha was filled with guests last evening who were invited by instructors of the Kamehameha schools, to a promenade musicale. The Kamehameha boys gave several delightful chorus songs. Mrs. Theodore Richards pleased with a piano solo, "The Sea Hath Its Perils" was sung by Miss Johnson, Miss Woodward, Mr. McCurda and Mr. Richards. Miss Johnson followed with a selection on her mandolin. The teachers of the school gave the Bridal Song, led by Miss Clymer. Mr. McCurda and Jas. Osborne each gave a solo. Prof. Yandley's violin selection showed his wonderful touch. The affair was a great success.

Mexican Consul and Mrs. H. Renjes gave a dinner party last evening. The table was prettily decorated with cosmos blossoms.

STONEY GIVES ADVICE.

Lieutenant George M. Stoney, formerly on Admiral Beardslee's staff, and well known in Honolulu, called upon Acting Secretary of the Navy Roosevelt early last week. Lieutenant Stoney conferred with Mr. Roosevelt on the advisability of the Secretary of the Navy recommending in his report the construction of a stern wheeler to be manned by navy men to patrol the Yukon.

THEY MAY RETURN.

According to the latest dispatches from Washington Lieutenant Winterhalter of the Philadelphia has been transferred to the Baltimore. This is contrary to his expectations. Mrs. Winterhalter will go up to San Francisco on the Alameda tomorrow. It is hoped by Honolulu society people that the report is true, as Lieutenant and Mrs. Winterhalter are social favorites.

MAY COME HERE.

Otto Zeigler, the California bicycle crack, will not do any more riding in that State this year. He remarked in San Francisco recently that he would probably give up the game for good, providing he did not take in the Honolulu trip, which he is at present contemplating.

DISPUTE OVER LAND.

Kouha yesterday filed in the Circuit Court a suit against Peter High, claiming the ownership of some valuable beach property in Waikiki.

DID NOT LIKE TO LEAVE

SENATOR MORGAN ATTACHED TO HAWAII.

Many Prominent People Down at the Wharf to See Them Off—Decorated With leis—The Band Plays.

"I feel as sad in leaving Honolulu as I would were I going away from my own home," said Senator Morgan to a friend as he bade him good bye on the steamer yesterday afternoon.

This tells how dear the Island people are to the distinguished Alabama statesman. He came to Honolulu almost a perfect stranger and goes away feeling that he knows everyone and with a determination to fight harder than ever for annexation.

There was a good number of people at the wharf to see the Senator and his daughters off on their voyage. The visitors, in company with Mr. and Mrs. S. M. Ballou, at whose home they were domiciled during their stay here, arrived at the Pacific wharf shortly after 4:30 o'clock. They were greeted by many friends and before the party reached the upper deck of the Belgic the Senator and the Misses Morgan carried a comfortable load of leis around their necks and shoulders.

For fully a half hour the distinguished Alabama visitors stood shaking hands and receiving the good wishes for a bon voyage from Island friends.

During this period the Government band stationed on the wharf played popular American melodies, "The Star Spangled Banner," "Marching Through Georgia," "Way Down in Dixie," and many others, to the delight of the veteran Senator.

The Belgic steamed out of the harbor a few moments past 5 o'clock. The Senator and the Misses Morgan stood on the deck waving their handkerchiefs back to friends on the wharf until the big liner was well out of the harbor.

Among those down to bid the visitors good bye were Minister Cooper, Attorney General Smith, Minister and Mrs. Damon, Admiral Miller, Chief Justice and Mrs. Judd, Mrs. Wilder, Professor Alexander, T. F. Lansing, Dr. Monsarrat and many others.

PERIOD OF NEW GUARANTEE.

Bicycle Dealers Hereafter Will Give Sixty Days Guarantee on Wheels.

A letter from Thomas H. B. Varney the well known San Francisco cycle dealer, to E. O. Hall & Son, states that the National Cycle Board of Trade of New York has changed the time limit of guarantees on all wheels from one year to sixty days.

This gives all bicycle purchasers a perfectly reasonable and fair guarantee. In the States bicycle riders have been taught to impose on dealers and work them for all sorts of guarantees.

The guarantee as given by the new board is as follows: "We agree with the purchaser of each bicycle to make good, by repair or replacement when delivered at our factory, transportation prepaid, any imperfection or defect in material or manufacture of such bicycle, provided that the Factory Serial Number shall be on such bicycle at the time the claim is made, and that all imperfect or defective parts shall be referred to us before any claim for repair or replacement shall be allowed."

"This guarantee does not cover the cost of repairing said bicycle when damaged by accidents, misuse or by neglect."

"This guarantee continues for sixty days from the date of the sale by the agent."
