the man got very wet. The wetting gave him a cold. The cold, neglected, developed to a cough. The cough sent him to a bed of sickness. A dose of Ayer's Cherry Pectoral, taken at the start, would have nipped the cold in the bud and saved the sickness, suffering, and expense. The household remedy for colds, coughs, and all lung troubles, is

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham of Gars Mills, La., has to say on this subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. For sale by all druggists and dealers. **OUR REPAIR DEPARTMENT**

is a business in itself. We have lately secured the services of Mr. J. W. Harvey, a thorough Bicycle mechanic, who for the past fourteen years has been in connection with bicycle manufacturing and repairing. We did not pick him up on the streets here, but sent to headquarters in the States, where bicycles are made. We need not go further to explain his ability, but will end here by saying there is nothing that can happen to your Bike but what he can make as good as new. He is no "Jack of All Trades," but is a Master of the Bicycle.

By the next Australia, we will receive the most complete outfit for Enameling frames ever brought to Honolulu, so if your wheel needs enameling it will pay you to wait a little longer and have a good job done. We guarantee to turn out work as good as that of the factories in the States, for only \$5.

If your tire is cut don't throw it away, bring it to us and we will repair it, so you will never know where it was cut, for only \$1.

If you have a punctured tire bring it to us and it will only cost you 50 cents.

If you should happen to run into a sidewalk or a telephone post and so break a rim, we will put a new one in for \$1.50, and guarantee the best job in the city.

The reason we can do this work better than anyone else is because we keep a man at each branch, and of course he becomes expert at the branch he handles.

For instance we have one man for all frame work, another man for all rim and wheel truing work, another man for enameling.
