THE FRAWLEYS.

The Regular Sale Opens on Monday Morning.

Nearly all subscribers for the series of performances of the Frawley company called for their seats today, and now the management are ready for the sale for single performances, which opens at 9 o'clock Monday morning. While the season sale did not turn out to be quite as large as that of last year, it nevertheless foretells, without a doubt, the certainty of another prosperous season which will again demonstrate to the theatrical world the fact that Honolulu's theatergoers appreciate the enormous undertaking and the consequent risk thereto, by the management of recognized first class attractions made up principally of high salaried artists, in coming this great distance, and that they are willing to support them when they do come.

It is no little undertaking to bring a company of the size of the Frawley company, where the item of steamer

Royal makes the food pure, wholesome and delicious. ROYAL BAKING POWDER Absolutely Pure. ROYAL BAKING POWDER CO., NEW YORK.

fares alone amounts to \$2,100. The theatrical managers in the States figured that the support given the Frawley company on their last visit here was largely due to the fact that the theater had been destroyed and left untouched for two years, and naturally the company fortunate enough to open the new house would fare well. Should the present season turn out as well as last, and it looks as though it would, their argument would be knocked into a cocked hat, and negotiations with other large companies would meet with more success than in the past. Seats will be ready for the first seven performances on Monday morning, and the demand will certainly be lively.

HAD A GOOD TIME. About forty couples tripped the light fantastic at the Heulani Boat house last evening. The management had provided good music and a very enjoyable evening was had.
