

A Good Article

Is worth striking for. And in nothing is this better illustrated than in Footwear.

Ten cents taken out of the sole, and fifteen cents taken out of the upper, in the factory, makes the biggest kind of a difference when the Shoe is put into actual service. It's wise in the end to spend the extra twenty-five cents and thus secure security for your feet and pocket-book.

There are heaps of job lots sold at \$2.49 a pair, when an outlay of a few cents more would secure for you the real article.

Don't be led away by odd figures. A Shoe dealer with a reputation to sustain cannot afford at any time to put out a shoe that will not sustain this reputation of value.

THE POWER OF HABIT

A certain groove is easily fallen into; due to the fact of unconscious action. Many will perform the same act repeatedly, not thinking that a change might make matters less arduous and more beneficial. Habit is caused by lack of interest, and people through habit often miss opportunities of advantage. The practice of buying without considering is a fault, due to habit. Many dollars could be saved if people were less inclined to stay in the same old groove.

THE WHEAT CORNER

At Chicago has collapsed, and prices of flour have declined a very small fraction. The extreme high price for wheat was purely fictitious, and flour prices did not follow it. The legitimate price of wheat is high this year from natural causes.

BENNINGTON GOES NORTH.

Sent in Search of the Rumored Spanish Privateer.

SAN FRANCISCO, July 15.—The gunboat Bennington sailed north yesterday under sealed orders. It is believed she has gone after the Spanish privateer said to be hovering about St. Michaels to capture the Klondike treasure laden vessels leaving there.

ST. PAUL, Minn., July 14.—It is believed here that the steamer Saga, belonging to a syndicate of South Dakota capitalists, was the mysterious craft which gave rise a few days ago to reports from the Pacific coast that a Spanish privateer was in that part of the world lying in wait for the treasure laden ships from the Klondike. The Saga has just arrived at Vancouver, having been taken by its owners from the Central American traffic to engage in the Alaska trade. The vessel is of foreign build, and as it carries the flag of Holland, some timid captain, seeing the Saga at a distance while on its way up the coast to Vancouver, doubtless mistook it for a Spanish privateer and hastily carried the sensational news to the nearest port.

THE HONOLULU GARRISON.

WASHINGTON, July 14.—That there is no intention on the part of the government to maintain a permanent garrison in Hawaii, was shown today by orders sent to Colonel Barber of the First New York volunteers, to the effect that his regiment would see service under General Merritt without fail, that the duty at Hawaii was only temporary and probably would not last more than two months, after which he would be sent on.

The war department officials admitted tonight that it was their intention to enlist a garrison in the Hawaiian Islands and muster the men into the volunteer army of the United States. As soon as this can be done it will relieve the New York troops from service at that post.

THE CHICAGO STRIKE.

The Chicago papers which arrived by today's mail are curiosities. To get a Times-Herald of four pages, instead of the sixteen and twenty-two to which one has been accustomed, is a real wonder, and brings before one the true position of the strike of the Stereotypers' Union caused in Chicago. The Times-Herald has not a single advertisement; the Record has about eight inches referring to race meetings and theaters. The Times-Herald publishes, in agate type, a full account of the controversy signed by all the parties concerned. In the history of journalism there has probably never been another affair like this.

SCROFULA

It is Foul Blood's Advertisement

But It is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula sores since that time." MARIETTA M. SMITH, South Middleboro, Mass.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.
