IT WILL NOT BE TUESDAY

ABSOLUTELY NO ARRANGEMENTS FOR FLAG RAISING.

Minister Sewall has Preliminary Conference With the Government This Morning—What was Done.

No day has been set. Both Minister Sewall and Admiral Miller are very much annoyed at the fake story in which the statement was made that the flag would be hoisted on Tuesday. Minister Sewall has sent a personal request to The Star asking that the statement be made that neither he nor Admiral Miller would think of arranging a day for the ceremony without first consulting with the Hawaiian government. Such a course would show marked disrespect to the outgoing government and it would be entirely at variance with diplomatic courtesy or common politeness.

Minister Sewall held an extended conference with Admiral Miller on the Philadelphia yesterday, which lasted from 2:30 to 6 p. m., but what transpired has not been given out for publication.

This morning the United States Minister called on the government and the first preliminary talk to arrange for the flag raising was had. The interview lasted but a few minutes.

At its close Minister Cooper said: "Minister Sewall called to assure the government that neither Admiral Miller nor himself had given out any information which would lead anyone to suppose that the flag was to go up on Tuesday. They do not know themselves when the day will be. At the interview just had a few preliminaries were discussed but nothing whatever has been decided on, either as to the date or even the nature of the ceremonies to be had. I repeat that absolutely nothing has been decided on, and that many conferences between the representatives of the United States and this government will likely be had before the full program is arranged, of which abundant notice will be given. It is the desire of both governments that the ceremonies shall be made as impressive as possible, and to do so there are many details which will require time to arrange."

CAMARA'S BANNER.

Before the departure of the Spanish warships from Cadiz a flag of honor, embroidered by the ladies of that city was presented to the officers of the cruiser Carlos V. It was a solemn ceremony. The flag was blessed by a priest on the deck of the vessel, and Captain Anon, the Minister of Marine, made a patriotic speech. Captain Anon, the Minister of Marine subsequently held a council of war with the commanders of all the ships of the squadron on board the battleship Palayo. Captain Anon after the departure of Admiral Cervera wired the premier as follows:

"The reserve squadron and the troops of the expeditionary corps, on leaving Spanish waters, send greetings to the government and the fatherland, and affirm their desire to fight for them."

He also telegraphed that he was well satisfied with the condition of the squadron of Admiral Cervera. The Minister of Marine also telegraphed to the Queen Regent enthusiastic greeting from the squadron, and the announcement of the determination to "fight to the last for national honor."

TO JOIN CHINESE REBELS

KUM ONE HAS THAT AVOWED PURPOSE.

After Years of Violence in the Island He Goes to the Native Land on the Gaelic.

When the Gaelic sailed the other day, she took a passenger for Hongkong whose avowed purpose was to join the Chinese rebel forces now in insurrection against the Emperor. He was not down on the cabin list, but his name was Kum One.

Kum One during his twelve or fourteen residence here gave the police more trouble than all the fan tan and che fa players that ever came from the Flowery Kingdom, or than nearly all the other criminals who were sent to the reef during Kum One's time.

He was a desperado with all the indifference to death of the Chinese Tartar blood added. Several burglaries were charged to him. He was believed to have attempted the lives of several persons. He broke jail once and was free for eleven months. Most of that time members of the police force detailed to capture him were out all night on an average of four nights a week. He had his hiding place among the rocks and under brush around Diamond Head. He always went armed with a knife and a revolver, the hammer of which had been filed till it did not need the trigger to fire it, a typical desperado trick.

He was finally captured by William Larsen and another police officer out near Diamond Head in an old deserted hut or rather in a barn back of it. It was supposed then that he was getting ready to leave for China on the Velocite then due. When captured he had his bowie knife and revolver by his side, but was asleep. He served out his term, but as he had made threats to kill everyone connected with his capture, and from his character it was known he would carry out his threats, he was put under bonds to keep the peace. As he could not get anyone to go on his bond he was sent to jail. He has been there ever since until taken aboard the Gaelic for transportation to China. He was very willing to go as he looked on the rebellion now in progress in China as his opportunity to feed his lust for violence.

BOARD OF AGRICULTURE.

G. H. Moore is the New Forester at Nuuanu Valley.

Minister King presided at the regular monthly meeting of the Board of Agriculture this morning, all the members being present.

The secretary reported that J. A. Butterfield was the lowest bidder for putting up a hot house for experimental propagation, but no action was taken in the matter.

Dr. Alvarez appeared before the board in behalf of a number of poor persons in need of fuel to see if some arrangement could not be made with the board by which they might be allowed to thin out portions of the government forest on such terms as the board might suggest. The matter was referred to David Haughs, in charge of the government nurseries, with permission to allow the surplus wood on one acre to be thinned out as an experiment and a basis for future action.

G. H. Moore was appointed forester at Upper Nuuanu Valley at a salary of \$75 per month dating from September 1.

WHY NOT BUY A SINGER?

You want a sewing machine? Then why not buy a Singer? There has been more of them sold than any other make. They wear longer, run lighter and do better work than any other make. They have never been a cut price machine, the workmanship on the Singer will not admit of cut prices. A few dollars in the original cost between a good machine and a poor one counts for nothing. B. HAWAII'S IMPORT TRADE

SIX MONTHS IMPORTS SHOW A LARGE INCREASE.

Collector General McStocker Displays a Good Exhibit Which Proves the Prosperity of the Islands.

The imports into the Islands during the month ending June 30 have been presented by Collector General McStocker. They make a good showing and exhibit the trend of the Hawaiian trade, which is of no mean amount. The comparative statement is also very valuable. Collector General McStocker's letter to the Minister of Finance runs thus:

FOR THE CHORUS.

W. H. Hoags will sing the solo, "The Red, White and Blue," at the flag raising, and Mrs. C. B. Cooper that of the "Star Spangled Banner." With regard to the chorus, a member of the committee said this morning that it was never intended that the chorus should be sung by a selected choir alone. The purpose of having a chorus is simply to get a few trained voices together who will take the lead in the choruses at the proper time. Everybody is expected to join in and sing with enthusiasm. There will be another meeting of those who wish to join the chorus for the above purpose at the High School this evening.

NEW CUSTOMS GUARDS.

There are seventeen new men in service as customs guards today. They are serving a probationary period before receiving permanent appointments. These appointments will be made probably on Monday. Sixteen of these will represent the addition to the customs force provided by the last Legislature in the appropriation bill.

ECCLESIASTICAL GREETING.

The Church in the States Extends Its Fellowship.

The following, adopted at the recent session in Portland, Ore., of the National Council of the Congregational Churches of the United States, has been sent to Rev. C. M. Hyde of this city:

Whereas, By act of Congress and the signature of President McKinley to the annexation resolution, the Republic of Hawaii will soon become an integral part of the United States, and that the Stars and Stripes are henceforth and forever to float over that Island Paradise of the Pacific, therefore be it

Resolved, That this National Council of Congregational Churches of the United States, assembled in Portland, Ore., hereby extends to the churches of Hawaii, planted as they were by our missionaries, and continuing within our historic fellowship, a most cordial welcome to the Christian brotherhood of the United States, together with its pledge of earnest co-operation in the work of our common Lord.

In expressing this spirit of fellowship the Council also cherishes the hope of greeting Hawaiian representatives at its future sessions, as members of this body.

THE WAR WITH UNSEEN FOES.

While the killed and fatally wounded of the American civil war have been estimated at 97,000, the deaths from infectious diseases in the same period have been placed at twice the number, or 194,000. A medical authority argues from this that microbe warfare is a more important study for our schools than military tactics. This was the way that the author of the "War of the Worlds" got rid of the unconquerable inhabitants of Mars.

FRESH IMPORTS.

By the S. S. Alameda, Camarinos received cherries, rhubarb, asparagus, celery, cauliflower, fresh salmon, crabs, sounders, oysters (in tins and shell), apples, grapes, figs, lemons, Burbank potatoes, pure olive oil, dried fruit, new crop of nuts, raisins, etc. California Fruit Market, King street.

NOW IS THE TIME.

JUDGE PERRY TO TRY THEM

LABRADOR'S CREW SECURE AN ORDER TO THAT EFFECT.

Found Not Guilty of Robbery—Jury Trials in Both Branches of the Circuit Court Now On.

At the opening of Judge Stanley's court this morning, the pending opium charge against Kale, a Chinese, was not proessed.

In the Labrador opium case the Court granted the defendant's application to transfer the case to Judge Perry for trial.

The foreign jury was then called, and the trial of Kon Chin, for importing opium, was commenced.

The jury in the case of Keawe and Kai, charged with robbing a Chinese of about \$5, brought in a verdict of not guilty yesterday afternoon, three dissenting.

In the civil case of Charles Nottley vs. Kukaia Plantation Company, the defendant has filed an answer of general denial.

In the case of the Hawaiian Commercial and Sugar Company and the Maui Railroad Company vs. J. A. King, Minister of Interior, an application for an injunction to restrain the defendant from granting a certain contract to the Kahului Railroad Company, Judge Perry has sustained the defendant's demurrer, and the complaint is dismissed with costs.

In the ejectment suit of the Hawaiian Commercial and Sugar Company vs. Kahului Railroad Company, defendant's answer was filed this morning, denying each and every allegation of the complaint.

Judge Perry and a jury are engaged in the trial of Kam Tong for assault and battery.

In the case against the three men of the Labrador accused of smuggling opium, the defense will ask Judge Perry to delay the trial until the arrival of the next mail from the coast, when certain testimony taken at Victoria on a commission issued from the court here, is expected to arrive.

WAS AT SANTIAGO.

Seaman Curtis Writes of It to Captain Goodman.

Captain William G. Goodman of the schooner Robert Lewers has lately received a letter from a former member of his crew, now on the battleship Oregon. The letter, from W. H. Curtin, was written just after the destruction of Cervera's fleet and while the dispatch boat was waiting alongside for mail and dispatches. While not exactly descriptive of the battle, the letter is full of the excitement and enthusiasm of recent victorious engagements, and breathes the sailor's pride in his ship and in his comrades. The letter in part follows:

"We have been blocking this port over a month, where we kept the Spanish fleet bottled up ever since. We have had five heavy engagements since our arrival here. Yesterday put the climax on it, when the Spanish admiral and his fleet came out to do us up. We celebrated the 4th of July by the Oregon being him and his whole fleet to a finish, ending up with a running fight. The whole thing lasted from start to finish four hours and a half. Our army of 43,000 men have surrounded the city and today lieked Spain's crack regiment, killing every one of them from the colonel down to the privates and burying them in their own pits.

We have just received the news here that our soldiers are surprising all the foreign officers that are with our army to take in the sights, and we have surprised the whole world with the Oregon, practically doing up the Spanish fleet of crack warships alone. But the Spaniards can't run any bluff on the Oregon's crew, as we have lots of sand in us.

"Our prize money for yesterday's work is between \$10,000 and \$15,000.

WILL VISIT THE CAROLINES.

Ackland Wansey of the Kamehameha Museum has applied to Mr. Dole, who is president of the museum committee, for leave of absence. Mr. Wansey's wife is in ill health and she wishes to return to her native land, Australia. It is understood that Mr. Wansey before his return will visit the Caroline Islands, New Caledonia and other points for the purpose of making collections for the museum. The matter has not been acted upon by the trustees, but those interviewed today gave expression to the above views.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." YE MINISTERED UNTO ME

THE SOLDIERS SICK AT THE HOSPITALS.

Twenty-six of the Men Who Wear Uncle Sam's Uniform at the Red Cross and Queen's.

There are twenty-six United States soldiers in the hospitals here. Sixteen of these are at the Red Cross Hospital and ten at the Queen's. One or two at each hospital are very sick. The others are doing well.

Two from the Red Cross Hospital expect to return to the Coast on the next steamer. They are James Lavin of Company D, Twenty-third infantry, and Guy D. Boynton of Company A, Thirteenth Minnesota volunteers.

Those at the Red Cross are: William J. Russell, Company F, Twenty-third infantry, U. S. A.; Robert Cryan, Company L, — regiment, U. S. A.; Jesse Cook, Company L, First South Dakota volunteers; Marion Stewart, Company C, First South Dakota volunteers; Edward Beechwood, Company F, First South Dakota volunteers; John O'Connor, Company M, First South Dakota volunteers; Corporal Joseph T. Moss, signal corps; A. H. Whittemore, Company G, Fourteenth infantry, U. S. A.; Albert Houbey, Battery G, Third artillery, James Lavin, Company D, Twenty-third infantry, U. S. A.; Wilberforce Glond, Company F, Twenty-third infantry, U. S. A.; Martin Martin, Company G, Fourteenth infantry, U. S. A.; Charles H. Outten, Company G, Fourteenth infantry, U. S. A.; Frank Stanley, Battery D, Sixth light artillery; Guy D. Boynton, Company A, Thirteenth Minnesota volunteers; Lieutenant Hunt, adjutant, Fourteenth infantry U. S. A.

At the Queen's Hospital a complete record of company and regimental organization was not furnished to the hospital authorities in each case, and of course the hospital authorities have been too busy so far to look up this subject. The names of the soldier patients and the organizations they belong to, so far as they are known are as follows:

William Fales, Company A, First California volunteers; Edward H. Charrette, hospital steward, First Montana volunteers; Corporal Vance Prather, Company K, Fourteenth infantry, U. S. A.; Alfred Fought, Company L, First South Dakota volunteers; George Filley, William Patton, Fred W. Smith, Orville Johnson, Company I, Fourteenth infantry, U. S. A.; W. H. Hatcher, George T. Fowler, volunteer signal corps.

THE CAROLINES MISSION.

Provisions and Missionaries Go Today by British Vessel.

The missionary bark Morning Star expected to sail for San Francisco today and will lay up there until next March. The British schooner, Queen of the Isles, was to have sailed today from San Francisco to the Carolines on the Morning Star's regular run, carrying provisions and supplies and five missionaries. These missionaries are Rev. and Mrs. Channon, the two Misses Butler and a fifth who goes to Rak to join Mr. Price.

It was on account of the war with Spain that a British vessel was sent this time in place of the Morning Star, though it is Captain Bray's firm conviction that the Monterey captured the Carolines on her way to Manila.

WAS WITH DEWEY.

Captain O. C. Young of the American schooner Reaper, now in port, was a shipmate of Admiral Dewey on the frigate Colorado during the Civil war. Dewey was then a lieutenant, acting as lieutenant commander.
