THEY ARE ORDERED HOME

NEW YORKERS LEAVE BY THE NEXT TWO STEAMERS.

Five Hundred Go On the Australia on Tuesday and Balance Follow on the Alameda—Mustered Out.

The New York regiment has been ordered home from Honolulu.

Five hundred men will leave by the Australia next Tuesday afternoon and 300 more will follow on the Alameda.

This will practically clean up the camp. The few remaining men will be gotten off on the earliest vessels thereafter.

Orders for the New York regiment to return were received in this city this morning. Though issued by General Merriam, the orders come direct from the Secretary of War. This is a copy of the official document:

"In compliance with the telegraph instructions of the Secretary of War, dated the 12th instant, the First New York Volunteer Infantry is relieved from duty at Honolulu, Hawaiian Islands, and will proceed to San Francisco, Cal., the commanding officer reporting upon his arrival to the commanding general, Department of California, for further orders.

"The Depot Quartermaster in this city will make the arrangements necessary to provide transportation to enable this movement to be carried out at the earliest practicable date, and will notify Lieutenant Colonel George Ruhlen, Chief Quartermaster, U. S. V., in Honolulu.

Lieutenant Colonel Ruhlen is charged with the proper supervision of the outfitting and supply of the transports and the embarkation of the troops, and will make ample provisions, in addition, for the proper care of such convalescent soldiers as may be able to accompany the regiment upon its departure from Honolulu.

"The commanding officer of the troops in Honolulu will give the necessary orders for the detail of medical officers for the transports and supplies for the troops en route.

It is presumed that petitions from the home towns of the New York companies, addressed to the President, have caused the recall of the regiment. All of the cities represented in the companies except Albany, joined in a request to have the First mustered out. A San Francisco dispatch gives as the reason:

"The New Yorkers might have been stationed in Honolulu, but they introduced typhoid fever into what has hitherto been an ideal health resort, and to save themselves, the government has decided to bring them back to the United States."

A boss carpenter came down on the Australia and will begin at once the arrangement of accommodations for the 500 men. All will bunk in the stateroom except the officers, who will be given cabin room. Supplies for the 300 men to go on the Alameda were also brought down by this morning's steamer.

It will not likely be determined today just what companies will be sent on the Australia. Col. Barber and Lieut. Col. Ruhlen will first have to consult and "figure up" on the matter. It is the latter's desire, that as many convalescents as possible be gotten off. Companies K and M will be recalled by the next Kimoa from Hilo to take the Alameda on the 7th of December.

There was great rejoicing at the New York camp this morning when the news was received. Most of the men are thoroughly homesick and welcome the change. They will be stationed for a few days at the Presidio and will reach home for Christmas, where they will be mustered out and will straight way return to the arms of peace.

THANKSGIVING DINNER.
The Thanksgiving dinner at the Hawaiian hotel this evening will be quite a swell social affair. There will be music all the time. At 8 o'clock dancing will begin and will be kept up until midnight.

MESSANGER SERVICE.

TYPEWRITERS!!

In no line of mechanics is excellence of construction of such vital importance as in Typewriters.

The PEERLESS is especially noted for its durability, simplicity and its speed.

Considering first cost only the PEERLESS is not one of the so-called "cheap machines," but looking at it from a business point of view, comparing quantity and quality of work, loss of time from breakdowns on steamer days, when the Typewriter is most needed, and cost of repairs, as well as the life of the Typewriter, the PEERLESS is without an equal and is the cheapest machine on the market.

FEAST FOR THE SOLDIERS

LADIES BUSY GETTING DETAILS INTO SHAPE.

Native Musicians Volunteer to Sing at Convalescents' Camp—At Independence Park.

All is ready for the feast to the soldiers tomorrow. Tables and seats have been arranged on the grounds at Waiialae and on the engineers' campus at Kapiolani park. At the hospitals the dinner will be served for the most part indoors.

Among the orders placed this morning was one for 225 dozen bottles of soda water. The market has been stripped of turkeys. There will be solids and delicacies enough to feed twice as many men as there are at the camps.

Kanepu, clerk at the station house, has taken the lead in a movement that, if it could be generally carried out, would greatly enhance the pleasures of the day at all the camps. This young man has volunteered to take to the convalescents' camp on Punch-bowl slope a native stringed orchestra to play during the feast. The idea is generally commended and it is hoped other orchestras may find it convenient to follow it up.

Mrs. Dole and the other ladies have been busy all forenoon making purchases for the dinner. A thousand and one details have naturally come up and are still appearing, but all are being handled in a most satisfactory way.

Mrs. Wright's scheme for the feast to the sick at the military hospital will be one of the charming events of the day. A splendid menu has been prepared. In it a diet may be found for any of the patients. The dinner will be under the supervision of the hospital surgeons. Mrs. Wright will be assisted in the reception by a number of ladies.

SUGAR UP AGAIN.

An Advance of Two-Sixteenths Since Last Steamer.

Sugar is now 47-16, and firm at that. The bullishness of the market, though apparently phenomenal, seems solid. There is all of substantial encouragement to growers in the outlook. Granulated is quoted at 4.36. Bests are 9s 10 1/2d, which also makes an advance of several points.

Hawaiian rice remains firm at 53-8; Japan is quoted at 5.80.

REACHED NEW YORK.

Castle & Cooke received telegraphic advices by the Australia this morning that the ship Kenilworth, which took fire off Chile and was partially destroyed, reached New York on the 15th. She had not then begun to discharge.

The ship Aryan, from Honolulu with sugar, reached New York on the 14th.

DAWSON CITY AFIRE.

Dawson City, Alaska, was almost totally destroyed by fire on the morning of October 14th. The loss was in the neighborhood of \$750,000. Four blocks, comprising about fifty buildings, went up in smoke. The flames started in the Green Tree hotel. So far as known no Honolulu men were sufferers by the fire.

HAWAIIAN COMMERCIAL.

No Alarm Felt Over Sale of Stock at Reduced Figures.

James B. Castle returned by the Australia this morning from San Francisco, where he went some weeks ago in the interest of his new property, the Hawaiian Commercial and Sugar Company. While away he was a very busy man.

The affairs of the plantation were left in excellent shape, reports Mr. Castle. There was a slight slump in stock, but this was due to a momentary and specific cause, and indicates nothing. On the 15th a sale of 400 shares was made at 57.75, a drop from 60.

MAKING READY.

Carpenters employed by the ladies' committee on Thanksgiving dinner to the soldiers began this afternoon removing the tables and benches from the Executive building grounds to the various camps. The old picnic ground now looks as if a cyclone had passed that way. All the palm leaf canopies are down and the place is a general wreck. This is the beginning of the work of ridding the grounds of the old feast material.

DIED.

Lucian Pomeroy Tenney, November 20th, suddenly, of heart failure, at Cromartan, Florida, aged 73 years.

The deceased leaves a widow, Mrs. L. P. Tenney; also three children, Vernon L. Tenney, of Brooklyn, N. Y.; Mrs. G. P. Castle, and E. D. Tenney, of Honolulu.

Mr. Tenney was also a brother of Mrs. S. N. Castle of this city and Mrs. H. N. Peck of Kenova, West Virginia.

IMPROVEMENT PRICES.

Burt & Packard's French calf, hand sewed lace, congress, all shapes. Our price, \$3.00.

DELICIOUS ICE CREAM.

There is ice cream, but the ice cream served at the New England Bakery is the most delicious in town.

SENATOR CULLOM TALKS IN THE CIRCUIT COURTS

IS PREPARING THE HAWAIIAN REPORT.

Congress Will be in Session for a Year—Cable to the Islands—Niagara Canal.

WASHINGTON, November 14.—Senator Cullom, chairman of the Hawaiian Commission, who has arrived here, expects to call a meeting of the Commission at an early day, although he has not yet fixed a day. The substantial features have been agreed upon, and it only remains to put these into form and then submit them to the full Commission for final approval. Besides the chairman, Senator Morgan of the Commission is here and Representative Hitt is expected the latter part of the week. Judge Frear of the Hawaiian supreme court, one of the two Hawaiian members, is in this country, and is now visiting in New Jersey. It will be possible, therefore, to secure a quorum at any time. Mr. Dole, the other Hawaiian member, is expected here early in January.

Senator Cullom said: "I believe Congress will have enough before it to keep it in continuous session for the next year."

"I do not believe there will be any cavilling about the Hawaiian Islands, as we acquired them by the process of annexation and not as an incident of war. There may be, however, a difference of opinion, with respect to our other possessions, but these differences will in time be wiped out."

"Our interests demand that a cable to Honolulu should be built. With the Philippines in our possession, we ought to extend this cable to Japan, and from there to Manila."

"The march of events has pointed out once more the imperative necessity for closer means of transportation between the Atlantic and the Pacific. Arguments for the construction of a Nicaragua canal are more forcible than ever before. A bill providing for its construction will undoubtedly be reported early by Senator Morgan, who is more enthusiastic than ever upon that subject. In my opinion this canal ought to be built under the government control, and I see no reason why the proper kind of an arrangement cannot be made with the two governments through whose territory the canal will pass."

TERRITORY FOR HAWAII.

Senator Morgan Wants a Cable Laid at Once.

Hawaii, Senator Morgan says, will from the start be a source of revenue to this country and added: "A territorial form of government will be provided for Hawaii by Congress this winter. But one thing should be done at once—a cable should be laid to the Islands. Its necessity is apparent. It should be constructed and controlled by the United States."

"The session is limited to three months, and that short period will be mainly occupied in passing the appropriation bills, in enacting new laws for the regular army and in deciding upon the legislation necessary for the government of Hawaii. In addition to these important matters, the usual number of routine matters will arise. From the present outlook the session will be well under way before the treaty of peace with Spain will be laid before the Senate, and the ratification of that document may not be accomplished before the 4th of March arrives."

OFF ON A VACATION.

Charles L. Rhodes of The Star and William A. Love, the broker, left by the Claudine yesterday for a pleasure turn on the Island of Maui. They will visit Wailuku and Kahului, and will make the ascent of Haleakala. The young men expect to return next Sunday morning.

FOR THE SOUTH SEAS.

The long expected barkentine Ruth arrived at San Francisco recently, from St. Michael, by way of Puget Sound. The Ruth, which for several months was in the Alaskan business, is to be fitted up as a South Sea trader. It is expected that she will be ready for sea by December 1st. The J. F. Cunningham Company, owners of the Ruth, were formerly engaged in the trade with the Caroline and the Gilbert groups. Their trade was broken off, however, by the war. The Ruth will carry passengers, if any are going. She will make her principal stations at Ponape and Yap.

SPECIAL MEETING.

Of ladies will take place at L. B. Kerr's store, Monday and Tuesday, where they can buy all dress goods at 10 per cent discount.

POINTS OF MERIT.

Strong, durable, easy running, simple in attachments, all the result of constant study for many years, of men who have made a life study of perfecting the Singer sewing machine.

With few equals it has no superior, and is sold as low as any other first class sewing machine. Buy a Singer and you take no chances. If you doubt our word ask your neighbor who has been using a Singer for the past ten or twenty years. For sale by B. Bergerson, agent, Bethel street.

PORTER WINS AGAIN IN HIS SUIT AGAINST McCANDLESS.

Judgment for \$1,050 Awarded by a Foreign Jury—Wailuku Damage Case in Court.

The assumpsit matter of F. F. Porter vs. Hawaiian Pork and Packing Company was decided for the third time by a foreign jury in Judge Perry's court this morning. Plaintiff was awarded judgment in the sum of \$1,050. Mr. Silliman, attorney for defendant, noted exceptions and a motion for a new trial. George A. Davis and A. S. Humphreys are attorneys for plaintiff.

The ejectment action of Kabele against Paha and Keawa, being a suit to recover a small parcel of land situate at Kuliwi, Honolulu, was before Judge Perry again this morning. After final argument the court stated that it would sign a decision finding for the plaintiff for the restoration of property and for \$10 damages.

The Hawaiian Hardware Company has entered suit against W. H. Winchester for the sum of \$474.28, alleged to be due on two promissory notes.

Aswan, administrator, has filed an inventory of the property of the late Ah Chai, Chinese merchant on Nuunuu street, valuing the same at \$1,000.

The Gourva-Wailuku Sugar Company damage case is still on before Judge Stanley this afternoon. A jury was secured yesterday after considerable effort. Thus far three witnesses for the prosecution have been examined.

STOCK EXCHANGE.

No sales between boards were reported this morning. At today's session ten shares of Oookala sold at 97 1/2.

Bids were: Ewa 235, Honokaa 160, Kahuku 110, Oahu assessable 71, Oookala 97, Hawaiian government bonds 100, Oahu R. & L. Co. bonds 100.

Asking quotations were: Brewer & Co. 600, American Sugar Co 115, Ewa 240, Hawaiian Agricultural 400, Hawaiian Sugar 160, Honokaa 200, Kahuku 130, Oahu assessable 72 1/2, Oahu paid up 150, Oookala 99, Waimanalo 180, Waimea 125, Waianae 210, Inter-Island 145, Hawaiian Electric 200, Oahu railroad 82 1/2.

Tomorrow being a legal holiday there will be no session of the stock exchanges.

ARLINGTON THANKSGIVING.

There will be a special Thanksgiving dinner at the Arlington hotel tomorrow evening. Mr. and Mrs. Krouse have prepared the usual excellent reception to their patrons and friends. Prices remain the same as on other days.

DEPARTMENTS REMAIN.

"The order for the New York regiment to return to the states does not effect me nor my department," said Major Purdy, paymaster of Hawaii, this morning. "I am attached to General Merriam's staff and remain here permanently. The commissary and quartermaster departments are in the same position."

"It is my opinion," continued Major Purdy, "that another regiment will be ordered to Honolulu at once. Regulars will probably come."

FOR THE ORPHEUM.

Mr. and Mrs. Polachek and J. Hemla, old variety players of San Francisco, arrived by the Australia this morning to appear in the Orpheum theater. Mr. Desky reported that others would arrive by the Coptic. The show will open on the evening of December 7th.

DEDICATED TO MISS ROSE.

A companion song to "My Honolulu Lady" has come out by the same author, under the title of "My Honolulu Belle," and this is supposed to mean Miss Anna Rose. But how the Hiloites will kick.

DIVIDENDS AT SAN FRANCISCO.

The Hutelinson Plantation paid a dividend of 50 cents a share on the 12th. Twenty-five thousand dollars was paid out.

The Oceanic S. S. Co. has declared a dividend of 50 cents a share, payable on December 1st.

THE SUGAR WAR.

On the 14th the American Sugar Company put up its price one-fourth of a cent all round. The advance was immediately followed by the independent refineries. It is claimed that all have been losing money at the low prices which have prevailed since October 25th. Doseher's new refinery at Brooklyn was started two weeks ago, and its product is now on the market.

EJECTMENT.

John D. Paris vs. Antonio Fernandez, ejectment, will be heard in the circuit court on December 1st. J. F. Morgan endorses plaintiff's indemnity bond in the sum of \$1,000.

MARSHAL BROWN.

Marshal Brown writes that he and Mrs. Brown had a pleasant passage to San Francisco. They both felt the cold considerably. Some of the San Francisco papers have scheduled the marshal as Labor Commissioner Brown.

SPAIN PROVES STUBBORN

REPORT THAT SHE WILL NOT SIGN THE TREATY.

Philippines Will Then Be Occupied by United States Garrison—Ominous Orders to the Spanish Fleet.

PARIS, November 16.—The meeting today of the Spanish-American commissioners began at 2:15 p. m. and ended at 3 p. m.

The Spaniards, in their communication today, reaffirmed the position which they assumed against the discussion here of Spain's Philippine sovereignty. They insist that the words "shall determine the control, disposition and government of the Philippines," in Article III of the Peace Protocol, do not warrant any reference to Spain's withdrawal from the Philippines except on her own terms, and, therefore, the Spaniards propose arbitration on the construction to be placed on the words "the control, disposition and government."

MADRID, November 15.—According to semi-official statements here, the Spanish Peace Commissioners will maintain their present attitude in regard to the Philippine Islands and will certainly not accept the conditions of the United States. Further, if the discussion does not return to the limits of the protocol, as viewed by the Spaniards, the Spanish Commissioners have decided, in spite of contrary reports, not to sign a treaty of peace.

It is also learned from the same sources that complete accord prevails between the Spanish Government and its Peace Commissioners.

WASHINGTON, November 15.—Administration officials do not share the opinion expressed in some quarters that the Paris Peace Commission will fall in its efforts to agree upon a treaty.

It is undoubtedly true that should the Spaniards adopt this course they would sacrifice the indemnity this Government is now disposed to grant. The United States undoubtedly would immediately take forcible possession of the entire Philippine group and at once enter upon a military and naval campaign, which would end only upon an unconditional surrender of whatever territory this Government might see fit to demand.

It is believed that the United States at this time would consent to a cash payment of from \$20,000,000 to \$40,000,000 rather than renew the war.

LONDON, November 16.—The Daily Graphic says this morning: "The Spanish trans-Atlantic fleet has been ordered to be prepared for a renewal of hostilities, and the fort in the Canary Islands are being rapidly manned."

BROKE AN ARM.

A fireman on the Australia broke his arm while coming to Honolulu. He was engaged with others in shifting coal when a basket dropped upon the member.

DEATH OF A CHILD.

The young son of Henry Peters, clerk in the custom house, died at the residence of his parents on Beretania street yesterday afternoon, and was buried in Kawaunoha cemetery today.

NEW VESSELS.

Three Now Building for the Island Trade.

Trade with Hawaii is on the increase and there seems to be a constant demand for sailing vessels to put in the sugar trade, says a late Call. At the present time three new vessels are being built for the Honolulu business and will be ready to go into commission about the first of the year. Two of the vessels will be four masted schooners and one is being built at Eureka by H. D. Bendixen and the other at Alameda by Hay & Wright. The other vessel will be a four masted barkentine, and she also is being built at Eureka.

The schooners will be sister ships to the Mariel and Honolulu, now on a race from San Francisco to Puget Sound, Australia, Hawaii and home. They are 164 feet long, 37 feet broad and 13.8 feet deep, and will be named Robert H. Hind and James Rolph, after the members of the firm of Hind, Rolph & Co., who own the fleet. The barkentine is 191.6 feet long, 39.10 feet broad and 16.8 feet deep. All the vessels when completed will load for Honolulu.

THE SAMOAN TRADE.

WASHINGTON, November 12.—The United States last year commanded more of the Samoan trade imports and exports than any European nation, and in the matter of exports to the islands stood second only to the near by Australian colonies. Moreover the consul general at Apia, says a large percentage of the goods sent to Samoa from Australia were of American origin.

GAGE CHANGES HIS VIEWS

IS NOW FOR EXPANSION OF THE REPUBLIC.

Wants to Give the Philippines a Proper Form of Government—Half Measures will Not Do.

WASHINGTON, November 15.—Secretary of the Treasury Gage, who has been opposed to territorial expansion, says in an interview:

"From hostility to the acquisition of territory I have changed my views, and I am no longer opposed to it. Commercial necessity has compelled territorial expansion. We need a trade outlet in the east. Few of us believed in the beginning that we should acquire more than a port in the Philippines, but the question broadens and the public sentiment has grown rapidly. We must give the Philippines a proper form of government. We have all agreed from the beginning that we would control absolutely at least part of the islands. As the matter is thought out it becomes more and more apparent that there would be many complications if we partly governed and partly protected these people.

"The sentiment for expansion is growing stronger all the time. One has only to breathe on the western prairies to become more or less affected by it. My belief is that we must keep the Philippines, and that this is the only solution of the present situation. As to indemnity or compensation, that is a question I am not ready to discuss."

BEEET SUGAR IN EUROPE.

WASHINGTON, November 10.—Consul Britton at Nantes has made a report to the state department in regard to the beet sugar cultivation of Europe, from which it appears that the total estimate of the crop for the present season will fall 375,000 tons short of the production of raw sugar for last season. Holland is the only country in which an increase is shown.

ARMY CONTROLS TRANSPORTS.

WASHINGTON, November 11.—A new army regulation has been prepared regarding the transportation of troops by water. The regulation is based upon the report of the board recently convened, at the head of which was Major General Ludlow. The regulation is mostly of technical detail, the most important feature being the fact that the transports are to remain wholly in charge of the army and not placed under command of naval officers, as has been suggested, and which is the general policy of England and some other governments.

CAPTAIN F. ARMSTRONG.

New Leader of the Town Football Team for Tomorrow's Game.

At a meeting of the Town football team held last evening Frank Armstrong was elected captain and all the details of tomorrow's game finished up. Armstrong is the oldest end rush in the country and an all round good football player. This is the team to be put in by the Town tomorrow:

M. Houghtaling, center; I. Cockett, right guard; H. Cockett, left guard; John Lane and John Waterhouse, right and left tackle; A. Lawrence and D. Koff, right and left end; McLean, quarterback; J. Conrad and F. Armstrong, half backs; P. Gleason, full back.

The Punahou will play practically the same team as was pitted against the Iowas a few days ago. As previously announced the Hawaiian band will play throughout the game.

RELIABLE ADVERTISING.

The ladies of Honolulu are fully alive to the fact that the goods advertised by Sachs & Co. are everything they are said to be. The special offerings set forth for this week are no exception to the rule. They are reliable.
