HOW MANILA CELEBRATED

GLORIOUS FOURTH IN THE NEW COLONY.

California and Washington Volunteers "Sail for Home—Dakotas and Others Ready to Embark.

MANILA, July 4.—There was a great celebration of the Fourth here with fireworks, bands, speeches and decorations everywhere, all nationalities participating. The foreign ships and consulates, including the Spanish, raised their colors in conjunction with the Stars and Stripes. The flag ship Baltimore fired a national salute at noon. Several hundred boys and girls, Filipinos, Spaniards and Chinese from the public schools, dressed in their best clothes, each carrying an American flag, sang "America" in a curious mixture of dialects. Chaplain Knudsen of the Washington regiment read the Declaration of Independence.

WASHINGTON, July 4.—The California and Colorado volunteers will leave Manila for home in a few days. The War Department has received the following message from General Otis:

MANILA, July 4.—Adjutant-General, Washington: California Infantry and Artillery, numbering 1400 men, and discharged men, take the Sherman, now loading at Negros. The Warren takes Colorado, 1100; now preparing preparatory papers. Difficult to lighter transports in the typhoon now prevailing. The Grant is unloaded; in four days will take on Idaho, North Dakota and Wyoming, 65 officers and 1500 men, with other discharged men. OTIS.

MANILA, July 4.—The negotiations between the Spanish officers and Aguilardo at Talar concerning the Spanish prisoners in the hands of the Filipinos have resulted in a partial agreement. According to unofficial reports, the insurgents have promised to release the sick soldiers who number several hundred, and the civil officials, but they intend to keep the friars, expecting that the church will finally pay a heavy ransom.

Tomorrow the Bennington will take Professor Schurman, president of the United States Advisory Committee for the Philippines, to Hongkong, from which point he will sail to Japan to pay a short visit there before leaving for the United States.

CAPTAIN DREYFUS.

RENNES, July 5.—For Captain Dreyfus, today passed off much as yesterday. His wife visited him for an hour in his cell. The name of Colonel Saxe is mentioned as the probable president of the court to try Dreyfus.

DROWNED IN THE HARBOR

SAILOR MEETS DEATH WHILE SWIMMING.

Dives Into the Bay and Falls to Rise Again—Was Out With Comrades for Early Morning Plunge.

George Gibson, a sailor of the British ship Amphitrite, was drowned in the waters of the bay between Sorenson and Nuuanu wharves this morning. At an early hour he and his shipmates went in swimming. They had an old scow near the vessel from which they were diving. Gibson had gone off twice. On the third plunge he went down not to rise again.

When his disappearance became known, terror struck his companions, and they scrambled hurriedly upon the scow. The first thought was of sharks. Later several tried to dive for the man but did not succeed in finding his body.

The harbor police were notified and they in turn sent word to the station house, John Kahaiuni was employed to dive for the body. The third time he went down he brought it up. It was taken to the station house and this afternoon a coroner's inquiry will be held over it to officially determine the cause of death.

Shipmates of Gibson think he was taken with cramps in the water. He was not a very good swimmer and frequently used life preservers as a safeguard. He had an inflated bladder, some wore around him when drowned.

Gibson was 21 years of age. His home address is 748 Calle Brazil, Buenos Ayres. He is a citizen of the Argentine Republic. His father was an Englishman and mother Italian. He arrived here on his ship on July 4th.

OBSTRUCTING STREET.

D. G. Camarinos was charged in the District Court this morning with leaving boxes of goods on the sidewalk in front of his store more than three hours. The case was tried and defendant was found guilty. He was sentenced to pay a fine of \$5 and court costs. It appears from the evidence that clerks of Mr. Camarinos had been warned two or three times to keep the sidewalk clear.

ABOUT GEORGE WADE.

The reason the grand jury at San Francisco took up the George Wade murder case was to guard against a slip-up here. In case the Hawaiian court decides it has no jurisdiction, the accused will immediately be rearrested on the California indictment. There was never a thought of taking the case away from the Hawaiian courts.

This statement comes from the attorney-general of California.

RAILWAY WHARF MATTER.

The Government is considering the matter of leasing the railway wharf back to the railway company. One of the Cabinet officers is not in favor of giving a lease, on the general proposition that government wharves should be open to the public and wharfage on same should go into the treasury. It is felt, however, that as the railroad fathered the project it should be given all the concessions possible.

MR. CECIL RHODES TAKES WATER.

During the speech to the shareholders of the Chartered Company, Mr. Rhodes' voice was affected by his cold. One of his brother directors handed him a glass of water. "Is it Apollinaris?" inquired the speaker, and on receiving an affirmative reply, took a draught, said emphatically, "Good," and resumed his speech.—London Daily Mail, April 23, 1898.

COMMISSIONERS LEAVING

U. S. R. BADGER SAILS FROM APIA TOMORROW.

Departure of Special Agents Taken as Meaning a Complete Settlement of all Difficulties.

WASHINGTON, July 5.—The following cablegram has been received at the Navy Department from Captain Merrill Miller, commanding the naval transport Badger, which has the Samoan commission aboard:

"AUCKLAND, July 5.—Samoa. The Badger sails for Honolulu on July 6th. The Badger sails, with the commission, only July 14, is nothing percents."

"MILLER."

It is expected that the commission will reach San Francisco about the 10 of August.

BERLIN, July 5.—The National Zeitung, commenting upon the reported appointment of an administrator for Samoa who would not be subject to any of the three powers, opposes the plan, pointing out that a similar experiment in the case of the chief justice was a failure.

NEW YORK, July 4.—The dispatch from Auckland taken by the author has not been completed, clearly see the end in sight, if no new complications arise.

The collector Brutus went out to Samoa to supply the Philadelphia with coal for the Badger's return voyage, and remained with the Badger as a fuel storehouse in case the commission's stay should be protracted. From Honolulu he probably will go to San Francisco.

Naval officials think the Badger will proceed straight to the latter port, reaching there about August 1.

The commissioners will come direct to Washington, and probably will hold several conferences here after submitting their reports to the respective governments.

The Abrenada left Valparaiso today with material for the new coal station at Pago Pago, Samoa.

DEWEY AND DIEDRICH.

BERLIN, July 5.—The Neuste Nachrichten today publishes letters exchanged between Admiral Dewey and Von Diederichs. The latter's letter is dated March 17 and reads:

"Sir—I have the honor to acknowledge the receipt of your communication of March 4 informing me your excellency has been promoted as admiral. While congratulating your excellency sincerely on this new token of recognition, I beg you to believe me the good news has given me the greatest satisfaction. I have the honor to be your excellency's obedient servant."

"DIEDRICHS."

Admiral Dewey replied April 15, saying: "Dear Admiral von Diederichs—I wish to thank you most heartily for your cordial letter of congratulation upon my promotion. It is a great pleasure to me to feel my advancement is a source of satisfaction to you, and I rejoice that our differences have been of newspaper manufacture."

"Hoping to have the pleasure of meeting you again before leaving this station, I am, very sincerely, "DEWEY."

ARRIVALS BY THE RIO.

The Rio de Janeiro, which arrived this afternoon from San Francisco, brought the following passengers for this port: H. Leebert, J. M. Smith, E. L. Bliss, Dr. A. McWayne, J. T. McGrew, Miss J. Hartwell, A. F. Judd, J. R. Judd, Mrs. D. W. Wetchem, M. M. Minto, Jr., Miss C. Cammons, Mr. and Mrs. Mayes, F. L. Stone, Mr. and Mrs. L. Adloff, S. M. Damon, Mrs. McCannan and child, C. H. Bellina, J. Cassidy, Miss Hartwell and maid, H. C. Rodgers, A. M. Hervey, G. W. Fuller, Mr. and Mrs. M. H. Gentry, Mr. and Mrs. S. Patches, A. G. Rolfe, C. M. Geist and 12 European steerage.

TRANSVAAL SITUATION.

Latest Dispatches Indicate Settlement of Controversy.

PRETORIA, July 4.—The special conference between President Kruger, the members of the Cabinet, and Fischer, a member of the Executive Council of the Orange Free State, who was the bearer of compromise suggestions from the Free State in the matter of the dispute between the Transvaal and Great Britain, and Hoffmeyer, the African leader has been practically concluded. It is believed that the franchise proposals have been accepted and may be laid before the Volksraad tomorrow and that peace will be preserved.

WASHINGTON, July 5.—The visit of Rear Admiral Hewison to Pretoria was made in accordance with instructions from this Government. It is understood that he was directed by the Navy Department, at the instance of the secretary of state, to make the trip to Pretoria to investigate the status of Americans in the Transvaal, with particular reference to what extent they would be benefited by the concessions which the British Government is seeking, and he involved in the event of war between Great Britain and the Transvaal.

It is believed here that the admiral's visit was connected with an offer of the good offices of the United States, but this cannot be confirmed. It was admitted officially today that he had gone to Pretoria under instructions from the State Department.

LONDON, July 5.—The Pall Mall Gazette this afternoon says the Secretary of State for War, the Marquis of Lansdowne, in conjunction with the military chiefs, has completed arrangements to dispatch 40,000 to 50,000 troops, of all arms, to South Africa in the event of matters taking a turn for the worse. It is added that all the necessary arrangements have been made there for the distribution of the troops on their arrival.

WHAT A DOCTOR HAS TO SAY OF CHINATOWN.

"If there was not a Chinatown and no Asiatics in this city, consumption would be practically unknown and this would be the greatest and most beneficial resort in all the world for persons afflicted with any form of tuberculosis."

These are about the words of a reputable physician—a man who investigates and thinks deeply and clearly, some years have been devoted by him to the special study of causes and treatment of consumption. He has finally located the source and propagating center of the disease among the low, filthy, unsanitary dens of Chinatown and Japan Sea.

It is now admitted the world over that consumption is contagious, and that it is transmitted from person to person through discharge from the lungs by spitting. The doctor mentioned a store on Nuuanu near Hotel that is patronized hourly by natives, whites and Asiatics. In it is an old Chinaman who has had consumption for nearly eighteen months. He sits in the store all the time, and it is safe to say that every inch of the floor in the building is permeated with the germs of the disease. Every person entering the door is subject to it, and doubtless many have contracted tuberculosis right there.

There is not a restaurant in Chinatown, affirms the doctor after months of investigation, but that is full of the germs of consumption. All of them are visited daily by consumptives, who expectorate all over the floor. These sick persons hang about the stores, the drug establishments, butcher shops and on the street corners, spreading disease and death wherever they go.

The doctor states that there is three times as much consumption in Honolulu today as there was five years ago. He says the increase is among natives, Asiatics and the poorer classes of whites, and charges it all up to Chinatown. The situation is becoming alarming. He advocates extreme measures and at once. One idea is that the hundreds or more Chinese consumptives in that part of the town should be immediately arrested and segregated.

It is interesting to note, in connection with these observations, the statement given out by the Tuberculosis Congress of the world, recently in session at Berlin, which is as follows: "That the tubercle bacillus is the sole cause of tuberculosis of every form; that every person and every animal whose secretions contain those bacilli is a source of infection; that other bacilli, especially streptococci, in many cases become mixed with the tubercle bacilli, and jointly produce a complicated disease known as consumption of the lungs; that tuberculosis is not hereditary, and that it may, under almost any circumstances, be cured if conditions are favorable."

The source of the disease is established beyond question. It is in the bacilli given off by diseased persons or animals, and no one can get the disease who does not take these bacilli into his system.

EVERYTHING WAS GOOD.

A good performance and a good attendance is the report from the Orpheum last evening. The opening piece, Murder at the Toll Gate, is full of interesting and funny sayings. The Hartwell Sisters increased their popularity by a good cake walk. The songs and Raeward sketch added much to the interesting program, and Post and Marion proved that they are always favorites. The same excellent program will go on for this evening and those who miss seeing it will miss a treat. Only 50 cents for a reserved seat and a good evening's entertainment.

Chinese Actress Loses Jewelry Shop and Lot of Money.

A Chinese woman named Su Moon was robbed of a lot of jewelry and money last evening. A man named Ah Nam was arrested this morning. In his possession was found a skeleton key which unlocks the woman's room easily.

The woman lived in a house opposite the old Chinese theater in Aala lane. Several gold watches, diamond rings, chains, other jewelry and something like \$200 in cash were stolen. Detective Kaipa has the matter in hand and hopes to discover the treasure.

COLUMBIA SAILS.

The Columbia actually left port yesterday afternoon. From the lively buzz in getting out it is assumed that she will reach Nantucket anyhow. Her destination is Hongkong, where she expects to go into dry dock.

The delay in getting away yesterday was caused by a desire of the engineers and crew to celebrate a little before sailing. The vessel left the channel shortly before 6 o'clock.

MORE OF THEM USED.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. The points of merit are strength, durability, easy running and simple construction. Very little mechanism to get out of order makes repair bills small. When in need of a new sewing machine examine the Singer before purchasing any other make. B. Bergeron, agent, Bethel street.

A NOTABLE CHINESE MAN

REFORMER LEONG KAI CHEN COMING.

Chinese Colony Making Preparations to Receive Worthily One of the Heads of the Chinese Reform Party.

Honolulu is to see a real live Chinese revolutionist, who is going to stir up the thinkers of the Chinese colony here, and deliver a series of rousing lectures upon the situation in the empire.

Editor Leong Kai Chen is expected to arrive here within the next fortnight or three weeks, and will make some stay here, putting forward his views among his countrymen. He will be the guest of the Chinese Reformers of Honolulu, among whom are included the principal merchants here, they having imbibed many western ideas through residence and mixing with the Anglo-Saxon population of this place.

Leong Kai Chen was born in Canton thirty years ago. Unlike the celebrated Dr. Sun Yat-sen, who is associated with him in the reform movement, Leong Kai Chen has had no western education. He was brought up in the Chinese schools. His knowledge of western matters is derived from men like Dr. Sun and also from Japanese authors, he having a thorough knowledge of the Japanese tongue.
