**MR. H. P. WALTON,**  
Manager Peerless Preserving Paint Co.

Dear Sir:  
In September 1896, you did nearly \$3,000.00 worth of work for us under a three-year contract and I am pleased to testify to the fact that you kept your agreement to our satisfaction. We find that your paint gives better satisfaction than any we have tried on roofs, either single or iron, and as we are situated so near the sea the paint question is an important one for us. We realize that no paint will "kill rust" although the "Eureka people" guarantee to do so with their paint, and we have given them one-half mile of rusty track of experiment upon, we do not believe they can accomplish what they claim, although we hope so as the world has been looking for such a paint for centuries.

We do believe that your paint will protect iron from rust along the sea shore and will give it a good trial on our railroad track which is situated between Anahola and Kapaa.  
The proposition that I offered you and the Eureka people to each paint one mile of our track and we would pay the man whose paint was in the best condition at the end of the year, the price of the two miles fell through, as the Eureka people would not accept the proposition.

If the Eureka people claim to have contracted with us for any work outside of the one-half mile of track mentioned above, they have no authority to make such statements for such is not the case.

That we have given you another contract amounting to over \$3,000.00 is the best proof that we are satisfied with your paint and agreements.

Yours truly,

## KRUPP GUNS AT MAKEKING

### BOERS SAID TO BE BOMBARDING THE PLACE.

British Calls for the Reserves Responded to Surprisingly—Ninety-two Per Cent Under the Call.

The Japan Daily Mail of October 21 received by the Doric publishes the following Reuter cablegram giving the latest news of the Boer war:  
SHANGHAI, Oct. 20.—The calling out of the Militia was a surprise. 133,000 have applied to be employed.  
The Army Reserves have responded to the call splendidly; over 92 per cent have answered the summons.  
It has been decided to replenish the depleted garrisons.  
The War Credit granted by the British Parliament amounts to £10,000,000 sterling.  
The news from Makefeking is doubtful and disjointed.

The latest intelligence indicates that the Boers have been repulsed with heavy loss, but they began bombarding the place again with Krupp guns.  
THE ADVANCE IN NATAL.  
The Boers are making a general advance in Natal, apparently with the object of enveloping Ladysmith. Hitherto there have been only outpost skirmishes.

THE SOUDAN EXPEDITION.  
The expedition against the Kaffir Kordja numbers 9,000 men.

NEWS FROM SOUTH AFRICA.  
SAIGON, Oct. 20.—The Military situation in South Africa is unchanged. A battle appears imminent.

FOOTBALL.  
Fast and Snappy Game Saturday. Another Football Meeting.

The football game at Oahu College grounds Saturday afternoon was fast and snappy throughout. It was a most interesting game to watch and the zest of both players and spectators demonstrated lively interest in football matters.

The Oahu College boys did good team work, showing that they have had excellent coaching. In the earlier part of the game they inured their play somewhat by high tackling, but they soon got over this. The team eleven had the heavier line, and though it lacked practice in team play, it more than made up for it in the heavier line and the skill and experience of individual players. Both Castle for Oahu College and Soper for the town team full backs did some brilliant work in their positions. Richard Cooke, left guard for Oahu, did some great work in the line. Erdman, for the town team made some very pretty plays around the end. The game was contested right to the end.

The line-up was as follows:  
M. Robinson.....R.E.....W. Greenwell  
Kaulukou.....R.G.....Coats  
Cruzan.....R.T.....Erdman  
Walker and.....Judd and  
L. Robinson.....C.....Fuller  
R. Cooke.....L.G.J.....Waterhouse  
Alexander.....L.T.....Sam Johnson  
Williams.....L.E.....Fred Damon  
Williams.....Q.B.....C. H. Cook  
(Captain)  
Lyman.....R.H.B.....Turner  
Hemlingway.....L.H.B.....Elston  
Castle.....F.B.....Soper

Due to the fact that so many of the players were at this game, the football meeting at 5 o'clock at the Y. M. C. A. was attended by only three or four. The Berkeley team project was discussed, but nothing definite was done. Mr. Crane intends to see a number of the football enthusiasts and if enough interest in the matter is shown on the town side of Sams Souci.

## A HONOKOHAU HEROINE.

Saved Her Husband From Falling Over the Fall.

LAHAINA, October 28.—During the heavy rains at the north end of the island, the new road into Honokohau valley was washed away in places, and a party returning at night from a luau had a narrow escape from falling over the fall.  
The wife of one of the party, knowing that her husband would return during the night, stationed herself at the wash-out and waved a lantern when she heard the people coming, and thus averted what might have been a serious accident.

## A SHIPLOAD OF LABORERS

### DORIC BRINGS NEARLY SEVEN HUNDRED.

Trumbull-White, the Well Known Author and Correspondent Returning Home From Siberia.

The S. S. Doric arrived at 1 o'clock today from China and Japan, bringing one of the heaviest loads of passengers she has ever carried, though with only a small cabin list. She has on board 698 Chinese and Japanese laborers for this port and 299 for San Francisco. The cabin passengers for Honolulu are: Bill York Kai and servant, Lee Chow, Mrs. Shang See, Miss Loo Hin On, H. Nouguchi, Mrs. Lou Chang She, Mrs. Leang Hung Hin, Wong Tin Chong, Lin Coon Chuch, O. Ioanow.

Among the through passengers is Trumbull White of the Chicago Record, who has just come across Siberia. Mr. White's letters from that country have evidently been held in the Russian post office, as none have reached his home office since he left St. Petersburg. He has carbon copies, however, so that none of the news can be lost. Trumbull White is the author of "Our New Possessions," a work dealing with Cuba, Porto Rico, the Philippines and the Hawaiian Islands. He is one of the best known American war correspondents.

Other passengers on board the steamship are Captain W. H. Anderson, U. S. A., Lieutenant-Colonel A. B. Bayless, U. S. V., and Major C. W. McCrawley, U. S. M. C., on their way to the States from Manila. Lord Balaearre and Lieutenant E. Stevenson, R. N., are also on the vessel.

## BLOWN FAR OUT TO SEA

### FATE OF A NATIVE FISHERMAN OF HAWAII.

Carried Away From Shore Last Thursday in a Small Canoe and is Still Out.

A native fisherman was blown out to sea in his canoe at Kawaihae, Hawaii, last Thursday. He is supposed to have been drowned or to be still battling with the waves in an effort to get back to shore. The unfortunate man was last seen driving westward and frantically striving to make headway against the high winds.  
The fisherman was an aged native living at Kawaihae bay. He started out to fish early on Thursday morning according to custom and was soon seen to be paddling hard towards shore without making any progress. Almost a gale was blowing and the little canoe moved steadily away from land till it disappeared over the horizon.

The boat has not been seen since Thursday, but it is thought to be still afloat with its occupant, as it was of the ordinary native pattern and would not capsize. The old man had a little supply of food and water on board but must be suffering for drink now if he is still in his little boat and as the winds have kept up he is undoubtedly far out to sea, with no chance for life unless a passing vessel picks him up.

## MR. ELDREDGE'S SORY

### AS TOLD BY THE DOCUMENTS IN THE CASE.

Beginning With His Business Card and Ending With a Complaint in the Honolulu District Court.

Introducing:  
**MR. A. K. ELDREDGE**  
LUNA  
**HAWAII SUGAR MILL, KOHALA.**

Wilder's Steamship Company, Ltd. Steamer Kinahu Kawaihae to Honolulu  
Mr. A. K. Eldredge Berth, Y., Sofa. Wilder's Steamship Co., Ltd. Per.....A. B.

At Honolulu, Mr. Eldredge meets Mr. Martin Denney and Mr. Billy Armstrong, pugilists.  
He bets on Armstrong.

Armstrong is knocked out. Eldredge thinks he has been given the x.

Thereupon he pays his respects to Messrs. Armstrong and Denney thus: District Court of Honolulu; Island of Oahu, Republic of Hawaii vs. William Armstrong and Martin Denney.

Charged with conspiracy on or about October 25th, and between the 25th and 28th of said October, A. D. 1899, for that they did fraudulently and maliciously combine and mutually undertake and concert together, one with the other, and with divers other persons to do what was obviously and directly wrongfully injurious to another, to-wit: to obtain certain sums of money amounting in all, to-wit: to \$530 from one A. K. Eldredge by false, fraudulent and collectively stating and representing to the said A. K. Eldredge that it was understood, arranged and agreed by and between said William Armstrong and said Martin Denney, that the said William Armstrong should win in a certain boxing contest and exhibition to be held in said Honolulu on October 27th, A. D. 1899, and by said statements and representations made designedly and falsely with the intent to defraud the said A. K. Eldredge, the said William Armstrong and Martin Denney and divers other persons to the complainant unknown, mutually combining, undertaking and concerting together, as aforesaid, persuaded and induced the said A. K. Eldredge to bet and wager certain sums of money amounting in all, to-wit: to \$530 the said William Armstrong would be victorious in said contest, and that in fact said William Armstrong was not victorious in said contest, but in the contrary the said William Armstrong and Martin Denney and divers other persons to this complainant unknown, fraudulently combined and mutually combining and concerted together that said William Armstrong should be defeated by the complainant, and by means of the conspiracy aforesaid, that the said A. K. Eldredge should lose such sums of money as were bet and wagered aforesaid, and that the said A. K. Eldredge having bet, wagered and deposited such sums as aforesaid lost the same, and that so said defendant at the time and place aforesaid, and in the manner and form aforesaid, did then and there and thereby commit the offense of conspiracy in the 3rd degree contrary to the form of the Statute in such cases made and provided.

The original charge of gross cheat was never proved this morning and that of conspiracy substituted. This will be heard by Judge Wilcox Thursday morning.

**SAILORS IN DEMAND.**  
There is a shortage of seamen on the water front and it is no easy matter for skippers to get crews. Commodore Weaver of the pleasure yacht Norma has been trying for several days to get men for his vessel and he had not succeeded today though he has had an offer of \$40 per month standing for several days. The regular wages are \$25.

**THE OPERA SEASON.**  
Said to Have Stimulated Business in Many Lines.

Never in the history of Honolulu have dressmakers and modistes been so rushed with orders as they are at present it is said, in consequence of the approaching Boston Lyric Opera Season. It is stated that it would be utterly impossible to get even the promise of a gown before Tuesday, October 31, so fast and furious has the demand been upon their time and resources. This of course means a large circulation of money that would have otherwise lain dormant and all interests are benefited.

The music publishers are overrun with orders for scores of the different operas, and pianos are at a premium. The haberdashers are full to the limit with business and everybody interested is happy.

There will be Two Pianos in the Orchestra one played by Mr. Haegling the Grand Opera conductor and the other by F. Glover, the comic opera leader. This will insure superb music.

**HOW TO PREVENT CROUP.**  
We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this country and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. NICKLE, of Nickle Brothers, merchants, Nickleville, Pa. For sale by all dealers and druggists. Benson, Smith & Company, general agents, Hawaiian Islands.

## SAILORS AND THE POLICE

### NATIVE OFFICERS INSULTED BY BLUE JACKETS.

Captain Thornton Given a Marine Guard to Protect Him From the Mob. Officers and Men in Coalition.

The complaint of Captain Robert Parker and other officers a short time ago that the native police were maltreated by most of the home warships was well exemplified Saturday afternoon. A scene in front of the station house and incidents after that were such as to make many native Americans ashamed of thirty-one men belonging to the U. S. S. Newark.

Saturday morning Captain McCalla of the Newark sent written request to the head of the police department to arrest any men from his vessel found on shore. Deputy Marshal Chillingworth gave instructions in accordance with Captain McCalla's request, and the officers were arranged in different parts of the town by the four or native police. Most, if not all, of them were in liquor when apprehended.

About 2 o'clock in the afternoon a lieutenant and squad of marines came ashore to take the men aboard.

It appears that the arrested men blame the police for their trouble. As soon as they left the station and were taken in charge by the marine squad they began to curse the native police in the most vile manner. A big crowd of spectators had gathered and everybody within a block could hear the obscene epithets. All this while the sergeant and lieutenant in charge either had no control of the men or "sided in" with them in their disgraceful conduct.

When the "procession" started one bluejacket dashed off. Captain Harry Evans gave chase and a second bluejacket picked up a rock and deliberately tried to brain the officer as he went past him. From the station to the boat landing the men dashed into every store door and every gateway to escape. Most of them were caught and returned by the local police. There was a general indifference to the matter on the part of the guard from the ship.

The men were placed in a boat and the lieutenant sat in the midst of them. About 200 people had assembled on the front. While waiting a moment for the launch to get ready the arrested men cursed the most vulgar of the police, police and other people on shore. This continued until the boats went out. During the whole time the lieutenant in charge made absolutely no effort to check this conduct.

Captain Thornton went off to the Newark to make the report of the police department on the arrests. What he reached the ship the men were lined up on deck and began to abuse him in the vilest sort of language. The officer of the deck paced the deck and paid no heed to this extraordinary spectacle. The administrator asked the officers in a vicious tone, what authority the police had to arrest the men; and if he did not think the police could be employed in better business. All the while the men crowded around and several times threatened to attack the officer. These seemed absolutely no control over them.

When his business was transacted Captain Thornton asked to see the commander. He was conducted to the upper deck, received most cordially and thanked for the courtesy of the police. In addition to this he was kindly given on a guard of eight men to see him safely off of the ship. The guard was drawn up on either side and behind it, on the deck, was a mob of sailors cursing and shaking their fists at the escaping policeman.

This affair will be chronicled all over the Mainland, and will go to Washington. The case is not an exception. The native police are abused by all war vessels, and in every case the under officers seem to be in league with the men. It is unfortunate, however, that a vessel all the way from the east coast should break the record for downright villainous behavior.

**PALAU TRESTLE COMPLETE.**  
Heavy Dust Storms on Molokai—Visitors and Tours.

KAUNAKAKAI, October 28.—The Palau trestle is completed, and trains now run some distance beyond the gulch.

The heavy dust storms which have beset for some time continue. The winds are very strong and carry great clouds of dust that completely shut off the view beyond them.

Mr. Dickey of Maui and Henry Waterhouse, Jr., of Honolulu, spent some time here going thoroughly over the American Sugar Company's property and extending their observations pretty well over the Island. From here they went to Hilo.

This week Mr. O'Shaughnessy is going to make the complete circuit of the Island with T. T. Meyer as guide.

Miss Lena Dowsett of Honolulu is visiting Mrs. Center.

## HILO'S NEW POST OFFICE

### CABINET HAS MATTER UNDER CONSIDERATION.

Chances are That Money Appropriated for This Purpose Will Now be Expended—Waialuku Water Works.

At its meeting this morning the Cabinet took up the matter of the post office and custom house for Hilo, and discussed the wisdom of applying the same at once out of money appropriated by the last legislature. No conclusion was reached, but the chances are that the expenditure will be authorized.

The Minister of Interior was authorized to make the following expenditures at once out of the loan fund:  
New road Mokulua to Kipahulu, Maui, \$8,000.

New road from Kailua to Hanawai, Niihau, Maui, \$25,000.

The sum of \$12,900 was authorized for the Waialuku and Kapaemahu water works and this matter will now go ahead.

A number of applications for land patents were taken up and deferred. "We are not acting on these matters at present," explained President Dole. John M. Koa and John W. Short, of Honolulu, H. I., Hitchcock, of Molokai and E. W. Esten, of Hawaii, were granted notary public licenses, the first two being conditioned upon their passing satisfactory examinations.

The Minister of Finance was authorized to pay \$77.50 and \$79.50 back salaries due to customs guards at Hilo. The appropriation for this purpose has run out and it required executive sanction before the bills could be paid.

**THE WEATHER.**  
Weather Bureau, Punahou I. p. m.  
Wind light airs from northeast to north; nearly calm; weather cloudy, with light drizzling rain.  
Morning minimum temperature, 68; midday maximum temperature, 78; barometer 30.1, 30.03, irregular (corrected for gravity) rainfall, 24 hours ending 9 a. m., .02; humidity 9 a. m., 79 per cent; dew point 9 a. m., 64.

**CURTIS J. LYONS, Observer.**

**HANDBOOK OF HAWAII.**  
"Godfrey's Handbook of Hawaii, Guide to Hilo and the Volcano" has just been issued. It contains an historical sketch of the Islands, a brief account of each Island and then a good description and study of Hilo, Kilauea and Hawaii generally. Value is added to the book by a complete business directory of Hilo, brought down to date.

**HALLOWEEN PARTY.**  
MAKAWAO, October 28.—The Maunaloa Seminary issued very unique invitations, written on thin prepared bamboo, to a Halloween party, on Tuesday evening next.

**AT THE ORPHEUM.**  
Every seat in the enlarged Orpheum was taken on Saturday night, while many stood and many were turned away. The new opera chairs and elevated floor was duly appreciated by the large audience. The program arranged was excellent and the new people were taken into public favor. This was particularly true of Miss Dreyfus, who charmed all with her ease and grace. She combined with a pretty face a good voice, and knows how to dance. "The Awkward Squad" by Rand, Byron and Rand, was highly entertaining and showed that, as fun makers, they are a success.

Some flashing touches to scenery and the drop curtain, and everything will be in order at this popular playhouse. Tonight the same excellent program will be repeated, and with an opportunity to rehearse, it will be better presented than on Saturday evening.
