The cleanest, brightest safest and really the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks." This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in the line and have just received a lot of the very latest designs in chandeliers

**BRILLIANT ENDORSEMENT.**  
By Health Journal of New York, August 24, 1899—J. A. Davis, M.D., Editor and Manager.

Only last week we examined the beer brewed by the Capital Brewing Company of Olympia, Wash., and it is a perfect illustration of the quality of beer which we are always glad to commend, for the analysis showed it to be entirely free from any trace of any injurious substance. Such a high grade of beer is most beneficial in its use, for none of the pure malt and hops have been displaced by harmful ingredients. Every hygienist will concur with us in saying that a beer of such superior excellence is a very wholesome beverage. Physicians often have occasion to prescribe a pure beer for cases of debilitation, and they can safely order this beer, made by the Capital Brewing Company.

L. H. Dee has in his keeping the American Journal of Health and can be seen by anyone.

This beer can be had in bottle or on draught at the HOFFMAN, corner of Hotel and Nuuanu streets. A large assortment of the very best of American and foreign liquors we are pleased to sell you and give you value for the "neft of your health."

Yours,  
L. H. DEE,  
Proprietor of HOFFMAN.

**THREE MONTHS IN HAWAII**

MANILA TROOPS WILL "CLIMATE" HERE.

Each Regiment to be Brought Back Once a Year to Recuperate—Will be Quartered at Leliehua.

A United States army officer who is in position to know says that every regiment in the Philippines will spend three months of each year in the Hawaiian Islands. The reason will be on the big military reservation at Leliehua.

The war department has decided upon this arrangement for the reason that it is not desirable to keep the men in the climate of Manila for a year at a time without a break of some sort. It is also not desirable to return them to the mainland, for the reason that once there they would want to return to their homes and would become dissatisfied.

Army surgeons refer to the military site at Leliehua as one of the most bracing and healthful in the world. It is higher and dryer than Honolulu. There are frequent frosts on the reservation proper, and it is colder still at night on the neighboring mountain peaks. The change from Manila to Leliehua will not be rushing into extremes, as a move back to the mainland would be, and at the same time the men would get the full benefit of cool, pure air.

Early in the new year work on the great barracks at Leliehua will begin. Soon after a regular schedule of the biggest transportation in the United States service will be established. There will be three regular per month between Honolulu and Manila, besides extras it may be necessary to employ.

A full regiment of infantry will be stationed permanently at Honolulu, at a permanent post to be designated later. Camp McKinley will eventually be abandoned, but until other quarters are ready will be occupied.

**SOUTH AFRICAN WORDS.**  
To abate somewhat the havoc that ensues when the average reader encounters a despatch filled with Boer names and expressions, the New York Tribune has explained the meaning and pronunciation of the Boer words most frequent in the news reports, some of which are quoted below:

Oom Paul means Uncle Paul and is pronounced Ome Powl.  
Bloemfontein means Bloom Spring, and is pronounced Bloemfontein.  
Majuba, a Kafir word, is pronounced ma-yoo-ba.

A veldheer, or field lord, is a Boer general.  
The veld is the field.  
The veldwachter are the field watchmen or military police.

Kloofs is pronounced klofes and means clefts or ravines.  
Joubert, the name of the Boer general, is pronounced Yow-bert.

The Jonkheeren, pronounced yonk-hai-reen, are the young lords or members of the first and second orders of the legislature.  
The Raad Huis, pronounced Rahd Hoys, is where they meet.

Uitlander is pronounced Oyt-lah-nder.  
The rand, where so much gold is found, means the border.  
Witwatersrand means Edge of the White Water.  
Kopje means little head, and is used to describe a hill or small eminence.  
A langer, pronounced lah-her, means a camp.

A trek is a journey.  
Boer means a rustic.

**MARK TWAIN AT WORK.**  
As to the literary activities of Mark Twain, it may be said that he is toiling regularly at a new book. It is fiction—no doubt humorous fiction—but for the present there is nothing more to be said about it. The expectation is that the volume will be ready in the spring, by which time the collected edition of Mark Twain's writings will have been months in the hands of subscribers. Mark Twain is in capital health, thanks in part to the very enjoyable trip which he recently had to Scandinavia. He fancies he will be in England for the next six months, going afterward to America.—London Chronicle.

"Greek doors opened outward."  
"Is that so?" I suppose the Greeks used them to knock book agents off the front steps."

**TWO POINTED QUESTIONS ANSWERED.**

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that with our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy.
