

Gunn Sectional Book-Cases

The sectional bookcase has everywhere taken the place of the old style cases, so in buying the only question in the mind of the purchaser is, which of the different makes to select. This is an important question too, as all sectional bookcases are not good and some have very weak points. The "Gunn" system is recognized as the highest standard and we are willing to explain the points that make it so at anytime, so will be pleased to see you at our store.

WANTED.

When we called attention a few weeks ago to our new preparation called **Casara** we felt there was a demand for a really good article made from Cascara Sagrada bark. We were not mistaken and we are greatly pleased that the community has appreciated our efforts. We offered to give free samples of **Casara** but few asked for them preferring to take the regular package being sure that we would not recommend it as we did unless there was real merit. They were right. This has always been our policy and customers know if the preparations are not as represented they get their money back. No risk taken in dealing with us.

Casara is a pleasant-to-take laxative made from the bark, Cascara Sagrada, which is well known for its most excellent cathartic qualities. It tones and strengthens and is a cure for habitual constipation. Children take it readily. Samples free.

PRICE 50 CENTS. **HOBSON DRUG CO.** FORT STREET, EHLERS' BLOCK.

BABY RUTH ORPHANED

HER MORBID MOTHER COMMITS SUICIDE.

The child Played an Engagement as a Juvenile Dancer at the Orpheum Some Time Ago.

SAN FRANCISCO, July 5.—Overcome by the responsibility of rearing her little daughter to be a better woman than herself, and, fearful of her unfitness for the task, a young mother drank poison in the ferry building yesterday afternoon, and so gave up her life for the sake of her little girl.

Mrs. Lillie Friend, the wife of a fireman on the Santa Fe, was the young woman who so pitifully destroyed herself. While the little girl for whose happiness she died was shooting firecrackers in the hall below the mother lay writhing in the convulsions of death in a closet of the ferry building. The illness and suffering that falls to the lot of her sex had made her morbid till in her love for her little girl she fancied herself unworthy to do a mother's part.

Mrs. Friend and her little daughter Ruth came to the city yesterday morning on the early boat from Point Richmond, where they lived. On the boat the mother talked in a most cheerful manner with a neighbor, a bright, well-to-do woman, who had a number of bright plans for the future of Ruth, who has been a juvenile dancer on the Orpheum circuit. But the cheer only served to hide the sorrow, for, when she reached the city, Mrs. Friend went directly to the Owl drug store and purchased some sulphate of zinc and a bottle of carbolic acid.

Her good spirits still untroubled by the contemplation of suicide, the mother took her daughter to see the performance of "Zaza" at the Algeza Theatre. Then she put on her bonnet and went for the Santa Fe ferry. Giving Ruth some firecrackers, Mrs. Friend left her and went to a remote room in the building. The child played with the firecrackers till her mother's long absence made her uneasy and she went in search of her. She found her unconscious and in convulsions from the poison.

The unfortunate woman was hurried to the Harbor Hospital and placed under medical care, while kind friends removed the little girl to her home in Point Richmond. Medical skill could not save the mother, and she died shortly before 10 o'clock.

In searching her clothing at the Morgue Deputy Coroners J. Fennell and J. Murphy found three letters in her pocket. One was addressed to the woman's husband, C. B. Friend, one to her little girl and one to Attorney C. B. Ackerman. While vague and nervously composed, the letter to the husband suggests the troubles which led Mrs. Friend to end her life.

The letters that the woman contemplated killing "Baby Ruth" at the same time she killed herself but had not the courage to do so.

The deceased was the mother of "Baby Ruth" who played on the Orpheum circuit as far East as Kansas City and as far West as Honolulu, and was then given a berth at the Chutes. Prior to her accompanying her daughter, some ten or twelve year ago, she was an extra woman for various extravaganzas combinations visiting the city. According to Mr. Freidlander the woman's husband, C. B. Friend, a clerk, she had much trouble getting along and procuring the necessities of life. About three months ago he remembers meeting her on the Santa Fe boat en route to Point Richmond, and to the best of his remembrance she informed him that she had married and settled down in the latter place and seemed quite contented. He believed she said her name was Friend. Ruth Roland or "Baby Ruth" is now about 11 years of age, and is considered an exceptional good juvenile artist.

Mrs. Friend was about 30 years of age. She had been the wife of her present husband about three years. Her former husband was a New York journalist named Roland.

CONSUL'S SON DEPARTS. The eight-year-old son of Yang Wal Pin, the Imperial consul, was a passenger on the China today for Shanghai. The little fellow is going to visit his mother. Accompanying him were his tutor and one of the secretaries of the Chinese legation.

TOD SLOAN. PARIS, July 5.—Tod Sloan has been elected president of a big Paris betting syndicate with a capital of \$250,000. While it will operate on French courses, most of the money has been subscribed by Englishmen.

It cannot be seen how the Sloan syndicate can make money, for certain American bookmakers and jockeys are highly unpopular on French tracks nowadays because of their practices. French turfmen criticize bitterly Sloan's board, the directors of which have purchased a chateau near Chantilly where they will hold their meetings.

Freelance American jockeys have been the cause of such scandals recently that the aristocratic jockey club is reported to be about to take drastic measures against them. American hangers-on of the French turf have brought discredit on Americans.

WIDDIFIELD—BAIRD. SAN FRANCISCO, July 6.—The Chronicle says: Mrs. Mary C. Widdifield of Honolulu announces the engagement of her daughter, Miss Kathryn Widdifield, to Hyron K. Baird. The young lady is well known in this city, where she has spent considerable time with her mother. She was born and reared in Honolulu; her father during his lifetime was one of the best known men in the islands. Miss Widdifield is an unusually handsome girl. Her sister Adele, also a beauty, was married two years ago to Lieutenant Howell, U. S. N. The groom to be is employed in the Custom-house at Honolulu. The wedding will take place at the home of the bride's mother in the latter part of August.

NEED NOT PAY. Bishop Estate Deed Is Not Taxable.

Attorney General Dole is doing a big business in the line of opinions nowadays. This morning he added to the 15-page one of yesterday an opinion for the Treasurer in the matter of the stamp duties on the deeds by which the Bishop Estate transferred its Pearl Harbor land to the United States, and he prepared a third opinion in the matter of the issuing of fire claims warrants.

Dole agreed with United States Attorney J. J. Dunne as to the stamps on the deed, advising Wright that he need insist on having the stamps affixed. He says that the stamp duty is in the nature of a tax on the purchaser, and it is not in the power of any state or territory to tax the United States.

ALIMONY UNPAID. Laura J. Warren, by her attorney, George A. Davis, has petitioned for a citation for Henry Warren, to show cause why he should not be punished for contempt for failing to pay alimony.

NO CATCHING AT STRAWS.

Drowning men, they say, will catch at straws. Naturally enough, because they see nothing better to catch at. It is the principle of any port in a storm. All the same the straw does not save the drowning man, nor is the tempest-tossed mariner likely to find a safe harbor every time he runs for the shore. The scientifically constructed life preserver is better than a straw, and to know how to ride out a storm is better than to trust to luck in finding a port in time of need. Just so it is in disease and all manner of sickness. A ship takes a pilot on the theory that he knows the right channel and can avoid the dangerous places. And when your life is threatened by disease you naturally desire a mode of treatment founded on absolute knowledge—a treatment that has proved effective in other cases like your own. This is the common-sense of the subject and no one will dispute it. And it is because the well-known effective remedy

WAMPOLE'S PREPARATION never fails in the complaints for which it is recommended, that it enjoys the confidence of the people and the medical profession everywhere. The doctor who prescribes and the patient who takes it are not catching at straws, for it does what it is said to do on the same principle that water puts out a fire. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Malt and Wild Cherry. It quickly arrests the loss of flesh in wasting diseases, builds up the body, and expels from the blood those pernicious germs which cause Fevers, La Grippe, Scrofula, Porel Complaints, Throat and Lung Troubles, etc. Effective from the first dose. "You cannot be disappointed in it." Sold by all chemists.

many of \$40 a month as ordered by the court, while the divorce suit is pending. He is alleged to be \$20 behind in payments.

VIA GALVESTON. NEW ORLEANS, July 5.—It is officially announced that the change contemplated by the Southern Pacific in regard to its ocean business between New York and New Orleans will go into effect August 2d. This change was first suggested by Collis P. Huntington, who held that an New York freight destined for Texas and California should be taken by steamer to Galveston instead of New Orleans. This would save some 360 miles of rail transportation on a part of the route and between New Orleans and Houston which is already overworked with business.

AT THE GOSPEL TENT. Those in charge of the gospel tent meetings at Pihok and Kinua streets make the following announcement: That the attendance at the tent meetings is increasing, the subjects considered being of importance for the times. The people are becoming interested to learn more of the doctrines peculiar to Seventh Day Adventists. This evening, Evangelist C. E. Leland, late of Oakland will address the meeting. The topic being "Bible Signs, Indicating a Coming Crisis." All should hear this important subject. The meeting will continue each evening, Monday excepted, to which, all are cordially invited.

HANNIS TAYLOR. WASHINGTON, July 4.—Hannis Taylor, author of notable works on international law, and formerly United States Minister to Spain, has been elected to the chair of English constitutional and common law in the school of comparative jurisprudence and diplomacy of the Columbia University. Dr. Taylor will divide with Justice Harlan and Brewer of the United States Supreme Court the teaching of constitutional and international law in that institution.

ST. LOUIS FAIR POSTPONEMENT. WASHINGTON, July 4.—The President has issued a proclamation in accordance with the act of Congress announcing to the world the postponement until April 30, 1904, of the Louisiana Purchase Exposition.
