### VALUES BEARD AT \$10,000.

NEW YORK, Sept. 23.—A peculiar damage suit has been brought against a street-railway company of this city by Simon Kurtz, who seeks to recover the sum of \$10,000 because of a fall which compelled him to shave off his beard. Kurtz is a cantor, or singer, in a synagogue. Since losing his beard, he declares he can no longer follow his profession, under the rules of the church.

## LEGISLATURE MUST ACT

TREASURER WRIGHT LEAVES E. E. CONANT IN A HOLE—WALTER WRIGHT ARRESTED AND IN JAIL

A nice legal question has arisen as to whether E. E. Conant Deputy Assessor for Kauai or the territory will lose the \$650 of tax collections which Conant sent to Treasurer Wright, and which the latter never accounted for to the treasury department, though he acknowledged the receipt of it to Conant. The audit act provides that whenever a public accountant pays money into the treasury, there shall be issued two receipts for it, one marked original and the other marked duplicate. Both these must be presented to the auditor who keeps and files the duplicate and marks on the original the date it was presented to him. The law then provides that the territory shall not be held to have received any money from a public accountant for which these duplicate receipts have not been issued and filed.

This was not done in the case of this particular payment to treasurer Wright of \$650, or at least the two receipts have not been filed with the auditor, nor was the usual announcement of remittance sent to the auditor. Under these circumstances it is held that a strict construction of the law would hold Conant responsible for the loss of this, and it will take an act of the legislature to relieve Conant from the loss and to enable the treasury to make the proper entry on the books to square it.

Walter A. Wright, brother of Treasurer Wright, and late deputy tax collector at Waimea Kauai, is a prisoner in Oahu jail held for trial in the circuit court on a charge of embezzling about \$229, public funds collected by him and not accounted for.

Wright was arrested at the instance of the Attorney General who sent Deputy Attorney General Douthitt over to Kauai early last week to look after the matter. In company with Deputy Sheriff Coney, Douthitt had an interview with Wright in which the latter acknowledged his shortage. On his and the testimony of Deputy Assessor Conant, Wright was held by the district court for trial and his bond was fixed at \$6000.

Wright was brought to Honolulu on the steamer W. G. Hall arriving early Sunday morning. Wright was for a long time employed by Hoegaard & Company. He has been deputy sheriff and deputy assessor at Waimea, though he has not been connected with the sheriff's office for some time.

## THE HAMOA LEASES

Attorney General Dole today gave an opinion to land Commissioner Boyd in the matter of an application for the cancellation of the Hamoa Plantation leases. Hamoa recently went out of business and an application to cancel the leases was made, but Dole holds that the cancellation cannot be allowed. The opinion says:

"Referring to your inquiry, whether you have lawful authority as Commissioner of Public Lands to cancel the leases of the Hamoa Plantation Company, at the request of its agents, C. Brewer & Co., Ltd., I feel compelled to say that you have not.

"This Government, and the Republic, and the monarchy, leased ten of thousands of acres of land at rentals which are now far below their annual value. It would be an extraordinary position if the government should claim that it had the right to cancel these leases and repudiate its contracts because, as the years have gone by, land values have increased. The same principle applies in this instance, where the rental agreed upon exceeds the present annual value of the land. The office which you hold in trust for the public does not, I think, include the power to cancel, without consideration, a contract principally for the benefit of the public."

**BOATS UPSET.**  
High Swell At Lahaina Throw Passengers In Water.

WAILUKU, October 4.—The swell which came rolling into Lahaina harbor on Tuesday evening was so strong that two or three boats plying between the steamers Mauna Loa and Claudine and the wharf were upset scattering people and bales of goods in reckless confusion.

The Mauna Loa was already at anchor when the Claudine came in. The shore boat made for the Claudine immediately upon her arrival, and took on board a load of Chinese and Japanese passengers, and also A. A. Braymer. The boat had not been gone long when shrieks and screams were heard, and the Mauna Loa at once turned on her searchlight, revealing the upset boat, and one also from the Mauna Loa, which had already gone to the rescue. The other boats at once flocked to the scene, and it is believed that all of the passengers in the shore boat were rescued, although one Chinaman and one Japanese met a close call.

Mr. Braymer, who was on the shore boat, swam ashore, some two hundred yards distant. Two natives swam out to the buoy and clung to it till rescued by a boat from the Mauna Loa. Had it not been for the searchlight on the Mauna Loa, some loss of life must have ensued.

**BOER APPEAL ANGERS BRITONS.**  
LONDON, Sept. 25.—The tone and contents of the manifesto of the Boer Generals, which was issued in the form of an appeal to the civilized world for contributions to assist destitute Boers and help in the education of Boer children, excite the utmost resentment of the whole British press, and the document tends to alienate the sympathy which has hitherto been felt for the Boer people in many quarters.

## REGISTRATION OF 1900 EQUALLED

JUST 5755 RESIDENTS OF OAHU OFFERED THEMSELVES AS VOTERS—KUHIO OFF FOR KAUALI

The total registration for this island at 10 o'clock this morning was 5755, less deductions to be made for rejections, which will probably number 109. This is just about what the total registration was two years ago. Registration will continue today, Tuesday, Wednesday and all day Thursday till 8 o'clock at night.

As fast as voters register, the Republican workers make a copy of the registration. This is then taken to the public headquarters where the name of each registered voter is typewritten on a card, together with his residence, his registration number, his nationality and his district and precinct. These cards are then arranged alphabetically by precincts and districts and filed in cabinet drawers, so that as soon as registration is completed there will be a complete card index of voters. To this index can be added as fast as the data is secured the political affiliations and predilections of each voter, that a fairly accurate knowledge of how any precinct ought to go on election days can be secured, and it will be known just where to direct campaign effort.

There was no meeting of the Central Committee Saturday night because of a lack of a quorum. Those present discussed the political situation informally. J. D. Avery's resignation as assistant secretary was not acted on, there being no quorum.

Prince Kuhio, who came in on the Claudine from Hawaii Saturday, sailed again in the afternoon for Kauai where he will tour for the week. The plan is then for him to go to Maui. Another tour of Hawaii may be decided on before the campaign is over.

## NEW SYSTEM OF AUDITING

WHOLESALE LOOTING WILL RESULT IN THOROUGH INSPECTIONS OF PUBLIC ACCOUNTS.

A new system of auditing will be one of the results of the several recent devaluations of government officials, and the Audit Act of 1898 will be put in practical effect as it has not been up to this time.

According to the results of investigations on the island of Kauai and in other places, the Audit Act has been practically a dead letter. No such thing as the examining of the accounts of officials handling money in the outside districts has been known. Deputy Assessor W. A. Wright, of Kauai, is declared to have simply pocketed the \$2,550 he was short, without any precautions to avoid detection. The method was to an extent similar to that discovered to be in operation in the Honolulu tax office, where two clerks were found to be using blank tax receipts to collect money on their own account. In Honolulu, as a means of avoiding detection, the embezzlers used stub books that were not likely to be called for, while on Kauai no such precaution was taken.

The Audit Act requires that the Auditor shall make thorough inspections of public accounts. It gives the Auditor power to establish a thorough system of public accounting and "to enforce the same." For this purpose the Auditor is given authority to summon and swear as witnesses government employees whom he may desire to question, and he is given complete authority to approve or disapprove any account of expenditure, provision being made for appeal to the Supreme justices.

It is also provided in the act that any official who shall fail to respond to a summons of the Auditor, for examination, or who shall fail to produce any books called for by the Auditor, shall be liable to a fine, and anyone testifying falsely before the Auditor shall be punished for perjury.

The new Auditor to be appointed will be expected to enforce all the very strict rules of this act, which contains a great amount of detailed instructions for a system of checking accounts. This will be a new thing especially in the outside districts, where the auditing or checking of public accounts, except for the annual settlements, will be a new thing.

## THE GARNISHEE LAW.

Another appeal has been taken from a ruling of District Magistrate Dickey sustaining a garnishee in spite of the law passed by the last legislature exempting wages from execution. Dickey held the Inter-Island Steamship Company as garnishee in the suit of S. M. Marshall vs. Mike Harvey, on the ground that the debt sued on was accrued before the exemption law was passed.

The steamship company was named as garnishee in the sum of \$23 due Harvey as wages. Judge Dickey denied a motion to dismiss the case against the company, on the ground that the law passed by the last legislature exempted wages to the extent of \$50. He declared that as the debt in question had been contracted before the law passed, the wages were not exempt.

In a former case against Wilder's Steamship Company, United States Judge Estee interfered in behalf of a seaman. He held that both the territorial exemption law, and the federal statutes specially protecting seamen, made the garnishee void. As a result of the decision the company had to pay \$50 wages twice, having paid it once to the garnisher under Dickey's order. The case now taken up goes into the Circuit court, and tests the new exemption law on a new point.

Want ads in Star cost but 25 cents.

## WHOSE FAULT IS IT?

The world is full of disease and pain. Whose fault is it? Everybody's; therefore often the fault of the sufferers themselves. But the pressing question is,—what to do, how to relieve, how to cure. What would become of us if means were not found to destroy disease? Why, then, of course, disease would destroy us and the world would be depopulated. Until we learn how to prevent disease, we must be thankful for the means of *abating and curing* it after it has seized upon us, and stands, like a savage with uplifted axe, ready to take our lives. Especially do we need some sure and speedy form of treatment for those complaints which are universal,—which arise in every country and climate. We allude to such ailments as Nervous and General Debility, Hysteria, Scrofula, Chronic Diarrhoea, Asthma, Throat and Lung Complaints, Blood Impurities, and the ills of women and children. For these **WAMPOLE'S PREPARATION** comes as near to being an actual specific as any medicine yet discovered. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. You may almost say that it is *life itself* embodied in a single article made by human hands. Dr. J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition. It stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." "Every dose effective. "It cannot disappoint." Sold by all chemists.

## SUMNER WAS A WARY WITNESS

FIRST HE WAS NOT SURE THAT HE HAD SIGNED THE RAILROAD LEASE—CASE GOES OVER.

John K. Sumner was called to the witness stand this morning by Attorney Magoon, who represents the interests which are seeking to show that Sumner is incompetent. Sumner was made a witness with a view to showing by his own testimony that he did not understand the various proceedings in connection with the efforts of the Oahu Railroad and Land Company to purchase his harbor lands for \$100,000 according to the terms of the lease he gave the company.

Sumner said that he knew that a suit had been brought against him by his sister and her husband. He was shown a copy of the disputed lease and asked if he had signed it. The old man appeared to be wary, for he first answered that he didn't know whether he had signed it or not, nor did he know the contents. The document was read to him in English and Hawaiian and then he said that he had signed it, and remembered all about it. "It is a deed," he stated, in answer to a question from Magoon. Afterwards he said that it was a lease, conveying the property to the Oahu Railway Company for ninety-nine years, for \$100,000. When asked how much he got per year for the land he said \$5,000. Magoon wanted him to do some figuring and explain his answers, but Highton objected on the ground that the witness' ability as a mathematician was not an issue in the case, and Judge de Bolt sustained the objection.

De Bolt instructed counsel who understood the Hawaiian language to assume "for the purpose of the case" that they did not understand it. It appeared that Magoon had stood some remarks of the witness, while Highton and Thompson had not, and Magoon called for an interpretation.

The case was adjourned at noon to tomorrow morning, as De Bolt will be occupied in the Supreme court this afternoon.

## GUILD MEETING.

The Woman's Guild of St. Andrew's Cathedral will hold a special meeting with Mrs. Kopke, Kewala street, Tuesday, October 7, at 2 p. m.

## BY COMPARISON.

"I see," remarked the Observant Boarder "that King Edward was able to witness a minstrel show given by the yacht's crew." "Then he won't mind a little thing like a coronation," commented the Cross-Eyed Boarder.

## IGNORANCE.

A St. Paul man gave his wife a beating because she wore a button bearing the picture of a strange man. In court he learned the picture was that of George Washington.
