CAN SEND NEGROES.

At the meeting of the Merchants' Association yesterday the following letter was read by Secretary W. W. Harris. Montgomery, Ala., Dec. 25, 1902. The Merchants' Association, Honolulu, Hawaii. Dear Sirs: I note in today's "Press Dispatches," a communication from Hon. T. Thos. Fortune, special labor commissioner sent to your islands by Hon. Mr. Shaw, Secretary of Treasury of the United States, in re scarcity of labor with you, for the plantations. If you will place me in touch with the proper parties, who would be willing to advance transportation from this section to your country and in addition allow me a reasonable per capita remuneration for my services in gathering them together, I can furnish from 1,000 to 10,000 of our Southern negroes the best farm laborer in the world. Hoping to hear from you, I am Very truly yours, S. K. WILLIAMSON.

This letter was referred to the Hawaiian Planters' Association as being the organization to which the information it contained would be of the most interest.

SUES FOR SERVICES.

Alfred C. Clark has brought suit against the Hawaiian Engineering company for \$450 alleged to be due him for work done on the Waiy building.

NEW SUITS BROUGHT.

De Mattos also filed a suit against the Volcano Stables and Transportation Company for \$2,100, for losses and damages alleged to have been sustained by reason for the defendant's failure to construct a stone wall fence along certain lands on Hawaii, according to an alleged agreement.

TAKE A CENSUS EVERY TWO YEARS

MERCHANTS' ASSOCIATION ASKS THE LEGISLATURE TO MAKE PROVISION FOR DOING SO.

The Merchants' Association yesterday received a report from its business and trades census committee, showing the work so far done and recommending referring the matter to the legislature. The report, which was adopted, was as follows:

To the Builders and Traders' Exchange, The Merchants' Association and the Honolulu Trades and Labor Council. The joint committee appointed by your several bodies for the purpose of taking a census of the business and trades of Honolulu, beg leave to report as follows:

Your committee have investigated the cost of taking such a census and believe it is beyond the limit which in your committee's opinion your bodies would be willing to expend. The Hawaiian census of 1896 cost \$6.33 per hundred. To be exact, practically a complete census of the city, including 40,000 to 45,000 people, would be necessary. The cost of taking the census of 1896 in Honolulu proper cost 4.57 cents per head. This would mean about \$2,000. Even if the census were attempted to be taken by your committee, without government authority it would be incomplete and inaccurate at the best.

Your committee have arranged for compiling statistics from the Internal Revenue office as to Chinese, which will be absolutely reliable as far as they go. There may be some slight expense attached to this compilation, which your committee ask leave to report later when the statistics are compiled.

Your committee therefore recommend that they be discharged and that the several organizations herein represented adopt the following resolution without delay, as the biennial session of the Legislature is almost upon us.

"Resolved, that it is sense of this organization that the Legislature should make this year an appropriation sufficient to pay the expense of establishing and maintaining a fully equipped permanent statistical bureau whose duty it shall be to compile all existing statistical information regarding the Hawaiian Islands and the taking of a biennial census of the Territory of Hawaii, particularly for the purpose of showing the actual mercantile and industrial conditions therein.

"Resolved that the Legislative Committee of this organization are hereby directed to call this matter to the attention of the Governor and urge his incorporation of such a provision in his recommendations to the Legislature both in his Biennial Message and in his Estimates of Appropriations and said committee are also directed to lay this resolution before the Republican Territorial Central Committee and Legislative Caucus and endeavor to secure their approval thereof."

The report of the sub-committee on statistics is hereto attached.

Respectfully submitted, JOHN EMMELUTH, FRED L. WALDRON, W. W. HARRIS, JAS. NOTT, JR., W. LAUREN, C. M. TAYLOR, Honolulu, January 16, 1903.

A New Home Sewing Machine

Is generally regarded as the best Machine on the market to-day.

In these days while some manufacturers are flooding the country with worthless sewing machines and issuing circulars wherein they have copied the legitimate claims of reputable companies, many purchasers become bewildered and puzzled and find it difficult to make a selection. The popularity that the New Home Machines have earned and which they maintain throughout the world is evidence of their superiority and as we have always enjoyed the enviable reputation of handling only first class machines, there need be no hesitation in buying from us. We also handle the Pan-American Hand Sewing Machine.
