WRIGHT TRIES AGAIN

JUROR BLACK IS RELATED TO CLARK

Clark Was Arrested For Embezzling The Same Funds Wright Is Now Charged With Having Appropriated.

Another motion for a new trial of the B. H. Wright embezzlement case was brought before Judge De Bolt this morning, based upon the alleged partiality of Juror James H. Black. This time it was alleged that Black is a brother-in-law of Charles H. Clark, former superintendent of Kailua camp, who was arrested on a charge of embezzling money which Wright was later indicted for embezzling, and Wright in an affidavit again declares his belief that Black was not impartial as a juror.

The affidavit of Wright is as follows: "The undersigned B. H. Wright, being first sworn, upon his oath deposes and says: I am the defendant herein and I personally know James H. Black who was one of the jurors and the Foreman of the jury who heard and rendered the verdict of guilty in the above entitled case. I also know Charles H. Clark, who was formerly the Superintendent of the Kailua camp, and I personally know James H. Black during all the time mentioned and was still related to said Clark; said James H. Black, during all the time herein mentioned, and still is, brother-in-law of and to said Clark, being married to a sister of said Clark. And the said Charles H. Clark was duly committed for the embezzlement of the Territory of Hawaii for which I was subsequently indicted by the grand jury of the Island of Oahu. And the said Charles H. Clark was duly committed for the embezzlement of the Territory of Hawaii for which I was subsequently indicted, and I am satisfied and believe and say that the said James H. Black was not an impartial juror.

"B. H. WRIGHT"

The motion was argued by George A. Davis, and John W. Cathcart replied for the Territory. Then J. J. Dunne argued and Davis argued again. Judge De Bolt denied the motion for a new trial, and an appeal was noted.

FOR MEDICAL EXPERT'S PAY

The following resolution offered by J. K. Paole was adopted without anyone trying to ascertain just what it was intended to mean:

"Be it resolved by the House of Representatives, that in case our medical expert selected by either of the two political parties in this House to accompany the Leper Settlement Commission for the purpose of giving their medical opinions and advice to the members of this Honorable House, as to the conditions and matters relating to the care, treatment and cure of those poor stricken people at the Settlement, that such medical expert selected by each political party shall be paid a reasonable sum for his services rendered to such commission."

WORK STOPS

FOR THE PRESENT AT LEAST THE RAPID TRANSIT WILL NOT BE EXTENDED TO KAIMUKI.

Work on the proposed extension of the Rapid Transit road out to Kaimuki has been indefinitely postponed.

The work of extending the road out King street so as to reach the new baseball grounds and the McKinley Park is in progress and will be completed before very long. This is an extension of about a thousand feet beyond McCully street where the road crosses the Chinese truck gardens to the Waikiki road. This carries the end of the road out King street almost to the point where King street extended would intersect Beretania street, just this side of the Mollilili church.

The suspension of the Kaimuki extension work came last Saturday when obstacles, it was thought, not best to try to overcome at this time were encountered. A good deal of work had been done preliminary to running the line of road out Beretania street and the Waiialae road. Complete surveys had been made, and where the road proposed to cross the two streams that come down respectively from Mauna and from Palolo valleys, the heavy growth of tangled vines and lantana had been cut away.

In addition to this the work of cutting the lantana and the algeroba growth along the surveyed route of the line on Waiialae road had been done.

The stoppage of this extension will be a disappointment to a great many who had confidently expected the building of the road out this route this season.

TO KNOCK OUT BROWN'S BILL

SENATE WAYS AND MEANS COMMITTEE OFFERED A SUBSTITUTE DEPOSITORY MEASURE.

The Committee on Ways and Means administered a body blow to Senator Cecil Brown's public depository measure this morning, when that bill came up for second reading. The Committee sidetracked the Brown measure by offering a substitute bill.

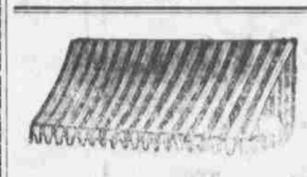

In Senate Bill No. 7, the Brown bill, it was provided that the fire bonds should be offered for sale and the banking institution doing business in Honolulu, that should purchase them at not less than par value should be designated as the public depository. All public moneys should be deposited with that institution and the bonds should be deposited with the Treasury as a guarantee for the protection of public moneys deposited with the bank. The depository was to continue during the life of the bonds.

The new bill made a number of changes. The most important was one which does not require the public depository to be determined according to the purchase of the bonds. The treasurer shall designate any institution as the public depository, but this depository must deposit with the treasurer sufficient bonds, Territorial, U. S. bonds or other bonds within the Territory, to protect the amount of public money deposited. The period for the existence of this depository or financial agent is unlimited.

The substitute bill was read this morning. Senator C. Brown stated that he would desire to defend his original bill. A recess was taken until 2 o'clock, so no debate was held on the new measure.

The fireman is in great danger from falling bricks or timbers as well as from the flames. No fire department is properly equipped without a supply of Chamberlain's Pain Balm. This liniment is unexcelled for burns and bruises. One application gives relief. Try it. All dealers, Benson, Smith & Co., general agents, sell it.

ATTRACTION FOR LADIES. Sachs' millinery opening is the attraction today. The daintiest millinery creations of the year are on exhibition and souvenirs are being given away during the day. The opening continues tomorrow and Friday.

KING TO VISIT POPE

EDWARD THE SEVENTH OF ENGLAND ABOUT TO VISIT ROME AND WILL PROBABLY MAKE A CALL ON THE VENERABLE HEAD OF THE ROMAN CATHOLIC CHURCH.

Associated Press Cable to the Star.

ROME, April 2.—It is announced that King Edward of Great Britain is coming here, and he will probably visit the Pope. The announcement has previously been made that the King would pay a visit to President Loubet of France.

LILUOKALANI IS HOMEWARD BOUND

Associated Press Cable to the Star.

SAN FRANCISCO, April 2.—Ex-Queen Liliuokalani sailed today on the S. S. Ventura for Honolulu.

RIOT IN MEXICO

Associated Press Cable to the Star.

MONTEREY, Mexico, April 2.—A mob attacked the Governor's residence here and had a severe encounter with the police. The police killed seven of the rioters and wounded many more.

CUTTING PRICE OF SUGAR

Associated Press Cable to the Star.

NEW YORK, April 2.—The Arbuckles today made a cut in the price of refined sugar. They announce the price now on refined sugar at 4 1/2 cents a pound.

This action on the part of the Arbuckles indicates that the fight between that concern and the Havemeyer sugar interests, has not by any means, been concluded. Yesterday the Havemeyer people cut refined sugar to 4 7/10 cents a pound. The Arbuckles have followed today with a still further reduction.

MORE TROOPS FOR BALKANS

Associated Press Cable to the Star.

CONSTANTINOPLE, April 2.—As a result of the increasing disturbances in the Balkans the government has decided to send additional troops there and more soldiers will be sent at once to cope with the situation, which is becoming more serious.

MUCH SUGAR IS ON HAND ASK FOR MORE LOAN MONEY

VARIOUS FACTORS HAVE 145,000 BAGS SUGAR AT THE RAILWAY WHARF AWAITING SHIPMENT.

Wharf Superintendent Dennison of the Oahu Railway company is now fully prepared to load sugar bottoms as fast as they come along. There is stored at the Railway wharf, 14,000 bags of sugar ready for shipment. This is not by any means, the largest amount that has ever been stored at the wharf, for Mr. Dennison has frequently had twice as much sugar on hand, but nevertheless, the sugar now in the warehouse is sufficient to enable the wharf people to rest confident that they will be able to load vessels as fast as there is any demand for sugar.

Of the sugar on hand, 40,000 bags are there for the American-Hawaiian Company, and are being held for the S. S. American which is en route from Seattle to this port. The American is to load about 4,000 tons of sugar at this port for Delaware Breakwater. She will also load at Kahului probably, and also Hilo.

Castle and Cooke have 30,000 sacks of sugar at the railway wharf. The barkentine Archer will probably begin tomorrow loading from this sugar. She will take about 18,000 sacks for San Francisco.

H. Hackfeld and Company have about 45,000 sacks. The bark Diamond Head will begin loading for this firm in a couple of days. She will go to San Francisco.

W. G. Irwin and Company have 40,000 sacks of sugar at the Railway wharf. The bark Annie Johnson finished fumigating this morning. She will take sugar from the steamer Mauna Loa tomorrow, and on the following day haul over to the Railway wharf and take the remainder of her cargo for Irwin & Company, which will total 28,000 bags of sugar. The schooner Henslow which arrived this morning from San Francisco will finish discharging about Saturday, fumigate Sunday and be loading Irwin sugar at the Railway wharf Monday. Both of these vessels will sail for San Francisco next week.

NEXT MAIL TO THE COAST.

The next mail to the Coast will be by the Hong Kong Maru which is scheduled to sail Tuesday morning. She will arrive Monday afternoon from the Orient and depart the following morning for San Francisco. The S. S. Sierra is due Tuesday morning from the south. She will sail in the afternoon for San Francisco.

FOR JACK ASHORE

THEN THEY ALL WITH ONE ACCORD BEGAN TO MAKE EXCUSE

DAMIEN SAID HE HAD A COLD AND THE OTHERS TOOK THE CUE—KUPHEA'S SORE THROAT AND HUSKY VOICE.

Five members of the House who were absent from the session last night were called upon by Speaker Beckley this morning for explanations. Damien was reported by the Speaker to have explained that he was unwell and the other offenders took the cue.

Kuphea said he had a cold and sore throat and still had it. Aylett remarked that Kuphea's voice sounded husky and suggested that he ought to be excused.

Nakaleka and Fernandez said they had been unwell. "After the excitement of yesterday afternoon I felt very bad," said Fernandez, referring to his warm encounter with Beckley over the bill to encourage diversified industries. Beckley remarked that Fernandez had withdrawn his charge of bad faith and accepted the excuse. Wright was reported by Beckley to be having dengue. "He has every sign of a rash and I sent him home again," said the Speaker.

Kalama said that he had been up in Pauoa with a member of the Senate, investigating the water proposition and didn't know there was a night session anyhow. The excuse was accepted. Beckley asking the members to notify the House of absences in future.

WHO OWNS THAT FAMOUS PLATE?

CECIL BROWN SAID THIS MORNING THAT KALAKAUA, KAPIOLANI, NOR LILUOKALANI CLAIMED IT

The Kalakaua plate was before the Senate for consideration this morning. The matter was presented in the form of the joint resolution which originated in the House, to present to Princes Kuliou and David the famous plate. Without discussion, the matter was referred to the committee on Public Expenditures.

Senator Cecil Brown made a statement regarding the plate. Senator Brown's statement was similar to that made in the Star last week by James W. Robertson, regarding the plate.

At the death of Kalakaua so Senator Brown said, Dr. Trousseau was made the executor. On the succession of Liliuokalani, Dr. Trousseau went to the Palace to secure some articles claimed by the Dowager Queen Kapiolani. Liliuokalani had had Dr. Trousseau driven out of the Palace grounds when he came on this mission. Subsequently after the overthrow, a demand was made on the Provisional government for certain property in the Palace. A conference was held at which the interests of Queen Kapiolani were represented by Cecil Brown, Liliuokalani by James W. Robertson and the Provisional Government by W. F. Allen. At that time, every thing claimed by Liliuokalani and Kapiolani was given to them. No claim whatever was made by either Kapiolani or Liliuokalani for this plate. Everything that they did not claim, was kept as the property of the government. Moreover King Kalakaua had never made any claim to this plate, the speaker said.

SAVING MONEY.

The plan of the Pioneer Building and Loan Association encourages its members to make monthly savings of stated amounts—\$1.00 or any multiple of \$1.00. The odd dollars of one's income are thus put to substantial use as each dollar laid in immediately begins to earn interest. Loans made to its shareholders are paid back in monthly installments. The interest earned for 1902 was 11 1/2 per cent. Pioneer Building & Loan Association, Judd Building, Merchant street. J. L. McLean, president; A. V. Gear, secretary.

ROYAL Baking Powder

Makes the bread more healthful.

Safeguards the food against alum.

Alum baking powders are the greatest dangers to health of the present day.

WILL CARRY ON THE SAILORS HOME

Trustees This Morning Decide That Its Work Warrants Its Continuance For a Year at Least.

The adjourned annual meeting of the Board of Trustees of the Honolulu Sailors' Home Society was held today when the following officers were elected for the current year: Col. W. F. Allen, president; E. D. Tenney, vice-president; F. A. Schaefer, secretary; E. F. Bishop, treasurer. Executive committee: W. W. Hall, chairman; C. L. Wright, Harry Waterhouse.

Capt. I. Bray, the superintendent of the Home, was present, by invitation. His report to the Board was read by the secretary. It stated the fact that owing to the small number of sailing vessels now frequenting this port, the number of inmates of the Sailors' Home had decreased in proportion and that it required the greatest economy and careful management to meet the running expenses, while there would be no funds in his hands for repairs to the building or other extra outlays.

After a careful discussion of the situation a motion was unanimously adopted to carry on the Sailors' Home for this year at all events, trusting that sufficient funds may be raised by public subscription in this community to keep the sailors' Home in repairs and meet the necessary expenditures not otherwise provided for.

The Sailors' Home Society was incorporated in 1854 and during its almost semi-centennial existence has proved to be a most useful institution which would be greatly missed in this community, if for lack of financial assistance it should be allowed to cease to fill its place. In such case the sailors' Home property would revert to the Territorial Government under the terms of the charter.

THE STONE WALL CASE.

In the case of the Territory against L. B. Kerr, a suit for an injunction to stop the construction of a stone wall on the beach at Waikiki, the defendant filed a motion to dismiss and the Territory a motion for leave to amend the complaint to correct some minor errors. By stipulation the motion is dismissed with leave to amend was granted.

SUES IN ASSUMPSIT.

The Hawaiian Hardware Company has brought suit against H. B. Macfarlane for \$475.19, alleged to be due for goods sold and delivered.

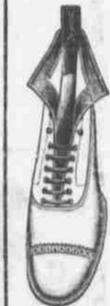

HO! THE SMALL FARMER.

A 16-pound cabbage was brought to the city this morning from Pearl City. The cabbage was raised by a Chinese small farmer.

BOXING CONTEST.

Remember there will be 25 rounds of good boxing at the Orpheum Saturday night, Wednesday vs. Lon Agnew in 15 rounds, Soldier Lathan vs. Paddy Moore 10 rounds.

Heywood Highland BOOT

It's made of light velours calf with medium sole and the leather will not peel or scratch. We haven't a shoe in our stock that we can recommend more highly. Ask for the Heywood Highland. You will like it.
