## KILL MANY ACHINESE

Associated Press Cable to the Star.

AMSTERDAM, August 12.—A special cable has been received by the Government from the Governor General of Sumatra, announcing the result of a bloody battle between the Dutch government forces and a large body of warriors from the Achinese tribe. A pitched battle was fought. Three hundred of the Achinese forces were killed, seven Dutch soldiers were killed and 50 were wounded, including several officers.

It is thought that this blow which the government forces have inflicted upon the Achinese, will have a salutatory effect in restraining them from further operations against the Dutch. The Achinese have been persistently struggling against the Dutch government for many years in Sumatra.

## TURKS CATCH INSURGENTS

SOROVITCH, August 12.—The insurgents occupy the city of Krushevo. They are surrounded by 4,000 Turkish soldiers and escape is thought to be impossible.

## POPE PIUS X IS BETTER

Associated Press Cable to the Star.

ROME, Italy, August 12.—Pope Pius X who fainted during mass yesterday and was found to be suffering from a weakened heart, is much improved. After the symptoms of yesterday his physicians insisted that he should have rest. The ceremonies following the decease of his predecessor, Leo XIII, and attending his own election and enthronement have called for very arduous physical exertion and endurance.

## REFINED SUGAR HAS BEEN REDUCED.

Associated Press Cable to the Star.

NEW YORK, August 12.—Refined sugar has been reduced one-tenth of a cent a pound.

Associated Press Cable to the Star.

## CURZON RULES UNTIL NEXT MAY.

LONDON, August 12.—Lord Curzon's term as Viceroy of India has been extended to next May.

## COSTLY HURRICANE VISITS JAMAICA

Associated Press Cable to the Star.

KINGSTON, Jamaica, August 12.—A terrible hurricane has visited this island, causing losses that will amount to millions of dollars.

## DISPUTE OVER ACRE SETTLED

Associated Press Cable to the Star.

RIO DE JANEIRO, August 12.—The differences between Brazil and Bolivia have been amicably settled. These differences have existed for a long time and have been the subject of a great deal of diplomatic correspondence. They relate to the sovereignty of Acre. A few months ago the differences between the two countries almost precipitated war.

## TURKS KILL MANY REVOLUTIONISTS.

Associated Press Cable to the Star.

CONSTANTINOPLE, August 12.—One hundred and fifty Macedonian revolutionists were killed fighting with the Turkish soldiers. There have been severe engagements between the government forces and the revolutionists and a severe blow has been inflicted on the Macedonians by the Turkish troops.

## TO SUCCEED JUDGE WILCOX

ALEXANDER LINDSAY, JR., HAS BEEN OFFERED THE POSITION BY GOVERNOR DOLE, HAS ACCEPTED AND WILL SOON ENTER ON HIS DUTIES—WILL BE SECOND DISTRICT MAGISTRATE.

Alexander Lindsay, Jr., has been appointed District Magistrate of Honolulu by Governor Dole, and will arrive in Honolulu next Tuesday to take the bench. He will have charge of the criminal work, but will have the position of second district magistrate, Lyle A. Dickey being first magistrate. Dickey will continue to handle the civil business as in the past.

The appointment was offered to Lindsay by wireless telegraph and his acceptance was received this morning, the dispatch stating that he would arrive on the Mauna Loa next Tuesday.

Lindsay is a son of Alexander Lindsay of Kauai and a well known young lawyer. His candidacy was to an extent strengthened by the fact that he is an outside man, as it was regarded as desirable to give the position to some one outside of Honolulu, according to the view of the Republican Central Committee. There is a good deal of feeling in some of the outside districts that Honolulu gets all the Territorial jobs, and as the office of district magistrate is a territorial one, the party leaders favored appointing an outside man by way of dividing the honors.

## REMAINS OF MISS DREIER RETURNED

BODY OF UNFORTUNATE YOUNG GIRL BROUGHT HOME BY VENTURA TODAY—SHE DIED FROM SECOND ATTACK OF APPENDICITIS—WAS TAKEN ILL SECOND DAY AFTER LEAVING HONOLULU.

The remains of the late Miss Juanita Dreier who died on the S. S. Ventura on the recent trip of the vessel to San Francisco, were brought back this morning on the vessel which arrived from San Francisco. Miss Dreier, the sister of the dead girl, who was with her at the time of her death, did not return to Honolulu, but remained on the mainland to go to school. August Dreier, the father of the deceased, met the body at the vessel this morning.

According to statements of officers of the Ventura, Miss Dreier was evidently not well when she boarded the Ventura at Honolulu on July 21, to go to the mainland to resume her school work. She had been sick here for some weeks before departing for the mainland. Her sickness had not appeared serious, so she was permitted by her physicians to depart.

The second day after leaving Honolulu, she was taken ill. She complained of feeling severe pains in her abdomen. Dr. Clark, the physicians on the vessel, was summoned, and attended her throughout the voyage. Her temperature soon dropped. It was considered unwise to operate on her. Two other physicians were aboard the vessel and they were called into consultation with Dr. Clark. At first the physicians could not diagnose the young girl's sickness. It was reported to them that she had been attacked with appendicitis some time before, so they at once surmised, that she was suffering from a second attack of the disease. Had it been thought that she could survive the shock of an operation, she would have been placed on the operating table on the vessel, but her pulse was so low that the physicians decided not to operate on her.

She gradually sank till the evening of July 26, about 8 o'clock, when death relieved her sufferings. She died the night before the vessel arrived at San Francisco. The remains were taken to San Francisco and embalmed. They were sent to Honolulu on the Ventura.

The funeral has not yet been arranged, and will probably not be held for several days.

## VOTING IN PRIMARIES

NEW QUESTIONS RAISED IN CONNECTION WITH THE COMING COUNTY ELECTIONS—ATTORNEY GENERAL ANDREWS CONSULTED REGARDING PRECINCT BOUNDARIES.

Two important questions have arisen in connection with the coming county elections, which must be decided in the near future. One relates to the powers of the governor to change precinct boundaries for the election and has been referred to Attorney General Andrews, and the other is as to how citizens who have changed residences since the last election shall vote. This is the subject of a meeting to be held this evening in the tenth precinct of the Fifth district.

The matter of changing precincts is covered by the laws, but there is a question as to the application of the laws to the county election. Secretary Carter today addressed a communication to Attorney General Andrews asking for an opinion on the subject. If the governor has power to make changes there may be some important changes in the boundaries.

In the tenth precinct of the Fifth, where J. L. Kaulukou is chairman of the precinct club, the question of allowing newcomers to vote at the primaries was raised and Kaulukou was asked to give advice. He expressed the opinion that the new residents could not vote in the precinct until they had registered. The matter will be discussed tonight and the central committee may be appealed to for advice on this and other questions.

One way out of the difficulty suggested by Secretary Carter is to have the board of registration meet and receive statements from those who have moved from the places of residence at which they last voted, and give them certificates showing that they were in fact duly registered in the last places.

A. L. C. Atkinson, secretary of the Republican central committee, expressed the opinion that no votes could be cast except in accordance with the last registration. He takes the view that everyone is entitled to vote as last registered, even if he has moved from the precinct in which he registered.

## Nearly A Million In Sugar Reaches Market

LARGE NUMBER SUGAR BOTTOMS FROM HAWAIIAN PORTS ARRIVED AT SAN FRANCISCO YESTERDAY IN TIME TO GET ADVANTAGE OF HIGH QUOTATION THAT HAS BEEN PREVAILING.

Yesterday was a great day for Hawaiian sugar interests and incidentally, the entire community. The largest amount of sugar that has reached the Mainland at any one time in many months, arrived at San Francisco yesterday. The best feature of the arrivals of the sugar fleet is the fact that the sugar was gotten in time to receive some of the last rise in the price of 96 degree sugar.

This price has been prevailing for some weeks but it has so happened that few sugar bottoms from the Hawaiian Islands have made port in time to profit by the figure. It has been feared that the quotation would drop back to the neighborhood of 3 1/2 cents a pound before some of the numerous cargoes arrived at the mainland. This apprehension has, fortunately proved to be incorrect. The price of 3.695 cents a pound which has been prevailing for some time, was in force yesterday when the various boats arrived and, in consequence, a big part of the cargoes went in at the high rate. Some of the sugar is understood however to have been contracted for at a lower rate, but the majority received the higher quotation. Making allowance for deductions of freight and other details that cut down the price paid at San Francisco to several dollars under the price that would be paid in New York, about \$70 a ton is the figure that the sugar arriving yesterday netted. In round figures about \$717,640 is the total value of the sugar that the local people will receive.

The following are the vessels and the amounts of sugar they carried in bags, that reached San Francisco yesterday: Alameda, 11,307 bags; Nebraskan, 48,640 bags; Kailani, 38,670 bags; Falls of Clyde, 40,000 bags; W. H. Dimond, 10,310 bags; Robert R. Hind, approximately 15,000 bags. Approximately, the amount of tons arriving was 10,252, and at an average rate of \$70 a ton, the total is \$717,640.

## THE CHOICE OF DELEGATES

REPUBLICANS CONSIDERING THE SELECTION OF DELEGATES TO THEIR NATIONAL CONVENTION—SAM PARKER WILL PROBABLY GO AGAIN AND SENATOR CRABBE AND GEORGE CARTER MAY BE DELEGATES.

The selection of delegates to the next National Republican convention is being talked of a good deal among politicians, and the manner of appointment is a matter of some question. Hawaii may be entitled to six representatives this time. Senator Mark Hanna, chairman of the national committee, has been asked for instructions and an answer is expected from him very soon.

Last time Sam Parker and A. N. Keopikoi were the delegates and both attended the convention. It is said that Parker is very likely to go again, as he will undoubtedly be appointed unless he declines. Senator Crabbe will also probably be a delegate and Secretary George R. Carter may go. There is no rule against officials attending such a convention.

The position of delegate to the convention is one of honor only, for there is no pay and the Republican party of Hawaii will probably not even pay the expenses of those it sends. It is regarded as necessary to be fully represented, however, and leading men in the party will be picked out and asked to make the journey.

The appointment of delegates must be made, it is said, by the central committee, as the last territorial convention did not make them. The national convention will take place before Hawaii has another territorial convention.

PREPARING TO SHOOT. The Honolulu Gun Club committee on grounds held a meeting at the Hawaiian Hotel and decided upon a plot of land in Manoa valley for the grounds. The club has six acres there and will proceed at once to fit them up and prepare for a shoot. Traps and clay pigeons are already here and the near future will see the first trap shooting in Hawaii.

MORE MAIL DUE FRIDAY. There will be more mail reach here this week. It will come by the S. S. Siberia on Friday morning from San Francisco. There will be two days later mail.

MAIL TO THE COAST. The next mail to San Francisco will go by the S. S. Korea. She is expected the morning of August 17 from the Orient. She will probably sail the same day for San Francisco.
