Local Plans For The Coming Year

ADMIRAL TERRY IS PLANNING HOW TO ACCOMMODATE THE BATTLESHIPS AND CRUISERS OF THE SQUADRON THAT IS COMING HERE UNDER COMMAND OF ADMIRAL ROBLEY D. EVANS—THE HARBOR BIG ENOUGH.

No official advices had been received at the Naval Station this morning regarding the advent of the Asiatic and cruiser squadron from the Asiatic station. Admiral Terry has naturally been considering the best means of accommodating the visiting fleet during its stay in this port.

RUSSIA IS SILENT

JAPAN WAITS FOR A REPLY TO THE EFFORTS OF HER DIPLOMATS—FEAR OF A SUDDEN OUTBREAK IN THE ORIENT INJURING TRADE, BY FRIGHTENING SHIPPERS.

YOKOHAMA, Nov. 24.—No reply has been received yet to Japanese overtures to Russia for a diplomatic settlement of the differences of the two governments. Trade is suffering as a result of the fear of importers and exporters that war may break out at any time.

VIENNA, Nov. 24.—It is announced that if Turkey much longer delays her acceptance of the Austro-Russian demands for reforms in Macedonia, the two powers will proceed to put them in force and establish order. Austria and Russia are acting in perfect accord and preparing to use force if necessary.

LONDON, Nov. 24.—The report that the United States has purchased the London residence of the Duke of Richmond for an embassy is unconfirmed.

BOMBARDMENT CONTINUES.

SAN DOMINGO, Nov. 24.—The rebel attack on this city continues, and surrender has been again refused. Bombardment is being kept up.

MONEY PAID OVER.

The United States paid \$75,000 to F. M. Hatch as representative of the Honolulu Plantation Company this morning, and received, through United States Attorney J. J. Dunne, full title to the land needed for a Pearl harbor naval station and held by the plantation. It was the closing transaction in the numerous condemnation proceedings begun two years ago before Judge Estee.

Dunne handed the check to Hatch in open court, and the deed and other necessary documents were handed to him in exchange. The attorney for the United States presented a stipulation, by which both parties agreed to a judgment in favor of the United States, with payment of \$75,000. The suit is thus settled and the last of the Pearl harbor litigation is ended.

GEN. MACARTHUR HERE.

Major General A. MacArthur, U. S. A., commander of the Department of California, of which Hawaii is a part, arrived on the Korea this morning, on a tour of inspection, the first annual tour here of the kind. He is accompanied by Mrs. MacArthur and Captain Parker W. West, his aide. The general and party are at the Alexander Young Hotel and will stay until the middle of December, probably returning to San Francisco on the Siberia, December 27.

General MacArthur makes visits annually to the various points in his jurisdiction, which includes the States of California and Nevada and the Territory of Hawaii. This is the first time he has extended his travels here, but in future the local military will probably receive a visit yearly.

CANT OUST FIRST ACQUIRED JURISDICTION

JUDGE ROBINSON DECIDES THAT WHERE THE TERRITORIAL CIRCUIT COURT HAS ACQUIRED JURISDICTION OF THE PERSONS AND PROPERTY IN A RECEIVERSHIP IT CANNOT BE OUSTED BY BANKRUPTCY PROCEEDINGS IN THE FEDERAL COURT.

Judge Robinson this morning rendered a decision in the M. G. Silva divorce case, holding that the federal court cannot step in under bankruptcy proceedings and take away property which is involved in Territorial court litigation. Silva's attorney Thayer & Hemenway as attorneys for Hemenway trustee in bankruptcy, asked the court to set aside an order appointing a receiver and directing that all the property taken hold of by the receiver be turned over to the bankruptcy court, after bankruptcy proceedings had started.

"It will be observed that the order of this Court was given and made on the 6th day of February, A. D. 1903, and the petition for adjudication in bankruptcy was not filed in the United States District Court until the 20th day of February, A. D. 1903, and the order of adjudication was not made by that Court until the 17th day of March, A. D. 1903, some time after this Court had acquired jurisdiction of the parties and of the subject matter, and subsequent to the order of this court appointing a receiver and after the receiver so appointed had entered upon the discharge of his duties under said order.

QUESTION OF APPOINTMENTS

MUCH DISCUSSION OVER THE PROPOSED APPOINTMENT OF C. S. HOLLOWAY.

Governor Carter's appointments are still unmade. It is stated that considerable opposition to C. S. Holloway for Superintendent of Public Works has been shown and Carter has had conferences with numerous members of the Senate on the subject this morning. The governor is anxious to have general approval of his choices, even though the Senate is not in session, and he is freely consulting those senators who are here.

Governor Carter had conferences during the morning with senators Crabbe, McCandless and Aehl, and with Mark P. Robinson, A. L. C. Atkinson and C. S. Holloway. There was a long conference between the Governor, Holloway, Crabbe and Atkinson.

The fight against Holloway is said to be quite a strong one, but the support he is receiving, from influential political sources, is also very strong. Governor Carter is understood to favor his appointment, as well as the central committee.

If Holloway should not receive the appointment it is likely that the plan to put Pratt in the land office may be changed, and Pratt might become Superintendent of Public Works. It is believed, however, that Holloway's chances of being appointed are still very good.

As stated in The Star yesterday, there are no other changes in prospect than those in the public works and land department. The other heads of departments will be reappointed.

SMALL BOY RUN OVER.

Clifford Cole a child about 5 years old, was run over this afternoon by one of the heaviest of health carts. The wagon passed over the child's left leg. The accident occurred near the corner of King and Punchbowl streets. The child was removed to the Queen's Hospital. The injuries are not serious.

NEWSBOYS' THANKSGIVING PRIZES FOR ALERT YOUNGSTERS

ARRANGEMENTS MADE FOR THE ANNIVERSARY CELEBRATION INAUGURATED BY THE STAR.

All arrangements are made for the Star Newsboys' Thanksgiving dinner and outing. The boys were consulted as to their preferences in regard to a program for the day, a plan for a picnic trip into the country being suggested as an alternative to the program that has been in vogue for so many years past. But the boys decided they would rather have the dinner, the ride about town afterwards and the visit to the football game afterwards. So that will be the program this year.

The boys will meet at the Star office at noon Thanksgiving Day, and from there they will march in procession to the Love Bakery on Nuuanu street where a bountiful repast will be served. There will be roast turkey in abundance, with cranberry sauce, and all the garnishments that properly go with it. Then there will be candy and fruit and soda water, and other things. After dinner the boys will march back to the Star office where they will be provided with fish horns, and taking buses will drive about the town, and afterwards to the new baseball park to witness the football game. At the football game they will be the guests of the Football League. A number of merchants and business houses have asked to be allowed to contribute something for the pleasure and enjoyment of the boys, among them the Oahu Ice and Electric Company which contributes the necessary fee for the drinkables that the boys will consume.

Everything promises another day of sheer enjoyment for the boys.

A Million Paid Over

BONDS DELIVERED TO FISK & ROBINSON IN NEW YORK THIS MORNING AND ONE MILLION AND SEVEN THOUSAND DOLLARS PAID TO THE ORDER OF THE TERRITORY.

Here is what happened to the Hawaiian bonds this morning in New York, as shown by a cable received by Treasurer Kepoikal from the U. S. Mortgage and Trust Company: "Delivered to and paid for by Fisk & Robinson, \$1,007,283.53. Where shall we deposit proceeds? Send written order. "In consideration of our assistance in sale can you deposit with the United States Mortgage & Trust Company until funds are required for improvements? Interest will be allowed at 3 per cent. "The new proposition is a highly favorable one for the Territory, but Kepoikal had serious doubts of the legality of the action asked. The Territory has to pay 4 1/2 per cent interest on the million dollars, and it would cut the interest down to 1 1/2 per cent to leave the money with the Trust Company and receive three per cent. Otherwise a large sum on which the Territory is paying interest must remain idle, as it is impossible to spend all at once. "The extra \$7,000 is for accrued interest, and is in accordance with the form of bid drawn up by Carter and the U. S. Mortgage & Trust Company. The cable to Kepoikal means that the million dollars is at the disposal of the Territory. "A meeting of Governor Carter, Treasurer Kepoikal and local bankers will be had to discuss the new proposition made by the trust company. Kepoikal this morning expressed the opinion that under the audit act he could not turn the money over to the trust company, though it would be a proposition of much benefit to the Territory. One way out of it may be to allow the company to delay turning it over and pay interest up to the time of its being given to the Territory for use.

A GOOD SMALL INVESTMENT.

A person of small means cannot make a better investment than to take out a fire insurance policy on his house and furniture. It seems like an expense as long as there is no fire, but when the flames lick up one's belongings without giving him a chance to save anything, then the insurance company proves his best friend. It is a very simple matter to get an insurance policy when you deal with the Henry Waterhouse Trust Co.

THE OLD RELIABLE ROYAL BAKING POWDER Absolutely Pure THERE IS NO SUBSTITUTE. The Star's new plan has taken hold. It has caught on. Applications for the subscription engaged in the advertisement which began coming in from school boys and school girls yesterday afternoon within two hours after the first announcement of the plan was made. This morning there have been a great many applications and splendid interest is manifested in the matter. It is evident already that the boys and girls of Honolulu are alive to fair and liberal offers for legitimate effort. Every boy and girl, or parent or friend, for that matter, who comes to the Star office for information in the matter will have the whole matter carefully explained, so that they will know just what they must do to have a chance in the contest for the prizes that aggregate \$100 in gold coin. However the whole matter is very clearly explained in the advertisement which appears on the fifth page of this issue. The whole thing in a nutshell is that the Star wants the school boys and school girls of the islands to secure new subscriptions to the Star, and in payment for their effort the Star will allow them half the subscription price paid. Besides this it offers four prizes aggregating \$100 in gold to the four who secure the largest number of new subscribers. The Star provides subscription blanks for all, and these can be secured at the Star office. The plan will do just what it professes it will do. It will provide Christmas money for alert youngsters.
